HOMEOPATHIC PHYSICIANS ARE INVITED

Delegation Goes to Buffalo to Secure American Institute of Homeopathy for Exposition Year.

' A delegation of homeopathic physicians of this state and Iowa left for Buffalo Monday afternoon to attend the annual meeting of the American Institute of Homeopathy, which will be in session in that city for one week, commencing today. The particular purpose of the delegations is to secure for this city the 1898 meeting of this body.

Dr. W. H. Hauchett, chairman of a committee of the Nebraska State Homeopathic society that has in charge the securing of the meeting, is in charge of the Nebraska delegation. This consists in addition to him coln, G. H. Neal of Falls City, E. N. Leake of Frement and B. F. Lang of York. The Iowa delegation will assist the Nebraskans It is made up of the following: Drs. A. P. Hanchett and P. J. Montgomery of Council Bluffs, George Royal of Dea Moines, James Gilchrist of Iowa City and C. A. Cogswell of Celar Repids. The delegation from this state is armed with letters of invitation from the governor of the state, the mayor of the city the Transmississippi Exposition associ-ation, the Board of Trade, the Commercial club, the Knights of Ak-Sar-Ben and many

prominent citizens. Dr. Hanchett stated before departure that a strong effort would be made to secure the gathering, but that some difficulty would undoubtedly be encountered from the fact that as the meeting was being held in an eastern city, the eastern doctors would be in the majority. He felt, however, that there was a good prospect for success. He and other members of the homeopathic school in this city have been working by corre-spondence for some time with a view to se-curing the support of other sections of the

It is stated that the national body con tains on its rolls the names of some of the brightest, most scientific and eminent men and of Canada. Ordinarily the members are attended by their families, so that the at-tendance is between 3,000 and 5,000. It is anticipated that if the railroads give a one fare rate to the exposition the meeting would call to this city from 5,000 to 8,000 physicians and members of their families GRADING OF BLUFF TRACT ORDERED

Court Releases the Endorsers. enday in Judge Scott's court a sul in foreclosure was brought by Mary Taylor Hitchcock against Theresa McGrath and Hitchcock against Theresa McGrath and others, involving \$10,000 worth of Omaha property. Hattie W. Maurer and Otto Maurer were made parties to the suit, as they were endorsers upon the paper held by Mrs. Hitchcock. In the suit brought they were held jointly liable for the payment of the mortgage with the signer. Attorney Shoemaker, who appeared for the Maurers, raised a point of demurrer that the endorsers could not be held liable upon demand for the payment of the note unless it was regularly protested for nonpayment by a notary. Judge Scott after consideration sustained the point and released the by a notary. Judge Scott after considera-tion sustained the point and released th Maurers as sureties.

Improving.
President S. H. H. Clark of the Union Palific is improving, and on Sunday efternoon for the first time was able to discuss matters in connection with the Short Line difficulty. General Manager Dickinson and General Solicitor Kelly of the Union Pacific went to New York via St. Louis. They dined with President Clark on Sunday, and spent the rest of the day in the consideration of the problems brought out by the unexpected hostile stitude of the Oregon Short Line. These officials learned the opinion of the president on the situation, and their actions at the coming conference with the officers, directors and officials of the Short Line will represent President Clark's personal views. The New York conference will open today, but no one cares to venture an opinion on its probable termination. Whether the Union Pacific and the Short Line railways can make satisfactory traffic agreements depends entirely on this meeting of the executive officers of the two lines.

CHARLES STREET PARK TO BE ABATED

Concurrent Resolutions Adopted Inviting Grand Lodge of Elks and National Education Associntion to Omnha.

For the first time since the new city council was organized there was a full council present at the regular meeting last night. Mercer was in his seat for the first time after his long illness and he was accompanied by his usual supply of resolutions for electric lights in the Ninth ward. A big grist of business was dispatched in quick order. The following concurrent resolution was introduced by Bechel and unanimously

Resolved, That a cordial invitation be and hereby is extended to the grand ledge of the Benevolent and Protective Order of Elks to hold the next annual meeting of the grand ledge and rounion of the order in Omaha in 1898, and that the city clerk transmit to said grand ledge through the duly elected representatives of Omaha ledge, No. 29, a certified copy of this resolution of invitation.

