Announcement Extraordinarily low excursion rates at various periods during the next few months, east, north and west. Eastern excursion tickets are good on either the "Overland Limited," at 4:45 p. m., or on the "Omaha-Chicago Special," at 6:30 p. m., arriving at Chicago at 7:45 and 9:30 next morning respectively-always. It is difficult to imagine better or more complete equipment than these trains are

upplied with. City office, 1401 Farnam street. There is No Change in the running time of the Burlington's "Vestibule Flyer." It still leaves Omaha at 5:05 p. m.—still arrives in Chicago at 8:29 a. m.—still carries a la carte dining cars elegant chair cars and the finest sleepers Pullman ever built-still runs over the easiest and smoothest track west of the great lakes—still offers the best service that money can buy or experience provide. Tickets, time tables, berths, etc., at city ticket office, 1502 Farnam street.

Exenssion to New York City. The Nickel Plate road will sell excursion tickets, from Chicago to New York and re-turn for all trains leaving Chicago on April 23 to 26 inclusive, at rate of \$24 for the round trip, being less than via other lines. Tickets will be valid for return passage from New York to and including May 4, 1897. For particulars call on or address J. Y. Calahan, General Agent, 111 Adams street,

Mrs. A. H. Crausby, of 158 Kerr St.

Memphis, Tenn., paid no attention to a small lump in her breast, but it soon developed into a cancer of the most malig-nant type. The best physicians

in New York treated her, and finally declared her case hopeless. As a last resort, S. S. S. was given, and an immediate improvement resulted; a few bottles cured her completely, and no sign of the disease has returned for ten years.

FLOOD SITUATION IS ACUTE

Torrents of Turbid Water Swell the Lower Mississippi.

Several Thousand Men Working and Watching Night and Day to Hold the Embankment-More Rain Makes Matters Worse.

MEMPHIS, Tenn., April 14.-The river continues to rise at Vicksburg and all points south, and the situation along the Louisiana system of levees is acute. The waters are being hurled gulfward with tremendous force and several thousand men are working and watching night and day to hold the embankment.

Reports from the Mississippi delta today are not encouraging. The expected fall in the waters that extend for miles and miles over the fertile valley has not occurred. Many well known planters express the fear that the yellow stream will not recede until June-

too late to plant this year's crop. Much suffering still exists in the Sunflower and Bogue Phalian country, where hundreds of families have deserted their cabins and are huddled on high grounds. Many cabins are submerged to their very roofs, while several have been swept from their foundations and carried away by the swift current. On a plantation ten miles west of Helena Sylvester Sanders, a colored tenant,

steamer was immediately dispatched to the Throughout the overflowed district rain fell in torrents last night. At Helena the downpour was of such violence that pumps were put to work in the lower part city. The water gained so rapidly that the pumps had to be abandoned as impractica-ble. The whole of the southern part of Helena is under water from one to four feet deep, and those who had provided themselves with boats were fortunate. The pumps were started up again tonight and it is expected that the water will be thrown out of the streets in three or four days. At Memphis the river is stationary to-night. As the river is falling at Cairo and as the rainfall throughout the territory draining into the Mississippi at Memphis and above has been heavy, the local observer predicts that during the ensuing twenty-four hours there will probably be a

slight rise at this point.

The work of relieving the flood sufferers with the government funds appropriated by congress for that purpose is progressing smoothly.

AID NEEDED AT GRAND FORKS People Flooded Out Mostly of Poor Laboring Class.

WASHINGTON, April 14.—The report from the army inspector at Grand Forks, N. D., shows that the situation there as far as the laboring people are concerned is quite as bad as it was reported to be yesterday at Moorhead, Minn. The telegram is as follows: "Two hundred families have been driven from their homes in consequence of the flood. All the business bouses with one exception are badly flooded. The water is from six to ten feet deep on the principal streets. Fifty families, comprising 230 souls, are entirely destitute and in need of immediate aid. They have lost everything and are without means. These people owned small buildings, being principally laborers, and their dwellings have water falls. Seven thousand rations will be sufficient to carry them through the next ot to exceed 20 cents per ration. The peo ple cannot furnish this assistance, as there is not much wealth here. Hugh Thomson, county commissioner and chairman of the relief committee, is a proper person to attend to the distribution of supplies as well

as sheltering the destitute, should the department so desire." The inspector further suggests that \$4,400

KANSAS CITY, April 14.-A further rise of half a foot has taken place in the Missouri for the twenty-four hours ending at noon today, and Weather Observer Connor says the danger line will be reached this evening. The water is gradually rising and the swift current continues to cut into the banks. A climax is expected by to-morrow, and Friday noon it is believed the gauge will read twenty-two, or a foot above the danger mark. The overflow will commence tomorrow to work into Harlem and Armourdale will likely be affected. Families at Harlem, Armourdale and on Lewis island, near the mouth of the Kansas river, were busy moving out today. A

warning has been sent to the big packing houses along the banks to protect their

Today's prediction by the local Weather bureau follows: "The river at St. Louis will continue to fall, reaching about 26.8 feet by Friday. The Missouri will continue to fall, reaching about 26.8 feet by Striday. The Missouri will commence to rise on Thursday as far east as Boonville. The upper Mississippi will rise slowly from Hannibal north and continue to fall to the south."
