He said that in all justice it ought to be that much, "This man," be said, "stands charged with a serious offense, which involved or might involve a loss to the state of balf a million dollars. The defendant ought to be treated the same as any other man. The bond in any event ought not to be less than \$75,000."

Mr. Whoden argued to the court that the bond was already too high. In his opinion \$10,000 was sufficient. The ball was not intended as a punishment. It was to insure the appearance of Mr. Bartley in court on the 3d of next month. He had already appeared twice and would do so sgain.

The court decided that the \$50,000 bond would be sufficient. The bond was signed would be sufficient. The bond was signed and justified by the bondsmen as follows: W. D. Fitzgeraid, \$25,000; J. B. Trickey, \$5,000; T. J. Majors, \$20,000; Webster Eaton, \$5,000; R. H. Townley, \$10,000; J. A. Buckstaff, \$5,000. The attorney general expressed himself as satisfied that the bondswere good for the amount named in

GOSSIP FROM THE STATE HOUSE.

Governor, Wife and Private Secretary Away on a Jaunt to Texas. LINCOLN, April 19 .- (Special) -- Governor

and Mrs. Holcomb and Mrs. Benton Maret left tonight on the Missouri Pacific for their trip to southern Texas. Secretary Maret started yesterday and will join the party at Kansas City. The State Board of Transportation will

take up a case tomorrow involving the rates on Missouri coal. George W. Cribben, a coal dealer of this city, complains that the Missouri Pacific road is charging lump rates for mine run coal, when the rate should be considerably lower than on lump coal.

It is given out from the governor's office that the appointment of directors of the ex-position board will not be made until May 1. Prof. W. A. Jones of the Institute for the Blind at Nebraska City and Dr. Fowler of the Milford Home were callers at the executive office this afternoon on business pertaining to their respective institutions.

The Farmers' Mutual Home Tornado and Wind Storm Insurance company of Booper Neb., filed articles of incorporation with the insurance commissioner today. The incorporators are twenty German farmers, residents of Dodge county, and it is stated in the articles that they own property to the amount of \$20,000 in value to be insured in the new company.

FAST MAIL KILLS AN UNKNOWN MAN.

Coroner's Jury Exonerates the Railroad Company from Blame. FREMONT, April 19 .- (Special.) -- Coroner Martin held an inquest this forenoon on the body of the unknown man who was run over and killed by the fast mail near Rogers yesterday afternoon. A few minutes before the man was struck he talked with George Ray, the section foreman. Ray testified that the man appeared to be considerably deaf and his eyesight was defective. Engineer Cunningham of the fast mail testified that when he first saw the man be was walking along the south side of the track and about 600 feet away. When about 300 feet from the engine he turned and delib-erately walked onto the track and toward the approaching train. Cunningham sounded the whistle and pulled the emergency brake, bringing the train to a stop within 600 feet. The man was thrown about twenty feet to-ward the south and was dead when the trainmen got to him. On the body was found a slip of paper with the name Dave Powers, 609 East Second street, Chillicothe, O., writen on it. The dead man is of medium height, with a light complexion, rather siender and frail looking. Policeman Lydick identified him as a man he saw in the freight yards here Saturday afternoon. The coroner's jury by its verdict exonerated the

WHEAT TAKES ANOTHER JUMP

Figures for the Cereal Promptly Go Skyward on ' hange.

EVERYBODY SEEMS ANXIOUS TO BUY

Breaking Out of War in Europe the Moving Cause - Fluctuations Violent and No Uniformity in Prices.

CHICAGO, April 19 .- The war news sent the wheat market skyward today. May wheat sold as high as 78 cents a bushel at the opening of trading on 'change, an advance of 414 cents over the closing figures of Saturday. Fluctuations were violent, trading at the start being all the way from 77 to 78 cents at the same time in different parts of the pit. Most of the initial sales were at 77 to 77% cents, but for near futures pur chases were being recorded at the top figure named. The market steadied for a momen or two at 77% cents. At this point there was a rapid reaction and the market swung suddenly downward 2 cents a bushel to 751/2 cents, with scarcely a single stop. An equally quick ratty followed, prices dashing up to 77% cents, nearly 2 cents' advance in two minutes. Five minutes afterward the Rokus is a farmer, 30 years of age, and lived market was down again almost 1 cent and in Grand Prairie township. His form of at 10 a. m., half an hour after the opening. insanity seems to be a nervous disease and was selling at 76% cents for May. By 10:15 a. m. the price was shooting the chutes again and had touched 75% cents, but by 10:50

When the exchange opened it was regarded as a certainty that the market would ump on account of the war news and at the tap of the bell the wheat pit became sea of shouting, struggling speculators. There was no foreign market, owing to the holidays abroad, but they were not needed verything being lost sight of in the general interest in the struggle now considered fairly on between Turkey and Greece. For-tunately, perhaps, for many commission nen, there was more wheat offered than anticipated. In the flood of realizing which roke the advance so sharply during the first half hour John Cudahy took a leading part. The pit was a perfect Babylon. speculators fairly climbed over themselves n their eagerness to cover or dispose of cheat already showing a heavy profit and the packed galleries were treated to a scene f excitement seldom witnessed.

