Some Information Concerning the this fall. Agricultural Situation in Nebraska.

PROSPECTS FOR NEXT YEAR'S CROPS

tabulated. It has been synopsized and is here presented in the briefest possible form. The notes concerning the counties mentioned below will be found of

ADAMS COUNTY. A syrup manufactory is running night and day, making syruo from sorghum cane. There will be a large increase in the acreage of winter wheat; about one-third of the cultivated land will be sown to wheat. The winter wheat is now all up, and the earliest sown covers the ground. There has not been any great increase in settlers yet, but many are looking over the county with the prospect of buying, and a considerable num-ber have purchased land and will move in ber have purchased and and will move in later in the fall or in the spring. Inquirles for land come from Ohio, Pennsylvania. In-diana, Illinois and Iowa. About half of last year's wheat, half of the corn and half of the oats are still in the county.

ANTELOPE COUNTY. H prices continue good there will be ar increase in the acreage of spring wheat. Very little winter wheat is raised in this county. The acreage this year is much greater than last. Many who left this sec-tion during the period of depression are com-ing back. About one-tenth of last year's wheat, one-fourth of the corn and the same of cats are still held in the county. BOONE COUNTY.

There will probably be about 3,000 acres flux of settlers to the county. winter wheat sown this fall. A number of new settlers are coming in and the country is presperous. About 30 per cent of the last corn crop and 5 per cent of the oats are still held here.

BUFFALO COUNTY.

There will probably be from 20,000 to 30,000 acres sown to winter wheat and rye this About 500,000 bushels of last year's corn is still in the county. some new settlers come into the county this

BURT COUNTY.

Of last year's crop there still remains in the county 50,000 bushels of wheat, 800,000 of corn and 200,000 of cats. No definite data to the fruit crop, but this is one of still in the county. There have been a constitution of the first county and the first crop, but this is one of the county. There have been a constitution of the first county and the first county are the first county and the first county are the first county. There have been a constitution of the first county and the first county are the first county and the first county are the first coun yield has been abundant this year. BUTLER COUNTY.

There will be an increased acreage winter wheat and the area sown will probably be about 15,000 acres. There still remains in the county of last year's crop about 4,000 bushels of wheat, 120,000 of corn and 30,000 of oats. There has been no great increase in population during the year.

CEDAR COUNTY. There will be an increase in the winter

ready sale. cent of the corn and 60 per cent of the oats WHEELER COUNTY There will be an increase in the amount of wheat sown. The acreage for next year

There will be an increase of 30 per cent in the fall wheat acreage. A number of new settlers have located in the county this fall and there has been a decided stiffening in farm values. Three new sheep feeding ranches have been

HOW TO REST.

Some Observations for the Benefit of Victims of "That Tired Feeling." The length of time devoted to sleep in the twenty-four hours should never be less than pight, though some recole require were and eight, though some people require more and eight, though some people require more and some less than this. But where there is great brain strain even nine or ten hours is hardly enough to restore the wasted vitality. Where a person is delicate, or recovering from an illness, an extra nap should be taken in the afterness. Half an haure sleen there in the afternoon. Half an hour's sleep then will do all the good in the world, and if one has had at all a sleepless night will freshen him up for the avening

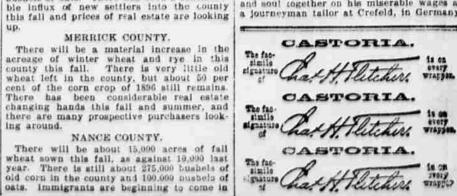

of the very greatest value as a rest tonic.
Where one is fond of children, an hour spent
in the nursery will be most resting and send
one back to work with all the cobwebs brushed away.

The Fairbury creamery handles the milk of 2,000 cows and pays out \$8,000 per month to the farmers. The wheat acreage will almost be doubled, the acreage for this fall being about 30,000. Not much old wheat in pers, or w To insure a good sound sleep, the brain must not be too much exercised just before going to bed. People pore over business pa-

> and the awakening is far more refreshing. In warm weather this afternoon nap can be taken out of doors, provided that you sleep in the shade and that the head is well protected. Great care must be taken never to wake anyone, especially a child, by a sudden, violent noise, as in this case most

> of the value of the sleep and rest is entirely done away with.
> It might also be remembered that to neglect the digestion is a certain way to rob one of getting any proper rest. You cannot have complete repose of mind and body when your digestion is out of order, and when you have eaten food that disagrees you feel too painfully impressed by the fact to be able to take your rest with any amount of comfort.

