ments of death are a few inches of trivial displied by many feet of neglect. If a man woman will take care of the little trivial disorders, there is no need to fear the big maladies, and ong - life appiness will e the reward The little dis-

orders that cause the majority of big sicknesses, are the trivial derangements of the digestion that most people pay no heed to. Good digestion feeds and builds up a man; bad digestion starves him in every tissue,

muscle, nerve-fiber, and brain-cell.

Bad digestion leads to consumption, blood and skin diseases, and nervous exhaustion and prostration. Dr. Pierce's Golden Medical Discovery corrects all isorders of the digestion, invigorates the liver and prevents and cures consump-tion, blood and skin diseases, and nerv ous troubles. It is the great blood-maker, flesh-builder, and nerve tonic. Druggists sell it and have nothing else "just as

good."

"I have lately given Dr Pierce's Golden Medical Discovery a trial," writes Miss C. M. Malette,
of Houston, Harris Co., Texas, "and it has completely cured me of very serious and obstinate disorders in which the heart's action was impaired.
I took it for two weeks. I began to experience
test disconfort from my illness, after about the
fourth dose, and in four or five days still less, and
several days after I was surprised to find that I
was actually belier. Two weeks having passed
ever, completes had disappeared.

The man or woman who needects con-

The man or woman who neglects con-stipation is storing up in the system a store of disorders that will culminate in some serious and possibly fatal malady. Dr. Pierce's Picasant Pellets are a safe, sure, speedy and permanent cure for constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. They mover gripe. Druggists sell them.

girl CHURCH OF CHRIST CONVENTION.

and Naming of Officers. BEATRICE, Neb., July 3.—(Special.)—At 2 was held in connection with the convention of Churches of Christ in Nebraska, Many delegates and visitors arrived on the morning trains and the attendance afternoon and evening was an increase on the day before, A. D. Finch of Ulysses conducted the session. Rev. J. M. Vawter of Omaha gave a discussion of the "Grading of the Bible Schools.

J. S. McCleery of this city followed with sensible, practical discussion of "The Successful Teacher," and C. E. Taylor of Omaha coin with arms and equipments, to take part in the parade at Nebraska City July 6. An order has also been issued calling the attention of the course in a constraint of the co vention the session adjourned.

In the evening a song service

conducted by the Beatrice choir.

A large audience assembled to hear Rev.

A. McLean of Cincinnati, corresponding secretary of the Foreign Missionary society. A year ago Mr. McLean made a tour of the world, visiting all the mission stations of the society which he represents and all the principal stations of the various Protestan He gave a vivid delineation of th odies. life of the various peoples visited. Mr. Mc Loan tomorrow evening will give a stereor icon illustrated address on "An Evening with

Our Missionaries.' This morning the 6 o'clock prayer meeting was well attended and was led by D. A. Youtzy. At 8 o'clock Prof. C. A. Young gave the last of his bible studies. He impressed the fact that there is an element in bible litera ture wholly wanting in any other literature and spoke of the deep interest awakened is recent years in university centers.

At 9 o'clock began the most important session of the convention, the reports o committees and the transaction of busines W. A. Baldwin made his supplementary t port, showing a total income for the year o \$660.13. There was a deficit, all things con sidered, of about \$100 for the year. I. W Elliott then gave his report. These report were referred to the auditing committee The committee on changes in the constitution made its report. One effect of this report was to make the Nebraska organization auxiliary to the American Christian Missionary society another was to add to the state board the eu perintendents of Christian Endsayor work and of junior work. The report was taken up by sections and with some amendments

adopted. Reports of colleges were given by the lege at Fairfield, which showed an attend ance of sixty-six the past year, and by Co: ner university, showing about the same num ber of students as before, or a total for the year of 184, about forty of whom are medica students. These colleges have made gigantic congregational building. At the relock efforts with gratifying results. The committee gave an address in the auditorium on won resolutions made its report, which was Children of the Church—A Child Study. greeted with vigorous applause and was

The committee on future work then made its report, one feature of which was the sp-peal for a larger co-operation of business men in the church. The report was, after con-siderable discussion, adopted. The committee on nominations reported the

following officers for the ensuing year: W. A. Baldwin, president: Thomas Rawlings, vice president; H. J. Kerschelain, secretary; T. E. Wilson, treasurer; C. E. Oberlies, superintendent of Christian Endeavor work, and A D. Finch, superintendent of Suntay school work.

