CONTESTS FOR JUDGESHIPS

Both Parties Trying to Secure as Many Flams as Possible.

CHANGES ABOUT EVEN IN SOUTH DAKOTA

On the Basis of Last Fall's Vote Each Party Has Four Districts and Two Are About a Stand-Off.

PIERRE, S. D., June 29 .- (Special.)-The call for the republican judicial convention in the Sixth circuit, to be held at Faulkton July 22, practically opens the judicial campaign in this state. In that campaigntaken out of politics by legislative action putting it in an "off" year-both parties will use all their efforts to secure as many of the benches in the different circuits as they can possibly secure. Taking the vote of last fall on governor, the republicans and populists each have four circuits in which they can claim a majority. The First, Third, Fifth and Sixth circuits all have republican majorities, and the Second, Fourth, Seventh and Eighth circuits gave majorities to the popullat ticket. Only in two of these circuits-one on each side-is the majority great enough to grant a feeling of absolute security, those being the First, with a republican majority of 2,118, and the Second, with a populiat majority of 1,131. The republican majorities are in the Third, 199; the Fifth, 269; the Sixth, 490. The populist majorities 269; the Sixth, 490. The populist majorities are in the Fourth, 805; the Seventh, 379; the

While there are undoubtedly plenty of candidates in most of the circuits, it is yet so early that it is hard to place some of them. In the first circuit Judge Smith is looked upon as a candidate to succeed himself, while W. E. Tipton of Armour is also considered in the field. Who the populist candidate in this circuit will be is yet an open question. In the second circuit Judge Jones is considered a candidate for renomination by the republicans, and among the populists Kenedy of Canton, Wilkes of Sioux Falls, and Palmer of Sioux Falls, are considered. In the fourth circuit F. M. Goodykoontz of

pany, which has been on trial before Judge Mitchell is being considered as the populist candidate. In the fifth, Judge Campbell is Fitzgerald in the court of general sessions. failed to agree. A disagreement is regarded considered as a strong candidate for re-nomination by the republicans, and the popuby District Attorney Olcott as a victory for lists are considering Senator Bouck of Milbank, who made the race against Judge Anand H. C. Hinckley of Huron. They should that it would be useless to lock them up and H. C. Hinckley of Huron. They should be pleased to put H. H. Potter of Aberdeen again and they were discharged. It was learned that eighteen ballots had been taken learned that eighteen ballots had been taken Eixth circuit, so far no candidate for the republican nomination has developed except Judge Gaffy, for a renomination, and Hobart C. Fash and Foster Milliken. from present indications he will secure the renomination. The populists consider that they will have him as their opponent, and are at sea as to a candidate against him. They may place a candidate in the field, but thus far none of them have come forward with an expressed desire to make the test. The seventh and eighth circuits are entirely in the Black Hills sections, and the only judicial gossip in that section as yet is a proposed contest between Judge Plowman and Joseph Moore for the populist nomination in the eighth circuit, and Levi McGee as the popu-list nominee in the seventh. In regard to such a contest in the eighth, one of the and maintaining eastbound rates was taken up. This subject, it is said, will be settled satisfactorily tomorrow. An official of the board declared that there is a general disleading populists of the state, in mentioning it a few days ago, said that if the populists nominated either Plowman or Moore they position to settle the rate question for good and all, and that the present state of afdeserved to be beaten in that district.

The contest can be considered as in full

swing in the state from this time forward and with the close majorities to work on, both sides will do some hard campaigning. The strongest eard in the bands of the republicans, is the fact that it will be hard to bring free silver into a judicial campaign as a factor and it was on that issue more than mything else they lost the state, or rather that portion which they did lose in the campaign of last year. The populists will make their strong play on the fact that they gave the people a railroad law in the last session of the legislature and they now want judges who are in harmony with this legislative action to see that the law is rigidly observed. Much of the force of this plea will undoubtedly be lost, though, as the republicans in their resolutions, declared in favor of the same course as they were just as strongly for the law last winter as were I who in conjunction with individual bookthe populists.

RAINS GREATLY BENEFIT CROPS. Prospects in South Dakota Now Con-

sidered Exectiont. state the past week have given the farmers a fair assurance of good crop returns for this year. Up to the time of these rains all the showers which had fallen in this part of the state had been strictly local, and while some sections had received enough rain to make their crops fairly certain, others in the same vicinity were suffering but the late rains vere general and all received their benefit The fact also of heavy rains in western Kansas and Nebraska this spring has largely reduced the probabilities of hot winds this year and makes the crop more certain. The

rain also assures a large hay crop, which would have been rather short without it There was plenty of hay on the ground, started by the early spring rains, but the grass was short, and a great deal of terri-tory had to be mowed over to secure the amount of hay required to supply the country, but the hay is growing rapidly now, and the supply will be ample for all demands.

