HILL CASE BEING ARGUED

Trial.

ONE REASON WHY IT SHOULD DO SO

Bondsmen at Least Responsible for Part "of" the Funds Lost in the Brink.

LINCOLN, Jan. 8 .- (Special.) - The supreme court today listened to argument on the motion of the state for a new trial of the case of the state against ex-Treasurer Hill. Chief Justice Nerval, Justices Post and Ragan were on the bench. Attorney General Churchill, Judge Wakeley and Hon. G.
M. Lambertson appeared in support of the motion, and the attorneys for Captain Hill and the various benderates that the state convention of the latterneys for Captain Hill and the various benderates that the state convention of the latterneys for Captain Hill and the various benderates that the state convention of the latterneys for Captain Hill and the various benderates that the state convention of the latterneys for the l and the various bondomen interested were be General Cowin and Mesers. Pritchett, Rina-her Ames and Dewesse. The argument in The ex-captain of company A, the State ker, Ames and Dawesse. The argument in support of a new trial was on line that the bondsmen were liable for at least \$177,000, and that the jury should have been in-structed to return a verdict for the state for that amount.

The argument was continued until after 6 Lincoln on the motion, and may announce it at the end of this week.

Judge Post will preside as chief justice tomorrow. A large number of decisions are expected to be handed down.

ALONZO MOORE CAPTURED. Alonzo Moore, who left Plattsmouth last night in company with the 15-year-old daughter of Postmaster Patter, is now under arrest in Fremont county, Iowa. Today a requisition was issued for his return by Governor Holcomb and placed in the hands of Sheriff J. C. Eikenbary of Plattemouth, who has gone after the prisoner. Morre was arrested in August last on the charge of assault on the young girl with whom he

Land Commissioner Russell has lately received a great many remittances for leaves due on public lands far below the minimum emount which he feels disposed to accept for such rents. In good times it is usual for renters to pay the full amount, some \$6 for each forty acres, but he has taken as low as 15 cents per forty. Of late quite a number of renters have sent in amounts based on a payment as low as 3 and 4 cents per forty. The commissioner believes the time has come to draw the line, and has returned these low rentals with the statement that it will not do. Many of the pitty payments are being made by speculators, which makes the attempt to suchre the state much more reprehensible. The low payment of 15 cents has been accepted on the supposition? that the parties were actual settlers and in no condition at present to make larger payments.

Gage County Official Who Was Not Caught by an Investigation. BEATRICE, Jan. 8 .- (Special.)-A. Towlie, the accountant employed to make an examination of the records of the various county officers, made a report to the board of supervisors this morning, covering the last term of E. O. Kretsinger as county judge, during the years 1884 and 1885. The charge had been made that Judge Kretsinger kept no fee book during such term, but the accountant reports that while no fee book can be found for the year 1884, the certificate of his successor is on file, showing that such book was kept and that the fees of the office did not equal the amount allowed by statute as salary of county judge, there-fore there was evidently nothing due the county from that official.

SUPREME COURT SETTLES IT

Will Take Charge of the Northern Pacific Receivership Itself.

CAUSED A FLURRY IN RAILROAD CIRCLES

Action is Unprecedented in the Annats of Rathroad Receiverships-Effectually Settles the Question of Jurisdiction.

MILWAUKEE, Jan. 8 .- The end of the Northern Pacific squabble is fast approachmatter of the past. It is asserted on authority that cannot be doubted or disputed. and on which the utmost confidence can be out in the morning, and about that time a placed, that an agreement of settlement put an end to the party squabbles and jealousies which thus far have been one of the characteristics of the receivership, and which primarily gave rise to the almost unheard of complications now considered settled.

