WILL RUN HIS OWN OFFICE

Comptroller Dawes Has a Clash with a Kansas Statesman.

CURTIS OBJECTS TO JOHN G. CUNNINGHAM

Wants the Appointment Withdrawn but Retires in a State of Mind Without Accomplishing His Object.

WASHINGTON, Jan. 8 .- (Special Tele gram.)-Comptroller Dawes and Congress man Charles Curtis of Kansas had a highly interesting interview today over Mr. Dawes' appointment of John G. Cunningham of Lincoir to be national bank examiner for Kansas. Curtis requested that the appointment be withdrawn, as the Kansas republican del egation had not been consulted in the matter, and he intimated to the comptroller that they had something to say about the case and proposed to say it.

Dawes said he would not withdraw the appointment nor would be consult the Kansas delegation as to how his department should be run. The comptroller said there were a number of Kansas banks in process of liquidation and a man was required who was capable and who would represent the department. Such a man was John G. Cunningham, and having known him for years, he had made the appointment.

The drafting department of the general land office submitted to Congressman Mer-cer today a rough draft of a proposed ex-

cer today a rough draft of a proposed exhibit for the Omaha exposition, which, if
carried out as now planned, will be one of
the novel features of the show. The land
office has never been adequately represented,
in the estimation of Commissioner Hermann,
for the reason that the space allotted the
Interior department did not afford wall
space sufficient in which to make a creditshie showing. At Omaha however, it is proable showing. At Ornaha, however, it is pro-posed to erect a large monument with four sides, each side to contain 100 square feet on the top of which is to be laid out a fac simile of a quarter section of land with stone markings for corners, grass and trees, with a surveyor and instrument for running lines. In each of the four panels there will be something typical of the land department. On one side will be an immense map of Nebraska, with the rivers, towns, etc., in-dicated; on another will be a fac simile of the first plat of Omaha; on the third Omaha as it is today, and the land department in-tended to put on the fourth side a map of the United States. Mr. Mercer suggested the United States. Mr. Mercer suggested that as Nebraska enjoyed the distinction of having taken out the first homestead entry in the United States, by Mr. Freeman of Gage county, he thought a fac simile of the first grant ever made would be of especial interest and so impressed was the artist with this suggestion that in all likelihood is with the standard. The top amount will east It will be adopted. The mosument will cos \$700 and will stand in one of the main corridors of the Government building.

Mercer today directed a letter to the sec-retary of war, saking him to recommend an appropriation of \$10,000, or so much thereof as may be necessary, for the purpose of constructing a grand baulevard from For Crook to the Douglas county line, the money to be expended in conjunction with that ap-propriated by the countles of Douglas and Sarpy to construct a boulevard from For Crook to Omaha.

A letter from Comptroller C. G. Dawes addressed to Representative Mercer, has by the latter been referred to the exposition management, wherein Dawes asks that the exposition people engage the lowa state band for the term of the exposition, although the band is now located in Chicago Hugh Murphy of Omsha has written a let-

ter to Congressman Mercer suggesting a plan for the government to make a survey of the gilsonite deposits in Utah. Murphy's plan is to stake out claims, have claims numbered and corners well established, with posts and stone indicating claim boundaries; posts and stone indicating claim boundaries, give three to six months' time for everyone to examine and investigate and then open up and auction off claims to the highest bidders. In this way the government would realize handsomely and would enable men in the asphalt business of ordinary means to own their own deposits. The letter has been referred to the secretary of the interior. Senator Alien will on Monday report favorably Senator Thurston's bill in relation

favorably Se and Missouri lands in Kansas and Nebraska.

TREE COINAGE LEADERS CONFER. They Hold Two Secret Meetings a

Washington. WASHINGTON, Jan. 8.-Leaders of the various parties advocating the free coinage of silver were in conference at the capital today. The first meeting was held in the committee room of Senator Jones of Arkangas, and there were present in addition t Senator Jones, Senator Butler of North Caro-Schafor Jones, Schafor Buller of Cotta Calo-lina, chairman of the national committee of the populize party; C. A. Tawne, chairman of the national committee of the silver repub-lican party; Senator White, Congressman Balley and Marcus Balley, democrats, Sena-tors Teller, Pettigrew, Cannon and Mantle and Representative Hartman, silver republicans, and Senator Allen, populist. Later in the day there was another conference in which the democrats did not participate.