United States district court today, annulled Insurance Commissioner McNall's power to revoke licenses unless judgments had been secured.

The case was one brought by the Metropolitan Life Insurance company to restrain the commissioner, who had attempted to stop the company from transacting business in this state because it had not paid certain claims. Judge Foster holds that Commissioner McNall has no right to revoke a company's license unless the holder of the policy has secured a judgment against the company and this judgment has remained unpaid ninety days. It is understood that this opinion carries with it the right of the New York Life, the Mutual Life of New York, and the Connecticut Mutual to continue business, although licenses had been refused them on the ground of non-payment of the Hillmon claims.

REPORT MANY PENSION BILLS. CUBAN REFORMISTS PROTEST COAL MINERS MAY STRIKE Three General Measures and the Rest

Private Claims. WASHINGTON, June 29 .- Several hundred pension bills were reperted to the senate today as the result of the first meeting of the pension committee since the present con greas assembled. Mr. Gallinger of New Hampshire, chairman of the committee, stated that it had been decided to report favorably all those bills which had formerly passed either branch of congress or had been favorably considered in committee. Three general pension bills were included, two of them amending the law of 1890, and another referring to proof in pension cases.

It took half an hour to read the list of private pension bills. When it was concluded, Mr. Morgan of Alabama commented on the fact that the men and women named in these bills must walt for relief, owing to the inaction of one of the branches of ongress. At this time congress was without

the opportunity or liberty to pass one of these pension bills. Congress was not even then in session, asserted Mr. Morgan. The law-yers of the country would look into this question and there was a great deal of trouble shead over this question of congress being in session. At first Mr. Morgan urged the adoption of a resolution postponing all action on pension bills until next December, but be was dissuaded from this, saying his main ting rate asked for is 59 cents, based on the continue of district in Pennsylvania.

appointed collector of internal revenue for for the use of the committee. The report this district, was in Omaha yesterday and concludes that the governor of Oregon was was a visitor at the revenue office. He said he would not be able to take possession of the office until about July 10, as he had just received his papers, and would have to pre-pare his bond and have it approved. His bond will be \$75,000 for the collectorship, and \$10,000 as disbursing agent.

On the subject of appointments in the department under his regime Mr. Houtz was not ready to make any definite statement, wishing to reserve those things until after he had taken charge of the office. It is prob-able, however, that E. W. North, the present chief deputy, will be retained in his position for some time, at least until the new col ector become thoroughly familiar with the duties of the position. It is altogether likely, too, that the field deputies will be supplanted in time by others whose political faith is more in harmony with that of the collector. As to the office force, changes will be slower, Mr. Houtz desiring to become thoroughly acquainted witth the force and extent of the civil service law which is said to govern those employes, before making any ecision on this point.

ANNUAL LAWN SOCIAL A SUCCESS. MEET IN SEMI-ANNUAL SESSION. Tremendous Crowd Gathers at Holy

Family Church. The great social event of the year in coman Catholic church circles occurred last night on the lawn adjoining the Church of the various committees which have been working unceasingly for several weeks was Father Fitzpatrick and the secretary was J. Schall. A large number of committees were in charge of the different attractions

and details and showed systematic preparaion in the ease with which the throng was handled. An interesting program of recitations and musical numbers was rendered during th vening and the intermissions were occupied by the money spenders at the refreshment tables, the gypsy tent, the flower booth and the lemonade stand. Miss L. Dilley gener-

aled six charming maidens at the floral display and Miss D. McDermott and Miss M. Pitzpatrick were the leaders of the handsomely costumed band of twenty gypsies. An ample platform gave space for a cleve drill by the Dilley cadets, who have been training under the direction of Howard Parmelee and Clarence Futay for a long time past. The gpysy band contributed chorus song from "The Bohemian Girl," with graceful dancing accompaniment, to

Ticket Brokers Wage War. NASHVILLE, Tenn., June 29.-For sev eral weeks a fierce war has been wage between the ticket scalpers and the railbetween the ticket scalpers and the railroads. The city council has enacted several ordinances, which the courts have set
aside and in regard to which suits attacking them are pending. Yesterday, however,
the Nashville, Chattanooga & St. Louis
railway filed a bill in chancery against all
the ticket scalpers and brokers in the city,
asking an injunction against the purchase and resule of nontransferable
tickets and an accounting against the
brokers for all such tickets bought and
sold by them. A temporary injunction was
granted, restraining the sale of nontransferable ticket or tickets upon which
the name of the original purchaser appears.
