## THE TOMB OF JULIET.

Heroine at Verona.

In all Italy-some would say in Europe-there is no more picturesque monument than Juliet's tomb, in the world old city of Verena, relates the New York Herald. to Go to Verona today and you will find in one of the deserted streets an old, smoke stained hostelry, in which macaroni and sour wine are dealt out to laborers, amid much shouting and swearing. Rather a disreputa-ble looking place, and yet it was once the ble looking place, and yet it was once the palace of the Capulets. Over the stained R decreasy may still be seen the little hat, or cappalletto, which has for centuries been the escurcheon of this one famous family.

Frans-Pacific mails are forwarded to port of sailing daily and the schedule of closing is arranged on the presumption of their uninterrupted overland transit. \*Registered mail Romeo are largely mythical personages. On this point Lord Personages. Romeo are largely mythical personages. On this point Lord Byron says in one of his let-ters from Verona: "The Veronese are enacious to a degree of the truth of Juliet's tory, insisting on the fact, giving the date 1303, and showing a tomb. It is a plain, ope and partly decayed sarcophagus, wit withered leaves in it, in a wild and desolate conventual garden—once a cemetery, now ruined, to the very graves. The situation truck me as very appropriate to the legend,

being blighted as their love." Since Hyron's day the tomb has been re moved to the garden of the Orfanotrofio delle Franceschine, where it is shown to tourists for a fee of 25 centesimi (5 cents in American money). Apparently it is always guarded, and for an excellent reason. Howells, in his "Italian Journeys," asks pertinently: "Does not the fact that this relic has to be protected from the depredations of travelers, \*\*5:00 pm protected from the depredations of travelers, 10:25 am who could otherwise carry it away, piece 10:25 am meal, speak eloquently of a large amount of 5:00 am yulgar and rapacious innocence drifting meal, speak eloquently of a large amount of vulgar and rapacious innocence drifting about the world?" The same writer proves conclusively that the Capulet family has failen far from its former greatness. Speaking of the old palace, he says: "There was a great deal of stable litter and many empty carts standing about in the court; and, if I might hazard the opinion formed upon these and other appearances, I should say that old Capulet has now gone to keeping a hotel, united with the retail liquor business, both in a small way." Sie transit gloria mundi. \*9:10 am The English speaking world is indebted to Shakespeare for its knowledge of Juliet, and Shakespeare evidently got the wonderful love story from Paynter's "Palace of Pleasure," as well as from a poem by Arthur Brooke, which was published in 1562 under the title "Romeus and Juliet," The latter work contains the following quaint
