

18 STARS OF THE FIRST MAGNITUDE.

Astronomers tell us interesting stories of 18 Stars of the First Magnitude, whose light takes over 8 years to reach Mother Earth. We call your special attention to our 18 Stars for Monday. Look thro' them if you please—We have tried to make interesting Star Reading for warm weather. The Center Star might well be called Jupiter because of its size—it will not take more than 3 minutes for its light to reach your eyes—And a still shorter time to appreciate the matchless bargains whose story it tells.

Monday's Magnificent

At 8 o'clock on Monday, in dress goods aisle, we will place on sale every choice pattern suit in our store—two prices will tell the tale, \$7-50 and \$10.00 per pattern. These lots include our finest Grenadines, double, with silk lining, the iridescent poplins, the beautiful Irish Open Mesh Linens—sold in New York City as high as \$35.00—the exquisite feather pattern Grenadines—everything, in fact, which sold from \$15.00 to \$37.50 per pattern—the quantity is small—the prices absurdly small—and a small portion of time only will be taken to sell them—Each pattern is exclusive—nothing like them in this neck-of-the-woods—At the top of 8, Remember. At Black Dress Goods Counter one item only—but an interesting one—12 pieces of 44 inch Black Grenadine, suited without heavy lining to our present temperature, or with silk lining to any season—These goods were bought to sell at \$1.00—Monday the price will be **49 cents** per yard. At Silk Counter—all the high grade fancy colored Grenadines that sold from 85 cents to \$1.25, in two lots at **50 cents** and **69 cents** per yard. All our changeable Taffetas, with the crisp rustle and without, at two prices—**49 cents** and **75 cents** per yard. These qualities are lower than you have ever seen them. At our plain colored All Silk Taffetas and all our Austrian Silk Lining, 36 inches wide, at **39 cents** per yard.
