While this has been called a quiet campaign the audience that congregated at the republican headquarters at Thirteenth and Farnam streets last night to hear republican principles discussed was one which would have been significant even in the enthusiasm of a national contest.

Ladies' underwear. We want to close out all small lots, all odds of fine goods, vests, pants and union suits, goods which sold up to \$2.00 per garment, in one lot Saturday, 85c. Most of them will be sold by noon, Union suits at 85c, \$1.00, \$1.25. Vests and pants, 10c, 25c, 35c, 50c, 85c and \$1.00. Every number extra good value.

Men's underwear. Three specials for Saturday. Heavy weight camel's hair mixture in shirts and drawers at 50c. Second. All wool in natural gray, splendid stock, good weight, Saturday 75c. You will find it troublesome to match at \$1.00. Third. A fine soft pure wool, plush back garment, worth now in mak-

ers' hands \$12.00 per dozen. An early purchase before Mr. Dingley got in his fine work enables us to sell them Saturday at \$1.00 per garment. Men of Omaha, this is a great opportunity.

Ladies who have not visited our cloak and suit departments this season are invited specially for Saturday. The compliments heaped on us daily spur us to greater things. We never have shown such a large and handsome selection. The small prices will surprise you.

Hundreds of customers who have looked and looked all over the city came back and bought at our dress goods department. They say we have an unmatchable stock. We want your opinion also. You will not be considered troublesome if you don't buy.

Don't overlook the glove counter Saturday. We have thrown on the counter all the small sizes in Trefousse 4-button suede and mosquitoire, sold from \$2.00 to \$2.25. BRADSTREET'S REVIEW OF TRADE

Business in Nebraska Improve the Agricultural Outlook.

NEW YORK, Oct. 22.—Bradstreet's tomorrow will say:

The general trade movement is somewhat irregular and there are further evidences of falling off in demand the volume of business continues of large proportions. Speculation in wheat has increased and the demand for the staple is less than for some time past. The combined distress and weakness of raw cotton and jobbers report dry goods slower than a week ago.

Interior merchants in the central west have not distributed full stocks as promptly as expected and many jobbers at western centers are ordering to carry them into stock. Unseasonably warm weather has interfered with the movement of heavy goods at the west, but rains in Kansas, Oklahoma and Nebraska have improved the agricultural outlook. Relatively the greatest activity in trade is reported by Kansas City, Omaha and St. Louis.

Wheat in Louisiana, business throughout the country and a tendency of collections to fall away, notably Baltimore owing to its southern connections.

REVIEW OF THE STOCK MARKET

Liquidation is Over and the Market Rallies Slowly.

NEW YORK, Oct. 22.—Bradstreet's review of the stock market tomorrow will say:

Liquidation, resulting from the recent speculative excitement seems to be over and the market this week displayed more or less disposition to rally. The presence of the leaders acting on the side of the market was evident at times, and the communi-

SECOND DAY OF REGISTRATION

Indications that a Light Vote Has Been Recorded.

Yesterday was the second day of registration and the returns from a number of the downtown precincts indicate a decidedly heavier registration than was predicted on the books on the preceding day. As a matter of fact there must be a veritable boom in registration if anything like the full vote of the city is recorded. The last registration was nearly 20,000, but last Thursday less than 4,500 names were received. If the registration averaged eighty voters in each precinct yesterday and the city authorities are correct, the total will then be only 16,660.

There is no doubt that the population of the city has been materially increased since a year ago and the city authorities are of the opinion that the registration for 1907, the total will then be only 16,660.

BOARD OF EDUCATION CANDIDATES

Names of Those Upon the Respective Party Tickets.

Since the city conventions were held there have been a few changes in the list of candidates for members of the Board of Education nominated by the fusionist.

Elmer E. Thomas, a populist, was nominated for the full term, and J. C. Whinnery for the one-year term. Thomas afterward declined to make the race, and Whinnery declined to stand for the short term. The democratic committee met and elected a vacancy by moving Whinnery up to the full term made vacant by the declination of Thomas and then put on John M. Chambers to take the one-year term left by Whinnery.

These changes will make the candidates of the two parties for the respective terms as follows: A. H. Burdick, Samuel Ross, H. Hart Williams, S. D. Mercer and J. C. Whinnery for the two-year term, to fill a vacancy; the republican candidate is A. W. Johnson. The fusionists present M. P. Funkhouser; and for the one-year term to fill a vacancy the republican candidate is Andrew Kiewit, while opposed to him is John M. Chambers, fusionist.

Arguing Yecker's Suit

A demurrer to the petition on the strength of which J. O. Yecker expects to secure a writ of mandamus against the Nebraska Telephone company to reduce the tolls for telephone service to a month was argued yesterday before Judge Scott. When the judgment was taken in the afternoon the case had not been completed. It will be resumed next Thursday.