CELEBRATIONS OF THE FOURTH Reunion of Old Soldiers is Held a

Nebraska City. NEBRASKA CITY, July 3 .- (Special Tele gram)-One of the largest crowds ever seen in this city is here attending the reunion of the old soldiers of eastern Nebraska. Special trains were run from Lincoln, Tecumseh and Red Oak. Addresses were made this afternoon by Hon. H. C. Ruzseil, Mrs. Condon, Mrs. Dilworth and others. The rain interfered somewhat with the evening program. The Nebraska City band gave a dresses were made by ex Senitor Manderson ex-Secretary Morton, Captain C. E. Adams and others. Devotional exercises will be conducted at the pack tomorrow by ministers

from the various churches of the city.
FREMONT, Neb., July 3.—(Special.)—Several Fourth of July picnics were held in this vicinity today. A small delegation attended the Woodmen of the World picnic near Morse Biuffs. The entitren of the Bethel Sunday school in Maple township held a planic at David Brown's farm on Maple creek and the het weather did not prevent the little ones from having a good time. A picule and dance were given Hoffman's ranch, six miles northwest town, which was largely attended by people from the country. A large number of people from the vicinity of Nickerson had a picnic at J. A. Garner's grove, near his house, where a stand was erected and flags and bunning displayed. This was the cen-ter of attraction for the populists of that township and an extended program, consisting of addresses, recitations and parform songs, was rendered. There will be no cele-

one of the meat quiet fava of celebra; it of the Fourth that Schusier has ever of when an attempt of any sort has been to reinbrate. A great endeavor was made by those in charge of arrangements to provide for the usual attractive entertain. ments of the day, but the hot weather attractions have communicated to make the crowd herd but exhall. It is too windy for the bulloon ascension, but the races, ball game

and other sports took place this morning.
CENTRAL CITY Neb., July 3.—(Special)
The Sunday schools of the county held a
plenic in the park here today. There was

a good attendance, LEIGH, Nob., July 3.—(Special.)—No gen-eral public celebration of the Fourth oc-curs here this year. Tomorrow the day will be appropriately observed by the Young People's Society of Christian Endeavor at the Congregational church. In the morning Rev. G. L. Lange will deliver a special papeople present a program in keeping with

OARLAND, Neb., July 3 .- (Special Tele gram.)—Oakland's celebration today was the best ever held here. About 5,000 people were present. Oakland defeated Tekamah at base ball by a score of 7 to 4.

CRETE CHAUTAUQUA ASSEMBLY

Grounds in Excellent Condition and Program a Fine One. CRETE, Neb., July 3 .- (Special.)-The second full day of the Crete Chautauqua assembly opened yesterday. Never before have the grounds looked so beautiful. The grass has been closely cropped and an abundance of honeyauckle clover has come up so that the whole grounds look like a lawn. The plenteous rains of the spring have caused the trees to send out a large amount of rich, green foliage. Everything is fresh and green and no pains have been spared to make the surroundings delightful. Especial care has been expended on the grove by the banks of the Big Blue. Another thing along the line of improvement

is the remodeling of the pavilion, that has rendered it more comfortable and attractive.
The program is fully up with the high standards set by other years. Dr. Willard Scott, superintendent of instruction, now of Chicago but formerly pastor of the St. Mary's Avenue Congregational church of Omaha, has spent much time and energy the past year in making up this program He is a man not only of ability, but o judgment, and knows just how much o good solid work in lecture courses should be mingled with lighter enjoyment.

At 9 o'clock yesterday morning the work for the day opened. Rev. J. D. Stewart, who conducts the senior normal class throughout the session, gave the second lecture in his course on "The Church Scattered and Saul Commissioned." nistake in the program the word "Saul" had been changed to "Soul," and Rev. Stewart remarked that until he saw the program he never had realized how much oul there was in Saul.
At the same hour Mrs. Mary F. Bryner

of Chicago conducts the children's class in the Congregational building. She has been in the Sunday school work for a number of years. She has a winning manner and quickly became the friend of every child on the grounds. Her course on the Holy Lands and Christ's life and works is treated in a new and interesting way.

