Some of the men broke out and ran to the quarters. The men worked with a will and soon righted the tent, which is 20x50 in size.

We, therefore, on behalf of your many

friends and associates, hereby tender you a testimonial concert to take place at such time and place as may be most convenient for you. The following artists have volunteered their services for the occasion: Miss Myrtle Cook, Mr. W. T. Taylor, Mr. Franz Adelmann, Mr. Frank Lea Short and others. Very truly,

COMMITTEES MAKE POOR PROGRESS.
Not Much Accomplished During the Day at Noon.
A conference of the selecting committees of the Transmississippi Exposition association was held at the Commercial club rooms last night. A large number of the committees failed to report the subscriptions obtained by them during the week and the reports of those committees who made returns were regarded as rather discouraging by those who attended the meeting. The charge had only started to work about the middle of the week, but had the work well in hand and would make a good showing within a short time. He is a mass meeting of members of labor unions would be held in Labor temple next Saturday evening, and requested that a member of the board of directors attend the meeting for the purpose of giving information regarding the exposition and stock. He was informed that one or more of the directors would attend the meeting and give all desired information.
AMUSEMENTS.
The Creighton will open for two weeks at a matinee today, with the Woodward Theater company of eighteen people, who will give a change of play at every performance and at the same very cheap prices which prevailed during their two weeks' engagement at the Boyd last season. It is said that the company has been improved in many ways, and will give a strong line of plays, of which the most notable are: "The Midnight Watch," "Hazel Kirk," "Not Guilty," "The Brothers," "Polly and I," "Young American," "The Gold King," "Uncle," "Drifting Apart," "East Lynne," "Ten Nights in a Bar Room," "Uncle Tom's Cabin," "American Born," "A Southern Rose" and others. The company has all the old favorites and some new people. J. Francis Kirke still heads the company. If the weather continues warm the cooling plant of the Creighton will be put in operation and the house kept in a comfortable condition. The company is composed of the following people: J. Francis Kirke, Louis Pierce, Ashley Rush, Will Davis, Hal Goodwin, W. P. Schrott, O. D. Woodward, George Edwards, Miss Goldie, Beatrice Thore, Carrie Woodward, Dora Carleton, Carrie Scott, Emily Horn and Master Frank Woodward.
TALKING UP A NEW ENTERPRISE.
Company Organizing to Manufacture Hot Air Furnaces.
A number of Omaha capitalists are talking strongly of organizing a company for the manufacture of hot air furnaces for heating dwelling houses and other buildings. The amount of capital stock proposed is \$100,000, and the East Omaha Land company has promised to supply the grounds necessary for the factory buildings. It is proposed to utilize the Wells patent, which the promoters of the scheme believe to be superior to anything now in general use. Mr. Wells, who is a practical furnace man and who has been working at his trade in Beatrice until recently, will be in Omaha the first of the week. Edward Walsh of the firm of Walsh & Pempely is pushing the enterprise and hopes to bring something out of it, though the scheme is still in a very embryonic state.
For the Children.
Last summer we had a child suffering from bloody flux, when we came into possession of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I gave some of it to the child according to directions. It afforded almost instant relief and effected a permanent cure. Geo. Jenkins, Cedar Creek, Tazewell Co., Mo.

ANNUAL OUTING OF THE ELKS.
Over One Hundred of Them Spend the Day at Manawa.
The Elks held their annual outing yesterday afternoon at Lake Manawa and Manhattan beach, over 100 of them being in attendance. The first delegation went over the river in a gaily decorated special car, accompanied by the Second Infantry band, which dispensed music along the route. The merry-makers were carried around the loop in Council Bluffs and then took the motor for the lake. Additional numbers dropped in during the course of the afternoon, so that considerably more than 100 took their places at the dinner tables, which were spread at 2 o'clock. A goodly number went in bathing and all the amusements about the beach were patronized. The return was made at a late hour last night.
Jesse L. Test, an old resident and highly respected citizen of our town, called this morning and after purchasing a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, said: "If anyone asks you if this remedy will do what is claimed for it, tell them yes, and refer them to me." He has been suffering from cholera for several years, and he says that he has never been cured by any other medicine. He is pleased and safe to take, making it especially valuable for children. Edward Thomas, locally known as "Dynamite," ran across a farmer named Daniel Hoffman yesterday afternoon and prevailed upon him to buy five drinks. SLASH RATES ON HARD COAL.
Chicago Great Western Makes a Bid for Its Share of the Business.
LOPS A SLICE OFF TARIFFS INTO IOWA.
Cut of Twenty-Two and a Half Cents on Shipments to Hampton, Marshalltown and Manley Junction—War Expected.
CHICAGO, Aug. 1.—The warring freight officers of the western roads have turned their attention from grain to hard coal and a big tumble in rates on the latter commodity from Chicago to the west may be looked for. For some time past the major part of the hard coal shipments from the east have been going around Chicago, via Peoria, and the small towns to the south. The Iowa Central, in connection with the Lake Erie & Western into Peoria, has captured the bulk of this traffic for Iowa points. The Chicago Great Western has resolved to get a slice of the business, and today announced that next Monday it will cut 2 1/2 cents per ton off the rates from Chicago to Hampton, Marshalltown and Manley Junction, Ia. Corresponding reductions will be made to other Iowa points.
EFFORTS TO PREVENT SCALPING.

CHICAGO, Aug. 1.—Officers of the Western Passenger association are making vigorous efforts to prevent scalping of the cheap rate tickets to be put on sale in this city next Thursday. Steps will be taken whereby the chairman will be given a description of all tickets sold for this occasion, so that any tickets which may be purchased by brokers, and transferred from the original purchasers will be refused for passage."
