Widow of James A. Jackson Claims

Valuable Business Property. ORI SIOUX CITY, Sept. 27.- (Special Telegram.) A deed has been filed in the office of the ecorder of Woodbury county which puts a Hoff

cloud on the title of block eight-six, right in the business porilon of Sigux City. This deel is made by Mrs. Henrietta Jackson, widow of James A. Jackson, to her daughter, Mrs. A. Wilson, and she conveys a one-half interest in her claim to her dower rights in all this property. It is impossible to esti-mate the value of the property to which Bost Wasl

Mrs. Jackson has claimed pri interest, as it is in the very heart of the city, tocluding all of the property north of the Missouri river

east from Perry Creek to Jones street and running north to Fourteenth street. Some weeks ago suits were commenced in the district court by Mrs. Jackson against Schulein Brothers and against the Old Sloux City Land and Ferry company, in which she claimed an interest in all of their property situated in this district as her dower from the estate of her husband. The Schulein case is simply a test case, but the control versy is over a piece of property on the prin-

clpal business corner of the city. The other suit involves valuable properties along the river front which is now claimed by the Sloux City & Pacific railway company controversy over this property dates back to the location of this city about 1855. James A. Jackson was one of the original owners if the townsite company and it is thus that

Mrs. Jackson hopes to establish her claim This last move of putting a cloud on the title of al lthe property has caused much agifor the reason this deed will have to show in every abstract.

There have been few, if any, rowda as large in the history of the game. The story of what happened today may be

T. C. Jeffreys and C. A. Knott, Union Pacific employes, were arraigned in Justice Ferrier's court yesterday charged with illegal fishing. They were arrested by Deputy Fish Commissioner Carbee on Sunday after oon while fishing with a throw line at Honey creek lake. The men claim that Car was on the ground when they began fishing and one of them asked him if it was contrary to law to use such a line and was informed that it was not, in his opinion, They say the deputy commissioner stood by and watched them bait their hooks and cast the line a number of times until they caught fish. Then he showed his star and placed them under arrest, after confiscating their line and the fish they had caught. This statement is contradicted by a witness who testified in the case yesterday and who said that he was the man to whom the question was propounded. The hearing of the men was continued.

The resolutions reiterated he standing declaration of the church that the the liquor traffic "can never be legalized with-

out sin." Steps were taken to make permanent the Young People's Educational society, the Ep-worth assembly, which held its first meeting at Colfax this summer. This assembly is formed from the membership of the Epworth league throughout the state and the work is similar to that undertaken by the Chau-

tauqua circle. The appointments of ministers to the charges for the coming year make few changes in Council Bluffs. Rev. J. H. Sensency is returned to the pulpit of the Broad-way church and Rev. G. P. Fry to the Fifth avenue charge. Rev. James Sims is also sta tioned as supply at the Epworth church.

Matters in Probate Court. The will of the late Lucy Wilson was ad-

mitted to probate in the office of the clerk of the district court yesterday. The will conveys considerable property, and the probabliity is that there will be an attempt to break it. W. K. Kilpack, mayor of Neola, was named in it as administrator, but he tor; came into court yesterday and refused to liste, serve. Mrs. Wilson's husband, J. C. Wil-son, was then appointed executor. In the Melnes, will be is given a life interest in all of the $M_{\rm c}$ A. property, and at his death everything goes to his two living daughters, Mrs. Lena Cotlister and Mrs. Lucy Gittins. There were two other daughters in the family and both are now dead. One left four children and the other two. By the conditions of the will these grandchildren are cut out eny. Two of them were present yester-when the will was admitted, and when tirely. asked if they desired to hear it read in-formed the court that they did not and had no objections to offer. When they learned they were not remembered they im-iately left the court house for the purthat modiately

pose of hunting up an attorney to bring a suit to break the will. The property con-veyed consists of a farm and considerable residence property in this city. The will of Maren Peterson was filed for record yesterday. The final report of the executor in the estate of L. Stienkompf was made yesterday and he was discharged. Marriage Licenses. days' cricket match begin on Friday morning last between a picked team of Phila-delphia amateurs and Captain Warner's Eng-lish amateur team ended this afternoon in a victory for the Philadelphians with four wickets to spare. The geore stood: English, first linning, 63: second? inning, 372. Total, 435. Philadelphia, first ipning, 42; second inning, 394 (with the best of six wickets.) Total, 436. Though the first inning of the Englishmen ended so disastrously they in great style in their "second and second and when stumps were drawn Saturday evening had tallied 285 runs for the loss of only four wickets. They could not keep up this aver-age today, however, and the full quota of wickets with the addition of only 87 runs brings their total for the innning up to 37 brings their total for the innning up to 372, and their grand total up to 435. Head and Lavesan-Gower did some splendid work with the bat in the second inning, the former passing the century mark. He was caught on a short raised ball when he had scored 101. fourth inning, after being trampled upon and severely sturned by Jennings at second, he made a grand run for home on Lowe's single, falling heavily, pluckily crawled toward the base, almost fainting as he touched it. Again, at the end of the game, 10,000 people gathered about the visitors, shook them by the hand, shouted cheerful pleasantries at them, told them what good fellows and fine players they were and finally sent them away with such a shout of approbation as to make a fitting climax for the greatest base ball spectacle Baltimore has ever seen.