The Ministers' Institute, conducted by

The Ministers Institute, conducted Or, Scott, met at the Auditorium at o'clock. Dr. Scott's topic was, "The Min-ister and Present Day Problems," and he took Prof. Henry Drummond as a concrete example of the relation that the minister should sustain to present day problems. He gave a short eketch of Prof. Drummond's beatrace, Neb., July 3.—(Special.)—At 2 life and then spoke of his personality and characteristics. Prof. Drummond, he said, was held in connection with the convention was a double man, a man consisting of two hemispheres, but hemispheres that when put ogether formed a complete and well-rounded sphere. On one hand he was the scientist, the university professor, on the other he was the teacher of God and God's word. These two parts the observing scientist and the devout and earnest Christian combined

o make him an enviable man.
The lecture at 11 o'clock by Mr. J. B. Kochne was held in the Auditorium and was on "The Occident—The Preparation for Christianity Through Athens and the Roman Empire.' This was his second lecture on the great religious of the world showing what they were and how they prepared for

Christianity.
At 2 o'clock Franceau, the male soprano sang several selections. He has a pleasant soprano voice of good compass, and besides being a novelty renders music that is of a high degree of merit. Directly after his recital Slayton's Jubilee singers entertained he audience. They are as popular as lasyear and please both old and young. On account of important business Prof. W

Mackenzle was detained in Chicago of that he did not arrive in time to give the first lecture in his New Testament course of Thursday. Consequently he gave it yester-day afternoon at 3 o'clock, the hour which he will have throughout the session. He gave the lecture that he was to have given Thursday, entitled, "The Central Affirma-tion of the Christian Faith." He said that the defense of Christianity depends on the knowledge that one has of Christian beliefs At 4:30 the Women's Christian Temperane Union School of Methods met in the Congregational building. Parliamentary drill was a part of the program. A short address was given by Mrs. Sophia Brunson of Col-lege View. Jennie Williams, connected with the sanitarium at College View, gave an exhibition of hygienic cooking that was of much interest.

The Doane College Cadet band gave another of their delightful open air concerts

at 7 o'clock. At 8 o'clock the jubilee sing ers gave another entertainment. At 9:15 the lights were turned out and an exhibition of Edison's amet-magniscope was given. means of this instrument moving pleture are thrown upon the screen.

This morning opened with auspicious weather and the excursion trains brought in large numbers, so that today has been the largest day of the sission. Rev. Mr. Stewart held his normal classes in the auditorium at 9 o'clock. His subject this morning was "The Church Established Among the Gentiles." At the same hour Mrs Bryner conducted the children's class is the Mr. J. B. Koehne gave another lecture 1. His subject this morning was "Judal

the Moral Preparation for Christianity Through the Jewish Race." This afternoon there was a musical pre-lude by Franceau at 2 o'chek, and then the

for an hour. The glorious Fourth will be celebrate at the Chawauria this year on Monday, the morning and evering and fill the air with national tunes. The westerful jubiles sing-ers, the most celebrated troupe of colored singers in the country, will not stint them selves, either in the morning or afternoon In their endeavors to furnish pleasure onamusement. Maro, the wizard, will perform experiments of magic, magnetism and jug glery. The famous amet-magniscope, with its moving pictures of comedy and tragedy will again be seen. On Monday excursion trains will be run from Lincoln and from Fairmont. There will be also return excus Fairmont. There will be also return excur-sion trains to these points after the evening entertainment. There may also be a return train to Beatrice in the evening.

MAN AND WIFE DROWN IN THE BLUE.

Go Out Bathing in the Evening and Fail to Return. BLUE SPRINGS, Neb., July 3 .- (Special Telegram.)-Charles Seymour and his wife of Wymore were drowned in the Blue river about a mile north of this place last even ing. They left home in a buggy for a bath but failing to return as expected, a search was made this afternoon and the horse and buggy found in the woods as also were the clothes of the couple and after wading and dragging the river some time the body of Mr. Seymour was found caught in some brush and a quarter of a mile further down that of the wife on the bed of the river. Mr. Seymour was an engineer on the B. & M. road and had been married to this, his

second wife, about a year.

three years past, but who will the year teach certain branches to the University of Nebraska. The assistant principal selected was Martha Hutchinson, A. M., whose home is at Memphis, Neb. The selection for the grammar grade was Julia. M. Wort of Lincold, Miss fluichluson and Miss Wort are both graduates of the University of Nebraska. For the principalship of the East Ward school, C. M. Sutherland of Schoyler was elected. was elected.

SUN AND RAIN AND CHINCH BUGS

Reports of Nebraska Craps Are Mostly Very Favorable. LEXINGTON, Neb., July, 3,-(Special.)-Local showers fell all over the county last

night. CENTRAL CITY, Neb., July 3 .- (Special.) -Another heavy rain fell last night. This makes three good rains during the past were entertained that the excessive heat would prostrate him, but today he is able

WEEPING WATER, Neb., July 3 .- (Spe. whilith water, Neb., July 3.—(special.)—Two or three days ago the prospects for a large wheat crop in this vicinity were never better, and the farmers were congratulating themselves on being rid of chinch bugs, but now some of the fields are alive with them, and they will ruin a large percentage before harvest.