> left personalty amounting to over 1,000,000 florins, about \$500,000. As the deceased was never married and had no children her for-tune goes to her brother. Herr Gerhardt Wolter, who has hitherto had to keep body

en some new settlers come into

CHASE COUNTY.

Stock raising is the principal industry in this county. There has been a larger immigration to the county in 1897 than for several years, and there are many more coming in and looking over the county with a

great value by all who are interested in amount of attention, and bring into the county in this section is spring. There has been a annually a large amount of money. About 25 consider per cent of the 1897 wheat, 75 per cent of the county. 1896 and 30 per cent of the 1895 corn still remains in the county. The towns are fill-ing up, and there is a brisk demand for farm

POLK COUNTY.

The cattle industry monopolizes most of the attention in this county and from now on it will continue to be a still more prominent feature of the industry of the county.

land by renters.

fall. Of the 1896 crop there is still held in the county one-third of the wheat, one-half of the corn and one-third of the oats. SCOTTS BLUFF COUNTY.

There is no winter wheat raised in this county, but there will be a small increase in the acreage of rye. About 20 per cent of the 1896 wheat crop is still held in this

There will be very little change in the amount of wheat sown this year, as compared with last. There is very little of the 1896 crop still held here. There have been a number of families located in the county this fall and a still larger number of prospective settlers have visited the county and there is every indication that many of them will settle here between now and spring.

corn and 20 per cent of the cats are still in the county. There has been a considerable increase in the population of the county and plow land is in brisk demand. There will be a slightly increased acreage of wheat. None of the 1896 crop is held, but of corn one-fifth is still here. The increase A factory using the product of about 2,000 acres of sorghum cane has been put in opera-

25,000, as compared with 12,240 this year.
Old crop all disposed of, but two-thirds of
the corn is still held in the county and oneyears of depression are returning to stay. half of the caus. Good farms are finding.

About 25 per cent of the 1896 wheat, 40 per ready sale.

Most of the county is used for hay and grazing purposes and there is a rush among cattlemen to get possession of good hay and pasture land, which has been somewhat of a drug on the market during the years when the stock business was unprofitable.

VORK COUNTY. will probably be about 3,000. Ten per cent of the old wheat, 30 per cent of the corn

wheat sown, probably 6,000 acres of wheat and 8,000 of rye. Very little old wheat is on hand but there still remains about one-third of the corn and one-eighth of the 1896 oat crop. There are a few new settlers There will be a heavy increase in fall wheat and rye and the acreage of wheat will probably amount to 32,000 and of rye 10,000 acres. The corn crop is about the same as last year. There are some new settlers

There will be a material increase in the amount of fall wheat sown. The total for this fall will probably be about 65,000 acres. No old wheat in the county, but about 25 freshen him up for the evening. To a person who uses the brain a good deal, a light novel or an amusing book of travels or social essays will be found to be per cent of the last crop of corn and 10 per cent of the oats. Not many settlers are com-ing in, but many who formerly rented are

The wisest and most sensible plan, and the most resting, is to do no hard writing, or There will be an increase of from 20 to 25 per cent in the acreage of fall wheat and per cent in the acreage of fail wheat and research the county and the same is true of oats, but about one-third of the 1896 crop of corn still but devote your evening to amusement and rest. If you want to read, read a novel, remains. There are many new settlers coming in and considerable land is changing hands.

JEFFERSON COUNTY.

The Fairbury creamery handles the milk thinking.

> pers, or write letters, or read exciting books, and then wonder very much that they lis awake restlessly tossing for an hour, or even longer, before they can fall asleep. When sleeping in the afternoon a hammock is the best thing to use to rest in.
> It is far less exhausting than a sofa, or bed.
