WARD HEELERS WAGE WAR Prof. Sawyer Incura Their Emnity to Some

Extent. THAT ELEMENT DEMANDING HS HEAD

No Substantial Citizens, However, Be-Heved to Be Bothering Them-

selves to Accomplish that Purpose at Present.

The election of a superintendent of the city schools will come before the Board of Education at an early meeting, and there is a pretty mess of trouble brewing. The ward heelers of the city are demanding the removal of Prof. H. W. Sawyer and some members of the Board of Education seen disposed to interpret the voice of the heeler as the voice of the people, and there's where

the trouble will come in. The situation has some peculiar features, features that would be amusing if it were not for the fact that the interests of the

city schools are so closely affected by the deals that have been hatched up by some

of the aspiring politicians. The situation is just this: Prof. Sawyer was elected superintendent of the schools six years ago. He came on the heels of a nasty school beard fight. The schools were in a seriously demoralized condition. There was no harmony between the superintendent and teachers and the Board of Education. The fight had been bitter, and there was enough bad blood in sight to create a half dozen Cuban revolutions. Prof. Sawyer accepted the position with a full knowledge of the situation

Today the superintendent and the teachers are in perfect accord. The schools are in better condition than they have ever been before, and all parties interested admit this is the fact and beast of it. No member of the Board of Education has questioned Prof. Sawyer's ability as an instructor, his high rank as an educator, or his methods of conducting the schools. The men who are opposing his re-election candidly admit that they have no fault to find with him, and when pressed for a reason for the desired change state that it is a question of ward politics.

Prof. Sawyer is a democrat. That may be news to many of his friends. No one has ever accused him of taking any part, however small, in petty politics or of using political methods in his educational work, but "the boys" have declared that "we must have one of our kind" and that seems to be the only excuse for the opposition to his re-election. And here's another peculiar feature of the

opposition. Usually: when a political move-ment is inaugurated the leaders of the party interested are in sound way connected with different in ince E. L. the movement. " It is different this case. For instance E.

this case. For t instance E. L. Shugart, Chandellor Rors, Spencer Smith, A. T. Flickinger, H. J. Chambers, A. S. Hazelton, Maybr Carson, Colonel Baker, Judge Smithtand men of that charac-ter and standing are frecognized as repub-lican leaders in the city, and yet not one of them is in favor of a change at this time. On the contrary, they are all outspoken in Superintendent Sawyer's behalf, and have no heating in the city as the stange at this time would be dangerous, and not for the best interests of the schools. Some of these gentlemen have become interested, and gentlemen will probably prepage a remonstrance against any change being made by the Board of Edu-cation at this time.

FUNERAL OF FRED SELLERS

Cherokee Citizens Interested in the Nebraska Murder Case. CHEROKEE, Ia., June 6.-(Special.)-The

remains of Fred Sellers, the man who was shot at Oakland, Neb., Tuesday, were brought here last night by Mrs. Sellers. The funeral was held today at the Baptist church. The building was filled to its utmost capacity. The scene at the close of the services was pathetic in the extreme.

A great many citizens here are of the opinion that one of the boys did the killing, while others maintain that the girl fired the fatal shot. The statement that Sellers en-ticed the girl to Oakland is given no credence by his friends. They say that he has been trying to get rid of her for some time. It is claimed that the girl has been given money on several occasions upon promise that she would leave the country. She always went, but returned as soon as her money run out and demanded more; that as long as financial aid was forthcoming every thing ran along smoothly.

On one occasion a woman was scon walking on the railroad track at a late hour near Cherokee. The night was dark and the woman was thought to be crazy. The officers followed her with a locomotive and as they approached her she opened fire on her pursuers with a revolver. The strange woman was recognized as Olive Hiscox and the pursuit was abandoned. That night she walked to Sellers' farm and quartered in the barn. She was discovered the next day by some of the boys, who entered the barn only to retreat at the muzle of the revolver that checked the 'ocomotive. She was given money on this occasion and left, returning in a few months. The Hiscox boys have for some time borne an unsavory reputation, having frequently been searched for stolen property, at one time being arrested for hog noon. Many think that Sellers was killed out

of revenge by one of the young men. Parties left for Tekamah this evening who say they will push the case to the bitter end. The best of legal skill will be secured.

ERNST MAKES A GOOD SHOWING

Brooklyn Lightweight Shows Young Griffo a Merry Time. BROOKLYN, June 6.—Young Griffo of Aus-

tralia and Billy Ernst, the Brooklyn lightweight boxer, met tonight at the Unique theater, Williamsburg, in a twelve-round bout at catch weights. Several of the bouts were uneventful. During the second round Ernst landed a heavy left swing on Griffo's face while the latter was trying to break away. There were some exchanges in the third.

There were some exchanges in the third, with Griffo having the better of them. Billy got in a blow on the head when Griffo was on the ropes in his own corner in the fifth. Ernst had decidedly the better of the ninth round, as he uppercut Griffo twice on the face while he was ducking, and he also ripped in a few right hand body blows, which winded the Australian. In the eleventh Ernst jabbed his left in Griffo's face when the latter was dodging a right lead and made a creditable showing. Griffo landed three times in succession on the face with his left and In succession on the face with his left and Ernst played for the body in the twelfth. Griffo was by far the cleverest, but the ref-eree declared the bout a draw, as it was agreed that if both men were on their fect at the end of the fight a draw was to be the result. be the result.