FREMONT, Neb., July 3.—(Special.)—The intense heat and wind of yesterday culminated about 1 o'clock this morning in a

minated about 1 o'clock this morning in a severe wind storm. The mercury was very high today, being 95 degrees at noon. The Platte river, which has been full to the top of the banks is slowly subsiding. IMPERIAL, Neb., July 3.—(Special.)—While there are local showers over the county every few days, a good, heavy rain is much needed at this time. The weather is very warm. The corn crop is doing finely now, and with little rain, will make a good crop. There little rain, will make a good crop. There has been some apprehension from grass-hoppers up to the last day or so, but they are now leaving, and there is not one where there were hundreds a few days ago. They are going to the northwest. Yesterday myriads of them could be seen flying. They were flying very high, which would indicate that their journey was a long one and their destination outside the state.

HEAVY DECREASE IN MORTGAGES Counties of Nebruska Make an Excel-

lent Showing for June. FREMONT, Neb., July 3 .- (Special.)-The record of mortgage indebtedness for the month of June is the best since the law requiring such a record to be kept went into effect. The number of chattel mortgages given is thirty, amount \$29,652; released, twenty, amount \$35,833; farm morigages filed, nine, amount \$12,057; released, twenty, amount \$29,345; town and city mortgages filed, nine, amount \$7,560; released, twenty-

oscepola, Neb., July 3.—(Special.)—The following is Polk county's mortgage record for the past month: Fifteen farm mortgages filed, amounting to \$21,411; nineteen released amounting to \$21,799; chattel mortgages filed, 155, amounting to \$60,227; released, forty-nine, amounting to \$25,451. This shows a total reduction of indebtedness for the month of over \$35,000.

KILLED BY THE CELLAR WALL

Mother and Child Buried and the Little One Taken Out Dead. KEARNEY, Neb., July 3 .- (Special Tele (cam.)-On acount of the hot weather for the past few days, Mrs. William Strausbaugh, who lives in the southeast part of town, ha allowed her children to play in the cellar under the house during the afternoon. Today she went down with them herself and took a seat near the wall, holding a nursing child in her arms and a 3-year-old daughter nat beside her. Suddenly the bank gave way, burying the litle girl completely and covering Mrs. Strausbaugh up nearly to her waist and breaking her right ankle. In her efforts to get out the broken bone was forced through the flesh nearly six Inches and the doctors had to cut it off. There was no one else in the house at the time, and when the little girl was unearthed she was dead. The

FATHER MURPHY DEFIES BISHOP Promises to Hold Services Today in

TECUMSEH, Neb., July 3 .- (Special Tele gram.)-Father William Murphy received word from Bishop Thomas Ponacum of Lin oln that the bishop desired a conference with him at the parlors of the Park hotel here this norning. Father Murphy, accompanied by three citizens, called on the bishop. They found that the bishop had a priest in his company. The bishop informed Murphy that he desired a private conversation with him, but Murphy refused. Bonacum then warned Murony not to hold services in St. Andrew's hurch here tomorrow, as he was suspended Murphy assured the bishop that no deviation from his time-honored rule of holding serv ces would occur tomorrow and the confer ace, which was of but a few moments' dura tion, was at an end.

Equalization in Dawson County. LEXINGTON, Neb., July 3 .- (Special.)

The county commissioners finished their pr tracted session as an equalization board today. The complaints against the Lexington business concerns were disposed of by a nomi-nal raise. The hearings tend to show the absurdity of the entire taxation system Farms, some of which have \$19,090 improve ments upon them, are put in at \$2 per acre and pay less tax than the town residences done, while the "curistone brokers" who are known to have investments of from \$10, 000 to \$50,000 virtually escape taxation alto gether. The assessor's books show there ar a Dawson county 24,444 cattle, 34,843 hogs and 11,616 horses.

School Census of Fremont FREMONT, Neb., July 3.- (Special.)-Louis Hanson has completed taking the school eenous of this city. The total number of children of school age is 2,339. This includes forty-two children at the Orphaus' home and 186 at the normal school. Exclusive of normal students it shows a gain of forty-thre over last year. These figures indicate tha

the city is still gaining slowly in population. Young Boy Killed by Lightning. KEARNEY, Neb., July 3.—(Special Tele gram.)-During a thunderstorm last night the home of David Scheinbing, a few mile north of town, was struck by lightning and his 14-year-old sen instantly killed. His brother had hold of his hand at the time

and was severely shocked and burned, but Many Prisoners in Polk County. OSCEOLA, Neb., July 3 .- (Special.)-The sheriff of this county returned from Lincoln yesterday with two men, whom he suspects of being the men who relibed the Shelby bank and carried off \$3,000. The sheriff has more prisoners in custody now than at any time since the county was organized.

