PROGRESS ON THE TARIFF BILL.
The progress made on the tariff bill in the senate seems to warrant the expectation that it will pass that body early in July, if not by the end of the current fiscal year, but it must be borne in mind that the schedules over which the hardest fight will be made are yet to be considered. The sugar duties and the wool and woollen duties will undoubtedly be subjects of prolonged debate, while the tea and hide duties and the increased taxes on beer and tobacco will cause a vigorous contest.

lars voted now by the county for expediting purposes will come back several fold within the year in the increased valuation of property resident. In no other way can the non-resident property owners who fail to sign for the smallest return for the advantages they will reap.

It is noteworthy that the public schools in all the smaller cities in Nebraska close earlier than in the metropolises and that most of them commence their work later. In a word, the larger the town the longer it takes to be the public school term. This difference will account in a large degree for the superiority of the city schools. It is not, however, peculiar to this state, or any one state, but is to be observed generally.

EX-STATE OFFICIALS ON TRIAL.
Superior Court. There seems now some chance that ex-Superior Judge Bartley will get a hearing in the penitentiary with his theft. By good management his trial is being held in Douglas county. "We're in a bind," he would have no hope of Bartley being sentenced at all. Notwithstanding fifteen years ought to be the prize he should draw.

LEADING THE WORLD.
Foreign Use of American Labor.
The American Machinist, a representative paper in the business which it exploits, dispatched one of its editors to England especially to investigate the subject of importations into that country and the continental of Europe of American machine tools.

POLISHED TO A POINT.
Detroit Free Press: "They build rooms in the West in Nicaragua."
"Wait, the man down there has sense; they fix up a nice place to stay while their wives are cleaning houses."

Table with 2 columns: Circulation statistics for various months and years, including total and net sales.

THE BEE ON TRAINS.
All railroad newsboys are supplied with enough Bee to accommodate every passenger who wants to read a newspaper. Insist on having the Bee. If you cannot get a Bee on a train from the news agent, please report the fact, stating the train and railroad, to the Circulation Department of The Bee. The Bee is for sale on all trains.

Distinction Without a Difference.
Springfield (Mass.) Republican.
It is an unwarranted invasion of private affairs, says Judge Bradley, to inquire into the contributions of a citizen to the campaign funds. Is there no unwarranted invasion of public affairs when corporations make those contributions?

Better Than a Silver Mine.
Exeter Democrat.
Nearly \$1,000,000 was paid out at South Omaha last week for live stock. The Nebraska farmer who has devoted a good share of his time to raising cattle and hogs and has a carload for market three or four times a year is more to be congratulated, these times, than the owner of a silver mine.

Publicity the Remedy.
Central City Republican.
The Nonpartisan ground should be made public. Every state, county and city treasurer should publish monthly a complete statement of all transactions and their books should be audited quarterly. There would be much less room for defaulting treasurers if this rule were carried out.

POPULIZING TEXAS.
Everybody will rejoice to learn that an era of unexampled prosperity is getting ready to dawn upon the state of Texas. Forwarding of it comes in a despatch from San Antonio, where General Paul Vandervoort, who is described as "well known populist leader," is now engaged in writing the first "radical" tract on a wide horizon.

AT HIS SERVICE.
Cleveland Leader.
Three busy clerks were there; they dropped their labors and rushed forth to serve the maiden fair.

Parties Leaving for the Summer.
Parties leaving the city for the summer can have the Bee sent to them regularly by notifying The Bee business office in person or by mail. The rates will be changed as often as desired.

TO DOLSTER A BAD LAW.
Senator Tillman has reported to the senate a bill giving states the same control of liquors imported into a state that they may exercise over liquors of domestic manufacture. He wants this legislation to bolster up the South Carolina dispensary law, for which Tillman is chiefly responsible and which received a death blow from the recent decision of the United States circuit court, if that decision shall be sustained by the supreme court.

Right Hand Man in the Right Place.
Burlington Express.
President McKinley's Indian commissioner is accused by the opponents of the Omaha charter before the supreme court. Disgruntled—Why, bless you, not a bit of it. The Bee has printed over and over again all the protests on which the ex-commissioner have hung their hopes of getting back on the municipal payroll.

Right Hand Man in the Right Place.
Chicago Tribune.
For personal reasons, Horace Boies declines to be considered a silver fusion candidate for the office of mayor of Chicago. He is a Democrat. The personal reasons are that he feels certain he would be elected out of the books if he ran on a moneymaking free silver ticket.

Right Hand Man in the Right Place.
St. Louis Globe-Democrat.
It has fallen to Thomas B. Reed to render vital assistance to three presidents in the execution of the plan of the whole government of the government there is no other service which parallels this. As speaker of the Fifty-first congress, with its close majority, Mr. Reed has a free range bill from reaching President Harrison, such to the latter's satisfaction, after the senate had committed itself. As the leader of the republicans, he has been enabled to enable President Cleveland to carry out his earnest desire to repeal the Sherman silver-purchase act.

Right Hand Man in the Right Place.
Philadelphia Record.
The Russian government has sent a commission to the United States to examine and report upon the state of the sugar industry in this country. The commission is headed by a Russian expert on the subject of sugar, and will be accompanied by a number of other officials.