The road will continue in the receivership The question of jurisdiction is settled so far as the Northern Pacific is concerned, and the pension office, has been here for several as the Northern Pacific is concerned, and the days looking up evidence, and this makes dignities of all of the courts will be fully cannot be karned at present, but that it is extraordinary is certain, presenting precedents entirely new and quite outside the usual practice in receiverships, for one of the "minor" details is exid to be the placing of the receivership in charge of the United States supreme court, under the control and direction of the five justices who preside over the jurisdictions through which the line extends. These justices are: Chief Justice Melville W. Fuller; Justice John M. Harlan, Seventh district; Justice David J. Brewer, Eighth district; Justice Stephen J. Felld, Ninth district; Rufus W. Peckham, Sec

istrict.

The agreement was reached some time ago district. and the details perfected at a meeting in New York City last week. All of the parties in interest are fully acquainted with the details, but prefer to say nothing about it until the matter comes out through the court.

There have been numerous rumors of late from points all along the line as to the court's taking action to put an end to the diversified receivership, but it will now be seen that they were given out without authority, and are without foundation. Of course the agree-ment would be incomplete if it did not do away with the present quadruple receivership, and so the supposition is plausible that there will be but a single receivership for the entire line. This will call for the resignation of the present receivers all along the line. It is said that the new receivers have been se-lected, or rather the parties the factions would like to have appointed have been nominated. When the supreme court takes action, or whatever court the parties have chosen in which to present the matter, the full details of the agreement, that is so far as it is necessary to present to the court, may be learned. Until that time both parties will

my nothing.
The fact that the United States supreme court is to take the matter in charge, although the parties in interest are wont to look upon it as one of the "minor" details, will be a huge surprise to attorneys, as being whilly outside of the regular practice of the court, and unprecedented in the history of receiverships. It is probable, however, that the supreme court will not undertake active jurisdiction, but that it will delegate that duty to one or the other courts along

the line.

The publication of the terms of the agree ment will be awaited with the utmost in-terest, as it is stated that it is sufficient to make everything emooth sailing for the receivership in the future; something that the receivers, and the officers and directors of the company before them, have not enjoyed for years. The agreement is to be given to the public with considerable detail, as it is stated there is nothing in it to make

secrecy necessary.

The necessity of some extraordinary action being taken in the case was emphasized by the attorney general in his report recently ions sought the removal of Judge Jenkins receivers, they did not wish nor contemplate a divided receivership, but were forced to accept one by the attitude of the courts. The trouble has not been as to the personnel of the receivers, but rather as to the question of jurisdiction and the refusal of the courts to co-operate. The question of jurisdiction was the question in the main to be settled, as its settlement would again reunite the receivership. The trouble grew out of the refusal of Judge Hanford to recognize the long standing rule of comity which prevailed up to within the past

four months. STATE NOT WILLING TO GIVE UP

Another Attempt to Get In Congress sional Committee Testimony, SAN FRANCISCO, Jan. 8 .- In the suit of he Southern Pacific company to restrain the State Board of Railroad Commissioners from cutting the present freight rates of the corporation in the United States circuit court today counsel for the defendants asked permission to submit arguments and authoritles in support of the affidavits to the admission of which the railroad objected yesterday. Defense desired to substantiate tatements of affidavits based upon evidence aken by the congressional commission by submitting proofs of their correctness. To this end T. I. Bergen, attorney for the Southern Pacific during the sessions of the congressional committee. Third Vice Presi-dent Stubbs and F. S. Douty, an employe, were placed on the stand. Each witness stated that various directors and officers of the Pacific roads had testified before the committee at to the cost of construction and maintenance of the roads. The proposed evidence having been thus identified, it was agreed that the evidence taken by the congressional committee should be the purpose of allowing the court to under-stand its character before the question of its admissibility should be determined.

Receivers Are Still in Charge. NEW YORK, Jan. 8.—Aldace F. Walker, chairman of the executive committee of the Atchison, speaking of the proposed reorganization of the St. Louis & San Francisco railway, says: "No change has occurred in the situation as affecting the St. Louis & San Francisco railroad. The receivers are San Francisco railroad. The receivers are still in possession and overything remains statu quo. It is expected that a decree foreclosure of the consolidated mortgage will be entered in a few days and that some provisions for the future management of the property will be made before the sale, which will not take place for three or four months. Nothing has yet been done and nothing more can be said.
