Uncertainty Regarding Armour's Position Continues a Disturbing Factor.

WHEAT AVERAGED WEAKER THROUGHOUT

Cables Came Lower and a Poor Demand Was Reported Abroad with the Northwestern Receipts Small.

CHICAGO, Jan. 28 .- Traders are still apprehensive of Armour, and the uncertainty regarding his position caused an unsettled and weaker feeling. Wheat finally closed %c lower. All the other markets followed the downward trend of wheat. Corn and oats closed We lower each, and pork, lard and ethe all showed material declines.

Wheat averaged weaker, and the trade was slack; few of the big operators were doing much, and what they did was on both sides of the market. The general feeling of uncertainty caused many to leave feeling of uncertainty caused many to leave the market entirely alone. It was to all intents and purposes a waiting market. Old operators were inclined to look for a good break to follow the late advance, while many seemed to feel that the conditions warranted a continued upturn. But with all the inaction the market kept nervous and sensitive, and the trend was closely watched and quick turns were made. The cables came lower, the result probably of the break here yesterday and a poor demand was reported abroad, with the morth-western receipts fair. But the world's shipments last week proved smaller than expected, having been only 5,460,860 bu., of which America furnished all but 1,500,000 bu.; the total being 1,800,000 bu. less than the estimated weekly requirements. But even this failed to exert much influence, and trade dragged, while the feeling ruled heavy. May opened unchanged at 44%c, sold early up to from 64%c to 64%c, split and fell to 63%c, then up to 64%c, and at noon was 64c. The market turned very weak during the last hour, mainly on Bradstreet's report, which gave the world's decrease last week at only 32,000 bu., where 1,250,000 bu. decrease had been expected. May sold off to 63%c, and closed at that figure.

Corn opened firm, in sympathy with the starting strength of wheat, and weakened later, when the latter turned weak. The opening price for May was unchanged at 30%c. Not much was only moderate. The opening price for May was unchanged at 30%c. Not much was disposed of at that, which proved to be the highest price for the day. Pluctuations were very slight all day. May finally closing at from 2%c to 29%c.

Outs slow and inclined to weakness with wheat, but there was only a slight dethe market entirely alone. It was to all

Oats slow and inclined to weakness with Oats slow and inclined to weakness with wheat, but there was only a slight decline. May opened \(\) higher at 21\(\) decline. May opened \(\) higher at 21\(\) decline. Provisions acted in a very contrary and mysterious manner. Armour \(\) Co, were \(\) which the principal source of the apparent weakners. May pork started 7\(\) Lower at \$10.85, declined to \$10.65; a recovery to \$10.82\(\) was followed by a fresh decline to \$10.67\(\), and it wound up at \$10.70, against \$10.92\(\) on the day before. Lard and ribs closed for and 7\(\) corrected cosing prices.

Estimates for Wednesday: Wheat, 50 cars; corn, 250 cars; oats, 160 cars; hogs, 25.000 head.

AMUSEMENTS.

The sort of reception which May Irwin will receive when she opens the coming four nights' engagement at the Creighton with the usual matinee Sunday, February 2, is a foregone conclusion, for the advance sale of seats has been something remarkable. Miss Irwin, it need sourcely be said, has long been immensely popular with play-goers, and in her special field of work is one of the brightest, most entertaining and most skillful comediennes on the stage. Her work, whether it be comedy, song or Her work, whether it be comedy, song or dance, is invariably invested with her own personality, which is magnetic, droll and humorous in the extreme. In her first star-ring tour she has met with triumph everywhere. Among her records for the sec-son are seventy-live consecutive performances at the Bijou theater, New York, as well as other prolonged engagements in several of the larger eastern cities, and a brilliant tour of California, from which she is re

Hopking' Trans-Oceanic company closes its engagement at the Creighton with two performances today, matines and evening.

Miss Ada Van Etta, the Gloriana of Charles L. Young's company, which will present that clever farce at Boyd's three nights, commencing Thursday, January 39, is a Buffalo girl who has, before and since her debut on the stage, been a society favorite in that city. She has appeared in comedy roles with Rhea and other well known stars, and has also played leading known stars, and has also played leading emotional roles in such plays as "La Belie Russe." Last season Miss Van Etta played the title role in "Gloriana" through the and is now on her first western tour. Miss Van Etta is said to be as much at home in comedy roles as in emotional parts, and as she is a handsome woman and dresses the part elegantly, an artistic portrayal of

On Monday, Tuesday and Wednesday next Henry E. Dixey will appear at Boyd's theater in the comedy, "The Lottery of Love." The company that has been engaged to support Mr. Dixey is a very competent one, the mem-bers having been selected with particular attention to their special fitness for the parts which they assume. This will be Mr. Dixey's first appearance in Omaha in six years.