Longs were heavy sellers all morning, led o question that the unexpected amount of heat put upon the market prevented what In one day in the history of the Board of Trade, for the eagerness to buy both by shorts and outsiders amounted at times to a certable stampede. The willingness of longs to let got of their holdings, however, carried May down to 74% cents, the lowest point reached during the morning, and within 1/4 cent of Saturday's close. But the market seemed almost irrepressible and within ar our it had soured up to 75% cents, shortly During a lull this advance was ost and at 1 p. m., fifteen minutes before

the close, the current quotation for May was 1 cent lower at 74% cents.

Just before 11 o'clock there was another whirl of excitement. For some little time the market had shown symptoms of weakness. All at once the bottom seemed to fal out and prices pitched headlong off to 741/2 fall of 31/2 cents, as compared with to figures at the opening. A whipsaw of hair raising rapidity followed, a full cent advance o 7512, and a decline to 7412, succeeding ach other in a way that was bewildering yen to the oldest veterans in the pit. In the last quarter of an hour of the day's trading the market seemed to stagnate and the May option did not get more than 1% of a cent away either side of 75 cents, which was the closing price.

The last sales showed only a net gain of the cents over Saturday's closing figures. The market was peculiar in that no one seemed to krow where all the long wheat went. Tren, endous amounts of it were the present advance began and both closed out at or near the top of the bulge. No failures were reported a rather remarkable fact, considering that the market showed an advance of 11 cents since last Monday. "confiding public" as a rule got nothing but experience out of the skyrocketing tac-tics of the market. Of the non-professional element, which played an important part in the day's trading, a very large proportion bought at the opening jump and saw their investments melt away like frost before a summer's sun. Closing prices in the other markets showed advances of 1/2 cent in May corn and May oats. Provisions closed prac-tically where they wound up Saturday, if anything a trifle weaker.

NEW YORK, April 19.—The breaking out of the war in southern Europe put the wheat market in a state of feverish excitement this morning. Long before the opening crowds of brokers were on hand discussing the situation. The curb price for May wheat was \$256 cents, an advance of 3 cents over Saturday's closing figures. As the market opened the scene in the exchange became one of wild excitement. Amid the tremendous tumult May wheat started off at 82½ cents, jumped to 86½ cents, reacted a little and then whirled up to 86% cents, all within the first five minutes, and after that the market pursued an irregular and erratic course under

ontinued great excitement.

11:30 a. m.: Wheat was lifted 4% cents a bushel from Saturday's curb close. Excite ment at first was intense. Room shorts, for eign houses and investors were all clamoring wheat, and prices advanced steadily to 8378 cents for May. This figure, however, proved tempting to the majority of the longs, and a selling movement ensued that almost equaled the excitement attending the opening rise. Prices dropped 40% of a cent between sales, and finally landed at 80% cents fo May, or three cents from the top. At the best point this morning prices were 12% cents above the low figure touched April 4. Flour also felt the bull craze, and holders advanced prices 50 cents a barrel, shutting off the demand to a great extent. o'clock the market was nervous at \$1% cents for May

ST. LOUIS, April 19.-There was an advance today at the opening of 2% cents over Saturday's close in July wheat, which was excited. The first price quoted was 80½ cents, but almost at the same time 81 cents was paid. A reaction followed and the price declined to 80% cents, at which it was quoted for some time, the market becoming quiet. The ad-vance was caused by shorts rushing to cover and the exciting war news from the east As the shorts had gotten out pretty well already, the buying did not long continue and the market eased off. The market has been bullish on winter wheat prospects, which shows no improvement and has been wel held up anyway. The market became weaker and sold dow

to 78% cents for July, but before the close it advanced and the final quotation was 79% cents asked. No. 2 red cash, on track. sold up to \$1.00@1.0214

AMUSEMENTS.

CHARLES STATES STATES OF THE S DeWolf Hopper's new comic opera, "El rst time in Omaha on Monday and Tues vere heavy holders of wheat bought before day evenings, April 26 and 27, is said to be a most pronounced success. The music, the libretto and the scenic production of the opera have been highly praised on every hand, while Mr. Hopper's personal success in the role of El Capitan, is perhaps greater with the death of Thomas Dinan, who jumped than in any he has ever played. Edna Wallace-Hopper, the charming little wife of the star, has distinguished herself as Estreida, at the station for three or four house while a hero-worshiping coquette, and by her ad-mirable method she has attained a degree of prominent favor which places her in the front rank of comic opera actresses. Miss Nella Bergen, the new prima donna oprano of the company; Edmund Stanley, the popular tenor; Alice Hosmer, the contraito, and Thomas S. Guise, the baritone, make a strong quartet of singers. A chorus of fifty voices environed by scenic splendor, made brighter by rich costumes, elaborate gowns and exquisite draperies, all combine to make "El Capitan" one of the most per fect and complete operatic productions ever seen on the stage. The sale of reserved scats opens at the box office on Friday morning.
