Kid Gloves 79c per pair

Saturday's Glove Selling to be one of the leading features at our store on this day. We will place on our counters 300 pairs of The Genuine Foster Gloves in suede and glace mousquetaire, in staple and light opera shades,6 and 8 button lengths, our \$1.75 and \$2.00 grades-

Saturday 79c a pair.

Omaha's Greatest Cloak Departm't Why do we sell more Clorks than any other store in the city? We have lots of good reasons to give—for instance, selling as we do thousands of garments

enables us to show an unequaled assortment. We sell garments for their intrinsic valuesnot a value put on them because they may be novelties which no other house can show. Another and better reason, our goods are marked in plain figures, as we see no reason why our customers should not see and know the prices as well as ourselves.

If you contemplate purchasing a Jacket or Cape-visit the store where YOU KNOW you will get value received.

Saturday is Children's Day

We like to please the little ones-If you have not bought their new Coat till now-come in tomorrow and we will show you the most handsome line of little jackets ever shown at prices a great deal less than you expect to pay for such goods.

They reached us today.

HOSIERY

by day's labor. Mr. Kirkendall was also authorized to have

sentry boxes made for the watchmen at the gates into the exposition grounds in order National League Rules Against Postmportant results of today's meeting of the National Base Ball league was the abolish-

son games, which have been played be tween the clubs ending in first and second tween the clubs ending in first and second places the last four seasons. The resolution prohibits exhibition games at any time be-tween National league clubs and declares that the league shall in no manner author-lize or lend its support to any game or games between the clubs of its membership except those provided for in the regular adopted schedule. A committee consisting of Messre, Young, Byrne and Watkins was appointed to communicate with Mr. Temple of Plitishurg, the donor of the prize, to as-certain his desire as to the disposition of the cup.

a particular time during the exposition and no attempt made to keep the live stock portion of the exposition running during the entire time the exposition will be open. Mr. Bruce endorsed this suggestion and also The proposition from the minor leagues

The proposition from the minor leagues, which modifies the rules relating to the drafting of players and which was favor-ably recommended by the national board of arbitration, was adopted. It provides that no player in the Eastern, Western or At-lantic leagues shall be drafted by the major league until he shall have been two years with the minor league club and that not more than two players can be drafted from any club of these leagues. The present national board of arbitration, consisting of Messrs, Young, Robinson, Soden, Byrne, Hart and Brush, was re-clected and the board of directors, which is chosen by lot, will consist of Messrs, Yon der Horst of Baltimore, Reach of Phil-idelphia, Earle Wagner of Washington, Puillam of Louisville, Yon Der Ahe of St. Louis and Watkins of Pittsburg. The treasurer was authorized to present be kept open during the month of October, provided that these dates should be made flexible so as to not interfere with exhibi-tions of live stock or poultry held at other ooints, where exhibitors might want to at-end both. The committee approved the

THOMPSON, BELDEN & CO.

of uny former exposition.

Mr. Rosewater moved to amend Mr. Kirk-mong citizens generally for several weeks. The general opinion has been that such a change was imperative and this sentiment special meeting to be held for the purpose at 4 p. m., Monday of next week. Resewater. DEPARTMENTS ALL OVERCROWDED.

Regarding the question of a director general Mr. Rosewater said there are now six heads of departments, but none of them de-vote all of their time to their department. He said the exposition had reached a critical stage and work must be pushed. The cold weather is at hand when little work can be done outside and every effort should be made to have the buildings under roof as soon as possible. Double shifts of workmen should be employed and the grounds lighted by eleclights in order that the buildings may be advanced us far as possible before cold weather sets in. Mr. Rosewater reviewed the work of the directors general of former exponentions, who were compelled to be on the work at all times. He said the work of the Department of Buildings and Grounds was enough for any three men and it was a physical impossibility for one man to perform the duties of that department alone. The same would be true of the Depirtment of Exhibits later on and a man would have to be secured who could give all his time to the position.

Mr. Lindsey opposed the idea of a director general unless a man could be secured who would do the work without any pay. This suggestion found no supporters

the motion was amended and carried without a dissenting voice.

The president appointed as this commit-tee Directors Kountse, Murphy, Manderson, Bidwell and Webster. It was stated that Mr. Murphy was out of town and would not better the state of the

return for several days. Mr. Carpenter was then substituted in his stead. Mr. Kountze and Mr. Bidwell each sought to evade the duties of the committee work by saying that they were very busy and would leave the city of Thesday, but no excuses were ac-

cepted and the meeting adjourned forthwith.

against Yale. The odds on the Harvard-Yale match tomorrow remain at 100 to 80 against Yale. BOSTON, Nov. 12.—The Yale foot ball team reached Boston this afternoom. The foot ball party numbered fifty-six. Of this number forty-four were players and sub-stitutes. The following coachers accom-panied the team: Walter Camp, Frank But-terwarth, the head coach: Frank Hinkey, Louis Hinkey and G. Foster Sanford. The foot ball train was a long one and was heavily loaded with Yale students. The Yale players tumbled out of the cars and, entering carriages, were driven to the Vendome. The squad presented a striking appearance. The men are all sizeable and there is no doubt that every one of them is in splendid condition. As regards Yale's chances for victory there is little to be said. Captain Rodgers and his coachers refused to talk for publi-cation on that score. They admit the men are in fine condition physically, that their spirits are good and that they are prepared to fight the hardest kind of a bartle. Quietly considerable betting was done. Yale sports had plenty of money with them and they looked for and found con-siderable at even chances. Nat Baker, a prominent stockman of Lusk, Alex McEchron of the Sandstone (Minn.)