On the two last nights of next week James O'Neill will appear at the Boyd in the thril-ling remantic drama, "Monte Criste."

Mob Makes Swift and Sure Work of a Negro Murderer.

TOOK HIM FROM A PASSING TRAIN

inprovoked Killing of a Railroad Passenger by a Colored Man Speed-Hy Avenged by a Band of Determined Citizens.

BLUEFIELD, W. Va., Jan. 28.-Alex Jones, a negro desperado, boarded a passenger train at Keystone last night. He was under the influence of whisky and very quarrelsome. Conductor McCullough came through the cars and after demanding fare from Jones, advised him to be quiet. The negro became much incensed, and when an through the train, which was crowded with passengers. He emptied both revolvers and attempted to reload, but was overpowered covered that W. H. Strother, postmaster at Elkhorn, was shot through the abdomen. The wound resulted in almost instant death. Conductor McCullough was shot in the side, but not seriously injured, and Peter Rice, colored, was shot through the right breast, and probably fatally injured.

Jones was incorrected in the Elkhorn jail

to await the arrival of a train by which to convey him to Huntington for safekeeping. The train arrived at 2 a. m. and the officers and the prisoner boarded it without molestation. Meanwhile a mob had been organized at Welch, fifteen miles west of Keystone, and had marched to Hemphill, a small station one mile west of Welch. The train was flagged and the mob, numbering 100 men, boarded it and at the point of Winchesters forced the officers to release the prisoner. They dragged Jones a short distance to a tree, where he was swung to a limb and his body riddled with bullets, the following note being attached: "This deed was done for the purpose of example and warning to negroes, so beware." Some of the most prominent and influential

citizens of this section composed the mob. Jones, it is alleged, had killed three men prior to his last offense. Excitement is at a high pitch. An effort was made by Jones' friends to rescue him from the mob, but proved futile. W. H. Strother was one of the best known

men in this section and had numerous friends. He had just succeeded Paul Fletcher, who was killed a short time ago, as postmaster at Elkhorn. FORGERIES ON A LARGE SCALE.

hinese Engravers Prove Experts in the Criminal Line.

TACOMA, Jan. 28.-Latest advices from China tell of the uttering by Chinese forgers, of the island of Java, of \$3,000,000 of Java bank notes. In order to get notes accepted, forged notary acceptances were placed on them. Already £600,000 of forged and discounted notes have been discovered and many prominent Chinese merchants have been placed under arrest, including Captain China, one of the wealthiest Chinamen in Java. It is believed by the police that the for-

geries were completed in Singapore. Kwee Che Soo, a native of China, now a resident of Sourabaya, and a band of native etchers ave been arrested. Soo has confessed to having committed the forgeries, and impli-cates many others, all of whom insist they re innocent.

The forgeries were discovered through a lawyer named Gericke, who is highly praised by the bankers and populace. One house, that of Tan Kim Tjlang, discounted £300,000 of forged notes. Nash & Co. discounted £35,000 of forged notes. Other houses that discounted largely are practically bankrupt. MURDERED FOR HIS INSURANCE.

Sensational Developments in a Kansas Criminal Trial.

WICHITA, Kan., Jan. 28.-In the trial of F. M. Williamson, charged with murdering Henry H. Leonard to secure the latter's life insurance, Michael Jordan, an old soldier, took the stand and created a sensation. He swore that Williamson approached him last October, a month before the crime was committed, and suggested that he knew was committed, and suggested that he knew where \$500 could easily be made. Williamson told him that he knew of a woman who held a \$5,000 insurance policy on the life of Leonard and that she would give \$500 of the insurance to the man that would kill him. Williamson then told Jordan all the details of the murderous scheme, and Jordan repeated them in court. The theory of the state has always been that Williamson consented to a divorce from his wife that she might marry Leonard and under greement that they would afterwards kill Leonard to get the insurance on his life.
