# RECEIVERS FILE AN ANSWER

Deny that the New Tariff Discriminates Against Lincoln Merchants.

Union Pacific Makes Its Showing Before the State Board of Transportation Tine of the

Defense.

Yesterday morning at Lincoln the receivers of the Union Pacific Rallway company filed an answer before the State Board of Transportation to the charges brought against the company by the Commercial club of Lincoln. pany by the Commercial club of Lincoln. IN THE INTEREST OF FAIRNESS. The defendants admit that the city of Lincoln is the seat of certain jobbing and manufacturing interests and that its mer-chante, traders and manufacturers are engaged in the receiving, selling, manufactur-ing and distributing of goods from said city to many other cities and towns in the state of Nebraska and elsewhere, but are unable to admit or deny the relative amount of ousiness done by the inhabitants of the city of Lincoln, except to state/that relatively the said business interests of Lincoln have favored the respondents with but a ver-small portion of the business of the city-

either that portion of the transportation of goods going into the city of Linco n or that distributed therefrom.

Defendant says that it is true that on or about April 20, 1896, they filed with the State Board of Transportation a certain disstate Board of Fransportation a certain dis-tributing tariff and that the proposed new tariff was printed, published and offered for the purpose of equalizing and adjusting the rates of charges to be made upon the lines PLACED ON THE SAME BASIS AS OMAHA of the Union Pacific Railway company upon a fair, just and equitable basis, so that no unjust or unlawful discrimination might be made as between persons or localities in this state, and so that their rates of charges for the transportation of goods should be adjusted as nearly as practicable upon a relatively just and equal basis without discrimi-nation in favor of persons, localities or places in this state.

Defendants admit that the proposed tariff fixes the same rate for the transportation of merchandise from Lincoln to all points on the line of the Union Pacific railway in this state west of Valley on an equal basis with the rates charged for the transportation of merchandise from Omaha to the same points; tion with Lincoln. NOT UNJUST TO LINCOLN.

Defendants further answering, allege that cific railway in competition with business interests of the city of Lincoln. That to all points on the line of the Union Pacific railway the transportation of goods from Omaha to such points is by a direct carriage from Public Works occupied the other chair. It The defendants deny that the Union Pacific Railway company is a corporation of this state, but allege that it is a corporation of the Union Pacific Railway companies, all business from Lincoln destined to points understand that you are fighting me in your United States. The defendants say that the union Pacific railway ward." Munro repulsed that he did not know understand that you are fighting me in your understand that you are fighting me in your understand that you are fighting broatch specifically, but Union Pacific does not extend to any point nearer than fifty-seven miles of Lincoln, nor into the county of Lancaster at all. They maintain that at Valley station, on the main line of the Union Pacific, it forms a junction the city of Omaha, and there transferred to be mayor for a year and a half yet, and with the line of railway of the Omaha & Republican Valley company, and that at said Valley station the Union Pacific receives from and delivers to said Omaha & Republican to the Cars of the Union Pacific railway, so that the service rendered to the merchants of the service rendered to the merchants of Lincoln in transporting any merchandise from Lincoln to points west of Valley on the line of the Union Pacific railway requires in ite performance a haul of twenty-two miles greater in distance and a transfer at the station of Valley, in addition to the service rendered by the Union Pacific railway on goods hauled from Omaha to the same points west of Valley.

JUSTICE TO ALL PATRONS. Defendants deny that the proposed or any other rate now, or at any time charged, or required by them, has been unreasonable, unjust or extertionate, or in excess of a fair required by them, has been unreasonable, unjust or extortionate, or in excess of a fair and just rate for the carriage of goods. They deny that the proposed tariff gives any undue or unreasonable preference or advantage to the cities of Fremont, Omaha or South Omaha in Nebraska, or Council Bluis in Iowa, or that it subjects the city of Lincoln or its shippers and residents to any undue and unreasonable disadvantage, or that it would be appreciated if he would take off his coat and get out and hustle for Broatch, but the cierk did hustle for Broatch, but the cierk did hustle for Broatch, but the cierk did he was not a politician.

