HASTE TO HELP THE SETTLERS.

Government Surveyor Urged to Give Reservation Plats Peference. CHAMBERLAIN, S. D., Dec. 29 .- (Special.)-Parties acting in behalf of the esttiers on that portion of the ceded Sioux lands lying within Gregory county, on the northern Nebraska line, are making an earnest effort to have the plats of the land filed in the United States land office in this city at the earliest possible mement, so the settlers can make entry of their homesterids without further delay. The settlers, or squatters have been on the land nearly six years, but the fact that the land was not curveyed until quite recently prevented them making entry. The work of surveying the land was completed only a few moathe ago, and if the plats were completed in their regular order in the office of the United States surveyor general at Huron it would be nearly a year before the necessary red tape could be gone through with and the settlers make their fillings. However, efforts are being made to have the work made special, and the commissioner of the general ind office will undoubtedly so instruct the surveyor general at an early the United States land office in this city at instruct the surveyor general at an early day. "Good Spirits."

The words have different meanings to a spiritualist, a Kentuckian, and an average man. For the average man good spirits depend on good digestion. How to insure good digestion? A Ripans Tabule after each meal, that's all.

Water

-nothing but water. That's all you need with Pearline. Don't use any soap with it. If what we claim is true, that Pearline is better than soap, the soap doesn't have a chance to do any work. It's only in the way. Besides, some soaps might cause trouble-and you'd lay it to Pearline. You'll never get Pearline's very best work till you use it just as directed on the package. Then you'll have the easiest, quickest, most

economical way of washing and cleaning. Millions How Pearline