First in Four Years. OSCEOLA. Neb., July 3.—(Special.)-R. C McCandlish of Valley precinct has assigned for the benefit of his creditors. His liabilities are over \$8,000 and all the property in sight amounts to less than \$5,000. This is

the first assignment in Polk county in four

Sells Out His Law Practic WEST POINT, Neb., July 3 .- (Special.) ludge James C. Crawford has sold out h! law practice to Messrs. Anderson and Keefe two young attorneys from Iowa. This tranfer includes the judge's library, which one of the finest in the state.

Big Turupike Bridge Burned. ST. LOUIS. July 1 -A special to the Post Dispatch from Frankfort, Ky., says; The big wooden bridge crossing the Benson a New Teachers at Schuyler.

SCHUYLER, Neb. July 3.—(Special.)—
At a meeting heid yesterday afternoon the school board of the district of Schuyler finished its work of hiring teachers for the coming year, its principal task being that of hiring one to succeed S. W. Miller, who has had the assistant principalship during

Victory of Tin Plate Men Followed by a Greater Labor Struggle.

TWO HUNDRED THOUSAND MEN GO OUT

Delegate Convention at Pittsburg Votes to Inaugurate What Promises to He a Desperate Fight.

PITTSBURG, July 3.-Industrial circles were much excited today over the developweek. Farmers are complaining that the ground to getting too wet to plow. Corn is doing well. Many fields are laid by.

MALMO. Neb., July 3.—(Special.)—Yesterday was one of the warmest days of the grason. L. Isaacson, manager of the Malmo Grain and Stock company, in his constant work yesterday, was taken home sick. Fears some of the Tin Plate Manufacturers' assometer of the transfer of the Tin Plate Manufacturers' assometer of the Tin Plate Manufacturers' assometer of the transfer of the Tin Plate Manufacturers' assometer of the Tin Plate Manufacturers' assometer of the Amalgamated Association of the Amalgamated the Amalgamated the Amalgamated the Amalgamated Association of the Amalgamated the Amalgamated the Amalgamated Association of the Amalgamated th ciation to the Amalgamated Association of Iron and Steel Workers.

The miners' officials here say that idleness will prevail in the majority of all the rail and river mines in the Pittsburg district. They claim that the struggle for higher wages will be of short duration and that by reason of the great demand for coal for the lake trade at this season of the year they will be granted an advance before the operators lose large contracts for the future delivery of coal. The miners officials claim that a conservative estimate fixes the number of men who will go on a strike in Pennsylvania, West Virginia, Ohio Indiana and Illinois at 200,000. to increase this number as the etrike senti-

The tin plate workers are jubilant over the oncession made by the manufacturers. It is estimated that 5,000 skilled workmen will resume work Tuesday morning. Nearly all the tin plate manufacturers in the Pittsburg district have orders enough to keep their plants running for the next six me t few plants the entire output for the next year has been already sold.

DECISION OF THE MINERS. The coal miners of the Pittsburg district in delegate convention here today decided unanimously to comply with the order of the national executive board to strike, and all of the union miners in the district will lay down their tools tomorrow morning and ente upon a struggle for better wages, which promises to be one of the longest and most pitterly contested fights ever known in the labor world. The delegates to the convention left for their homes full of strike sentiment each man promising a complete suspension of work in the mines he represented.

The miners' officials have completed ar angements for a series of mass meetings to be held throughout the entire district, and k is believed that the effect of these meeting, will be to bring out every digger in the dis trict, those who are under ironclad agree-

TIN PLATE MEN'S VICTORY. Skilled tin plate workers identified with the Amalgamated Association of Iron and Steel Workers scored a decisive victory to They secured an advance in wage and a protective clause that tin plate mills will not manufacture sheet fron. The workers are jubilant and look upon the future with hopefulness, as it is claimed that the signing of the remaining scales of the association is but a question of time. The conference between the scale commit-tee and a committee of manufacturers adjourned this morning after having been in session two days. The workers wanted an advance of 15 per cent, which the manu-facturers were not inclined to give. A re-adjustment was made, which would give the workers an average advance of about 8% per cent. After considerable discussion the workers agreed to the proposition, provided the manufacturers signing the scale would agree to give them a protective clause guaranteeing that the tin plate mills would not manufacture sheet iron in the event of the market for tin becoming depressed. The proposition was agreed to and be sides adjourned apparently well satisfied. The settlement means much to the work ers. It is estimated that more than 5,000 skilled workers are affected, and many plants will resume work Tuesday morning. A steady run for some time is promised.