City Attorney Connell has been doing sat d. They have, of course, a right to vote some missionary work among the city hall at the primaries the same as other citizens. But what right have they to waste the time we pay for in ransacking the town and bully-ragging people to boost Broatch into the governor's chair? Are the city offices created as the personal perquisites of the mayor? Are they not rather public officers, owing service solely to the public, and example of the duties pertaining to their places? it works any unjust, undue or unlawful d'a-crimination, prejudice or harm to the said They allege that in the application of said distributing tariff to the business to be done in the state of Nebraska the said tariff is based upon the principle of equal and exact justice to all of the patrons of the said line of railroad so operated by

The employment racket is being worked discrimination in favor of the city of Lincoln and its business interests as against the city of Omaha and its business interests, and have demanded that they shall cease the continuance of any practice resulting in discrimination against them and in favor

FOLLOWED AN OLD CUSTOM Further answering, the defendants cay that no agreement has been made between them and the receivers of the Omaha & Repubican Valley Railway company for the interchange of freight or passenger traffic at Valey station, and that so far they have merely continued to follow the custom they found to be existing when the properties of the said Union Pacific Railway company came into their hands as receivers; that after operating said Union Pacific railway for some time complaints were made to defendants as re-ceivers of the Union Pacific Railway company by the Commercial club of the city of maha, and sundry and divers merchants and shippers engaged in business in Omaha; allegng and charging against these defendant unjust discrimination in rates on traffic destined to the westward in favor of like traffic originating at Lincoln, received by the defendants for transportation over their lines to the westward at Valley, Omaha being twenty-two miles nearer to Valley than Linoln, said discrimination consisting in charging to the shippers, merchants and jebbers of Omaha a greater amount in the aggregate for the shorter haul than is charged to the

ousiness men of Lincoln upon like merchanlise for the longer haul. Defendants allege that they are informed that the merchants and shippers of Omaha, acting through the Board of Trade, have filed an intervening petition, alleging unjust discrimination in favor of Lincoln by reason of the maintenance of the tariff from Lincoln to the westward, which was in effect when the receivers came into possession of the properties of the Union Pacific Railway company. The defendants pray that the answer may be taken as a full and complete answer to such parts of the intervening petition as the same may be applicable, and defendants submit that no order may be lawfully entered by the board which can in any manner bind or obligate them as receivers of the Union Pacific Railway company to establish or maintain a tariff of rates discriminating n favor of Lincoln as against Omaha and ther towns in Nebraska or to receive any oum less than their established local tariff rates upon shipments received at Valley station for transportation thence over the lines of the Union Pacific Railway company in Nebraska operated by the defendants as receivers thereof.

Dr. Hartzman, who has made many tests of the new dyspepsia cure, is very enthusi-astic in his praise of this excellent prepara-tion. It is not a secret patent medicine, but is composed of pure pepsin, bismuth, fruit salts and vegetable essences, made into pleasant tasting tablets or lozenges and sold by druggists at 50 cents per package, under the name of Stuart's Dyspepsia Tablets. Dr. Hartzman states that Stuart's Dys-pepsia Tablets cure dyspepsia and weak am on the bowels like catharties, but act entirely on the food, digesting it thoroughly and quickly, giving the stomac ha chance to rest and recover its natural strength, which it invariably will do after a course of Start's Dyspepsia Tablets. # BROATCH IS MUCH WORRIED

Chairman Munro Calls One of the Mayor's Bluffs-Efforts to Coerce City Employes Prove a Failure.

The primaries to elect delegates to the county convention will be held Thursday, and in the meantime the various political interests at stake combine to make a very inter esting local fight. There is a sufficient division of sentiment to create a lively controversy in every ward in the city, the main isoue being whether the Douglas county delegation to the state convention shall be turned over to Broatch or whether he will be turned down in order that other candidates may have a chance.

Just now the Broatch forces are somewhat disconcerted over the opposition that is piling up from all quarters. Broatch seems to have cultivated the idea that all persons who were connected with the city governthe proposed tariff is in their judgment not ment must get into line in his interest, and inequitable or unjust to Lincoln, in that it their refusal to listen to his representations ment must get into line in his interest, and the Omaha & Republican Valley road operates gives to the merchants located there an from Valley to Lincoln. Save for this tech-equal charge for the transportation of goods stance of this occurred at the special counfrom that city with that imposed upon the merchants and citizens of Omaha seeking to do business over the lines of the Union Pa- joyed by those who were near enough to

Andy Wiggins and Morris Morrison are said to have undertaken the contract to get the street gang into line for Broatch. They equalizes the rates charged for the trans-portation of goods upon a fair, just and equitable basis, and results in doing away of conversation as "fix this gang" and "get with a discrimination charged against them them in line" floated over the screen. It seems that the one con dition of his employment was that he was to deliver the First ward to Broatch. Now he discovers that this is no easy task and he is correspond ngly cast down. The same thing is true of nearly all the other Broatch delegations. In the Sixth ward he is said to have three men on his ticket known to be against him. The same is true in the Fifth. In South Omaha Broatch is

This is in return for Hope cemetery and both graves were robbed Irey's assistance on former occasions, and it is also intimated that Sutton has an ambition to be state senator if the cards fall right. These two interests were combined and a delegation was named at a meeting be'd last Saturday night. Sutton named eight Irey men and Glasgow found six Broatch men. This is opposed by a strong delegation which represents some of the best elements of the party in South Omaha and which is for MacColl for governor. The fight