The Advisory heard transmitted the documents of the contraction of the contra

The Advisory board transmitted the docu-ments relative to the complaints of the po-lice department that the police judge fai ed to co-operate in the enforcement of the ordi-nances relative to nuisances and asked the council to make an investigation. The com-munication was referred to the committee on street improvements and the city attor-

ney.
The petition for repaying Cuming street, which was referred to City Engineer Rose water at a previous meeting, was returned with the information that it was signed by cople who were not property owners on the street, and was evidently intended to secure the pavement at the expense of the city at large. The whole matter was placed on

Building Inspector Butler asked the coun cil to provide him with an assistant. He stated that more building was in progress in the city at this time than had been done in the three previous years combined, and so much of his time was occupied by the additional duties of a member of the Board of Public Works that he was unable to give it the attention it required. Referred to public property and buildings.

INVITES THE TEACHERS. A concurrent resolution by Karr, entending an invitation to the National Educational association to hold its 1898 convention in this city was adopted.

A resolution by Bingham provided that hereafter no petitions for opening, extend-ing or grading streets or change of grade be received unless they are accompanied by a cash deposit of \$25, or a certified check for that amount, to pay the costs of appraise-ment, and that no final report of the appraisers should be received until the re-mainder of the expense incurred had beer paid. The resolution also repealed the resoution passed in 1893, by which a bond equired instead of cash. It was adopted. The committee on street improvements returned a favorable report on the recommendation of the Board of Park Commis-sioners that thirteen acres of land north of Riverview park be condemned and appro-priated for park purposes. The report was idepted and the ordinance providing for the condemnation was introduced and referred. The ordinance providing for macadam on Thirtleth street, from Fort street to the city limits, was placed on file. So was the ordinance providing for an assistant building nspector.

A committee report was also adopted by which the managers of the Charles street sievele park were ordered to tear down the fence at once. This was the result of a protest from property owners. When the park was used as a ball park the lessees were given permission to use a part of Charles street, and now the property owners demand that the obstruction shall be removed.

An ordinance providing for paving Davenport street, from Thirty-eighth avenue to Thirty-ninth street was introduced by Mer-The Union Pacific railroad was granted the

right to construct a spur from Tenth and Jones streets west to Twelfth street. Mr. Bechel was granted a leave of absence o July 10.

END OF THE CUT RATE TICKET WAR.

Railroad Representatives Hustling for The passenger rate situation in the Omaha ticket market seems to be much improved from the railroad standpoint. The ittle flurry Monday caused by a rumor that he Rock Island had cut the Christian Endeavor rate from \$22.50 to \$20.50 has entirely subsided, and nothing but regular rates are talked of. All the western roads are watching each other very closely, and it is said that another break like that of Moniay may not be remedied so quickly. It is an assured fact that there is going to be a large amount of travel to the Pacific coast on the Endeavor rates. The tickets are not good for use until Tuesday next, but al-ready many delegations are arranging their entire trips. The Burlington, the Union Pa-cific and the Rock Island are waging a keen contest for the business. The Burlington has secured the Iowa state delegation except the Des Moines local society, which will go via the Rock Island. The Union Pacific has been declared the official route by the Ne-braska state society, but the Omaha local society has selected the Burlington as its official route. The result of these conflicts between state and local societies, which have selected different official routes, is that the official route. usiness is likely to be pretty well divided.

The answer sets up the allegation that the respondents took no forcible possession of the office to which they were appointed, and that the relators are now estopped from setting up any claim or title to the office. It is asserted that H. E. Palmer is especially estopped for the reason that he has since received and accepted an appointment as park commissioner, and is now discharging his duties as a member of the board. It is als irged that P. W. Birkhauser never qualified as a member of the Board of Fire and Police Commissioners, in that he did not take the oath of office, as required by law. It is asserted that he refused to take the oath that he would support the constitution of the United States and the constitution of the state of Nebraska, and only averred that he would faithfully and fulls discharge the duties of fire and police com-missioner. White-

For 65 cents we sell White Lineu Duck Pants, Nobody wears 'em

Take an umbrella. Take a fan, Take a frozen fosfate. Take an ice cream. Take a pair of white linen pants. Take anything that is cool without being uncomfortable, good without being expensive, and it doesn't take long for sweltering humanity to find out where it can be had at the right price. Two weeks ago we had five hundred linen crash suits of various kinds and today we haven't got one. We sold 'em at \$2.00 and \$2.50 a suit, while other stores were trying to get from \$3.50 to \$4.75. Result: we sold all of ours in four working days and we disappointed hundreds of people who came to buy some more. We'll have another lot of 'em in a few days. They may be here tomorrow, or even today. In the meantime we are still selling those sp'endid navy blue cheviot coats at \$1.90, and those elegant vicuna featherweight coats and vests at \$2.25 and \$2.75. These are as big values as the crash suits at \$2.00 and if other stores ask you \$4 00 to \$5.00 for the

same quality, don't get excited-take things cool. Nebraska Clothing Co