settlement will have a marked effect or hastening signatures to the rem scales, especially the sheet Iron scale. In case a strike among the coal miners in the Pittsburg district is declared at the con ention today, 21,000 miners will be concerned n the result. Many of these however, have not been working regularly for some time. In the Clearfield district 10,000 miners are employed when the mines are running and President Dolan says the whole district will elso go out. The number of men in other 2350 go out. The number of men in other states who are concerned in the present strike, so far as can be estimated, are as follows: Ohio, 25,000; Illinois, 40,000; Indiana, 90,000, and in West Virginia about 22,000 men, a total of 142,000 all told.

The miners employed in the vicinity o Greensburg will not join the strike, but on the contrary are preparing for a rush of work. The Greensburg, Madison, Hemp-field and Carbon Coal companies employ about 1,500 men who have never been identified with the miners' unions and have al-ways been paid the highest scale of wages. The inauguration of the general strike eans steady work for them and as much it as they can perform. During the gen ral strike of two years ago the miners and operators of Greensburg literally coined noney, and their experience at that time is

guiding the men now.

The resolution to strike was unanimously donted by the miners' convention this aft on and a general suspension will be ordered at once.

Shortly after the adjournment for lunch President Dolan received the following tele gram from President Ratchford:
COLUMBUS, O. July 3.—We are out for
living wages. The issue must be met squarely
and determinedly and success will attend the
greatest movement the country has ever

THESE WILL NOT STRIKE. LOUISVILLE, Ky., July 3.—A special to the Times from Washington, Ind., says: The order of the national board of the United Mine Workers, commanding coal miners to strike, will be disregarded here. Cabel & Co., miners, have been out since May 1 on account of a disagreement and Wilson's miners will continue at work,

nade special agreement with their employ LOUISVILLE, Ky., July 3.—A special to the Times from Middlesborough, Ky., says: There will be no strike of coal miners in the Middlesborough district. The miners get good wages and are satisfied and no walking dele

having by consent of the state organization

wages and are satisfied and no wanking dele-gate, it is said, could force them out. They will disregard the order to strike, MACON, Mo., July 3.—Meetings have been held by the miners of Bevier and Ardmore, Macon county, this week, and it was decided o remain at work. A committee from Hunta-ville met with the men at Ardmore for the ourpose of securing their co-operation in a strike, but the Ardmore men did not go out. It will take considerable pressure to force the men of this county out, as their experi ence in striking in the past has been unfor

PitILIPSBURG, Pa., July 3.—The strike called by the United Mine Workers' officials will not affect the miners in the Central Pennsylvania coal regions, in some portion of which hundreds of miners have been on a strike for a month, notably in Cambria county. Should the operators in that county succeed in forcing a reduction it is believed the reduction would become general in the Clearfield and Beacon creek regions at all mines. Operators in this vicinity express the opinion that the general strike in the west will not cause any advance in price. ALTOONA, Pa., July 3.—Up to the pres-ent time the minera in the Cambria and Clearfield regions have made no declaration

regarding the strike ordered by the executive board of the United Mine Workers The miners here are working under a poo agreement made by the Pennsylvania oper-ators a year ago, which has not been broken If the miners in this region should strike and there is no indication of such action ust now, it will be merely a sympathetic

TWO THOUSAND WALK OUT. SPRING VALLEY, III., July 3.—The 2.00 miners of Spring Valley gave up their places in the mines and went out on a strike today. It will not be known until Monday morning whether the company men and cagers will go out or not. On account of this suspension the company has been unable to stock up its cus- They fear if they strike the stores will refuse

MINERS DECIDE TO STRIKE HUNDREDS ARE UNDER TREATMENT.

The Weak and Debilitated Surprised at the Promptness With Which Relief is Obtained, Energy Renewed, Vitality Strengthened and the Whole System Touched Up.

The accompanying out represents our large Electro Static machine and one way of applying electricity to a patient. We also have in our office wires connected with two sets of dynamos, which furnish different kinds of current. We have instruments with which these currents are modified and controlled at will and applied to patients according to their needs.

If you have an ache or a pain that you would like to get rid of in from two to five minutes, or if you have any stiff joints or paralyzed limbs, or if you are weak or nervous or dependent, come in and get a trial treatment free of charge. f you have any stiff joints or paralyzed lines, or it you lie then, come in and get a trial treatment free of clearse.

