man Single-Handed and is Killed. NEVADA CITY, Cal., July 27.—The dead body of Sheriff David Douglass and the corpse of an unknown highwayman were today found lying a few feet apart in a wood two miles from town. There were five empty chambers in the pistol of the sheriff, who had been shot through the beart, in the right eye and hand. The bullets of the sheriff had gone through the robber's heart, abdomen and hip. The un-known man had a rifle, but it had not apparently been used. It is supposed Doug-lass was shot by an unseen and unknown confederate of the highwayman. A number of bold highway robberies recently reported in this neighborhood have all seemed to be the work of one man, who stopped coaches and private conveyances on the roads near Nevada City. The sheriff and his deputies had been untiring in their efforts to capture the highwayman. Finally Sheriff Douglass, believing that a large squad of deputies served to put the highway man on his guard, determined to at-tempt the chase single-handed. He started out yesterday, accompanied by his dog. The dog returned at midnight and at daybreak searching parties traced the sheriff to the spot where officer and prisoner lay dead side by side.