SEE WHAT A HARD-WORKED STENOGRAPHER SAYS:

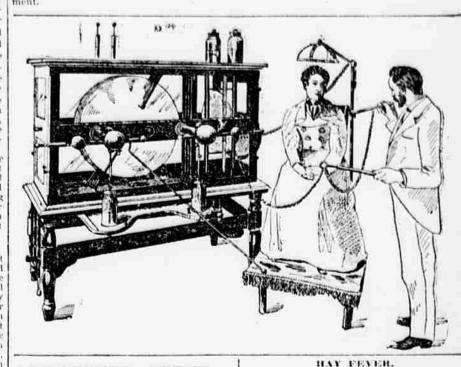

"After five years of constant and hard court work with a heavy typewriter. I found my hands and arms growing weak, numb and painful, with all thighing sensation all through them. This gradually increased from week to week for several months, until I was hardly able to use them at all. In fear that I should entirely lose the use of my hands. I went to the Shepard Medical Institute, where they assured me that they could

cure me.

"I decided to try a month's treatment. The doctor applied electricity to my arms so skillfully that at the end of the month I found that I had no trouble whatever and could do my work easily."

MARION WILLIAMS, 2550 California St.

Miss Williams may be found at her busy work in the office of the Cierk of the District court, at the Court House, any day, where she will be glad to verify her statement.

DEAFNESS CURED.

Samuel Alkire, Ashland, Nebraska, is bright lad, whose deafness a short time ago promised to deprive him of his education. He had to leave school on account of this affliction. His statement, given below, is absolutely correct in all particulars and is endorsed by his parents and relatives. He

endorsed by his parents and relatives. He says:

"I was deaf about two years. My hearing at first began to be slow, and then it got indistinct until I found I was really deaf. As the hearing falled I began to hear buzzing sounds through the head. These noises were sometimes loud and sometimes faint. Much of the time it sounded as if I was in a big shop where heavy machinery was running. The roaring, buzzing and ringing noises were always present. Dr. Shepard began my treatment by curing my catarrh. My tonsils were enlarged and spongy, and my nose was nearly choiced up by catarrhal swellings and discharges. I began to improve in hearing almost at once, and it is now as good as can be. I hear perfectly."

THE NEW BOOK.

"The New Treatment: How It Cures," is the title of Dr. Shepard's book, which is now in circulation. It is full of facts of interest to alling people and contains fine half-tone engravings of scenes in the extensive offices of the Shepard Medical Institute. Those who apply in person or by letter may have a copy free.

OPERATORS EXPECT A STRIKE.

are working at all places today except at Reynoldsville, where they are idle on ac-

ount of holiday observance. The operators

anticipate a strike after the Fourth. The miners are working at 30 cents per ton, the

awest rate ever paid here, and are dissatis-

ied. It is reported that the Northwestern

Mining company mines at Brockport, Cren-

shaw and Shawmut will quit work today. At Tyler the men have been out for several

days on account of a cut from 40 to 30

COLUMBUS, O., July 3.-The General

Hocking Valley Coal company expected a rush of orders from the railroads as a on as

the strike was ordered, but it failed to

develop, which would seem to indicate that a great deal of coal is in stock. There will

pool are concerned. Everything will be shut

Hocking valley operators would be only too

glad to pay their miners 60 cents if Pitte-burg miners can secure 69 cents. This 9-cent differential, said an official of this com-

pany, must be maintained. There are some twenty-six mines in the General Hocking company. They are the Morrie Coal com-

pany, New Pittsburg, Hocking Valley, Green-dale, Lest Run, Maple Hill and other companies. Horses, men, imple-

ments, everything is closed for good until next January if necessary. The strikers

Onio operators are firm for the 9 cents differ-

OPERATORS WELCOME A STRIKE.

ST. LOUIS., July 5.-St. Louis coal operators, most of whom own mines in Hilinois.

would welcome a strike as the means of leading up to an adjustment of prices and placing the market on a better basis. The St. Louis market draws most of its bituminous coal from the central and southern illinois districts, and, despite the announcement that the strike will go into effect to-morrow the operators do not think their fields will be affected for two weeks, and perhaps three.

perhaps three.
It is doubtful if the miners of the Belleville, Ill., district will quit work in a body.
They are poorly organized and there is a

leaving them in a worse condition than be-fore. They are working only about half time, and many of them are not making

in favor of the miners. The miners of this city are not in good circumstances and many of them will suffer if the suspension is protracted. Telephone messages from Scaton-ville, Ladd, Marquette and other mining camps in this vicinity report that the miners at those places will join the national move. camps in this vicinity report that the miners at those places will join the national move-In Macon county, Missouri, in which are situated the large Bevier and Ardmore mines, the miners have expressed no grievances, and the most reliable informament. Monday morning there will be 3,000 idle men within six miles of Spring Valley, exclusive of La Salle and Peru. The men say they are determined to remain out until the price of mining is raised. Miners have in obtainable from all the mines than norning is that they will not endorse the trike order sent out from Columbus. the sympathy of business m. n. many of whom are in bad circumstances, brought on by the continued reductions that have been forced PEORIA, Ill., July 3.—It is said by one of the operators that the miners in this locality upon the miners during the last four years. BRAZIL, Ind., July 3.—The coal miners of have decided to wait and see what others do before going out on strike. As far as can be judged from present indithis district met in mass convention here today, W. J. Knight, state president of the United Mine Workers' association, addressed them. He described the condition of the

cations, it does not appear probable that the will join the general sirike, or that the min-ing companies will be affected in any way. The only places in that section where the miners as pitiful and admonished them all to join in the strike. The proposition to suspend work was put and carried by an unan-imous vote. On account of the fact that all miners are out is at Norden and Audubon, where the men have been out several weeks. the mines in the district were not represente: They struck for more wages and the trouble will probably be adjusted by the State Board It will doubtless concur in the action of the FIT DAY FOR THE MOVEMENT. DUBOIS, Pa., July 3.—The Rochester and Pittsburg Coal and Iron company miners

COLUMBUS, O., July 3.—President Ratch-ard of the United Mine Workers says of the ilners' strike:

"The exact date of the miners' national suspension has been a matter of speculation with the newspapers of the country for weeks past. We are very thankful to the press for the friendly mention which this great movement has received from every quarter. With the press and the public it is not a question of should or should it not take place, but rather a question of when shall the movement for living wages be inaugurated. Independence day was chosen as a day well befitting our demand. It is the anniversary of our political independence, let it also mark the beginning of sn era of industrial freedom, and as our revolutionary fathers freed themselves from for-eign rule let the miners of the country free themselves from the domination of their appressors and west forever from their limbs the fettere and the shackles of sla-very. Independence day cannot be celebrated by American slaves in a more nativities man by American slaves in a more patriotic man-ner than to make proclamation to the world that they shall not longer submit to indus-

trial servitude. "Our present suspension is not of our choice; it is forced upon us by continuous reductions in wages until the point is reached where living by our industry is no longer possible. Our miners everywhere throughout the country are ready for it as a last resort, and there is no doubt that it will be the greatest movement of its kind have the sympathy of these companies. F. will be the greatest movement of its kind W. Brooks is necretary of of the General this country has ever seen. Reports from Hocking Valley acsociation. This association every mining section indicate the temper and determination of the miners, and show

deals with the miners in all disputes. Mr. Brooks believes the strike is unwise on the part of the Ohio miners. He does not beconclusively that this movement must con-tinue until living wages are established."

"The convention held in Pittsburg today will be unanimous in their support. Those miners who have been forced by poverty and leve the miners can win the strike for 60 cents in this state. He said the fight had better be confined to the Pittsburg district, where the cut below the old scale was made by those who do not want to pay the new or projosed 69-cent scale. Mr. Brooks and all Olito operators are firm for the 2 cent differ. the cruelty of unscrupulous employers of that district to sign fronclad contracts will throw them up as they should do and join the suspension. "I am not fearful that the miners will in

any case violate law or order; this will be a peaceful contest and violence must not enter into it. Public opinion is with us; telegrams and letters from men in all walks of life are nouring in endorsing our action, The great body of the people are on our are preparing for the threatened strike, and so are the consumers of the city. Orders enough have been received during the past five or six days to put in operation all the mines in southern and central Illinois. The St. Louis coal market was never in a more demaralized condition than at present, and some of the operators declared that they would welcome a strike as the means of leading up to an adjustment of prices and

The great body of the people are on our side and we mean to retain their support by strict adherence to law and order.

"The independence proclamation of the United Mine Workers of America is that industrial despots and despotism must forever be suppressed. With this inscribed upon our banner, and with 200,000 men imbued with a purely American spirit to carry it aloft, success will crown our efforts."

it aloft, success will crown our efforts." Cotton Mills Close LAWRENCE, Mass., July 3.-Notices were

posted in the Everett and Pemberton cotton mills, informing the employes that operations would be suspended till Monday, July 12. No reason is given for the shutdown. About 2,000 operatives will be affected.