WASHINGTON, Jon. 8 .- (Special Tele gram.)-The commissioner of pensions today appointed Drs. R. M. Stone, Joseph Neville and W. C. Christie to comprise the board of examining surgeons at Omaha. The old board will probably hold on, but the new board will

be given the business. Fight in South Dakota. WASHINGTON, Jan. 8 .- (Special Tele gram.)-There is a big fight going on here among South Dako ans over the proposed re moval of the land office from Rapid City to

A PLAGUE OF THE NIGHT

PUCHING PILES AND OTHER RECTAL TROUBLES EASILY CURED BY A NEW AND SAFE METHOD.

A Remarkable Number of Cures Made

by the Pyramid Pile Cure. About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indi-cated by warmth, slight moisture and intense, uncontrollable itching in the parts

The usual treatment has been some simple ointment or saive, which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment

The only permanent cure for itching plles yet discovered is the Pyramid Pile Cure. not only for itching piles, but for every other form of piles, blind, bleeding or pro-The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and the discomfort

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, oplum, or in fact any poisonous, injurious

drugs whatever. this reason the Pyramid Pile Cure is probably the only pile cure extensively recprobably the only pile cure extensively rec-ommended by physicians, because it is so of the Government building on the exposition safe, so prompt in the relief afforded and so grounds, has arrived in the city. far as known the only positive cure for

far as known the only positive cure for piles except a surgical operation.

In one year the Pyramid Pile Cure has become the best known, the safeat and the most extensively sold of any pile cure before the public.

seriously hurt by a fall of rock in the

CONTRACTOR OF THE PARTY OF THE South Omaha News.

There was a well attended meeting of the East Side Improvement club at Bemhke's hall, Twentieth and Missouri avenue, Friday night. The plan of organizing a street car company to operate in the eastern part of the city was talked over at length and finally the following resolution was offered by F. Hobbeck and passed unanimously:

Resolved. That we, the members of the East Side Improvement club, respectfully petition the mayor and city council of the city of Sauth Omaha to appoint a committee from the council, the mayor to be a member, to wait upon the officers of the Omaha Street Railway company with a view to having the said company extend its Thirteenth street line to the center of the city. We would respectfully state that saids. teenth street line to the center of the city. We would respectfully state that said extension would accommodate fully 400 families who reside in the eastern portion of the city. Further we believe that the extension of this line would result in the building of scores of houses in this portion of the city by people who refuse to build unless better transportation facilities are afforded them. That by means of this extension the eastern part of the city would be placed in connection with every part of the city and workingmen would then be able to reach their homes via street cars if they so deheir homes via street cars if they so de

We would further state that the presen We would further state that the present car facilities between this city and Omaha are far from satisfactory to the people of South Omaha. The proposed extension would permit persons to reach the union depot in Omaha in twenty-five minutes less time than they now can. The transmission of mail matter would also be facilitated. Further, we would state that by the opening of the Thirteenth street line the people of this city would have access to one of the neatest parks and zoological gardens in the neatest parks and zoological gardens in the neatest parks and zoological gardens in the state of Nebraska. Blyerview park is at the door of South Omaha, being within fiftee minutes' ride from Twenty-fourth and A

streets.

Further, it is the sense of this meeting that these resolutions be acted upon at the text meeting of the city council and that a committee of three be appointed to act in conjunction with a committee of the council, in order that the position of the street railroad company in this matter may be known prior to February 1.

After the adoption of the resolutions ommittee consisting of Dr. Davis, F. Wallweber and J. J. Breen, was appointed to present the document to the council Monlay night and urge immediate action The club has also prepared a petition ask-

left ing the council to repair the sidewalk on ison, the north side of L street, from Twentieth to Twenty-fourth streets. It is claimed that the walk is in a dangerous condition and

The club discussed at some length the at-titude of some of the local merchants as regards this proposed extension. It was claimed that some business men here were opposed to any action tending to an improve ment in the street car service between this city and Omaha. It was also asserted that some of the present city officials were fight-ing this proposed improvement. In case William Warmington of New York is at the these suspicions are true the names of such merchants and city officials are to be pre-sented to the club, when there will be a further discussion of the matter. The next meet ng of the club will be held on Friday evening, January 21.

Gospel Meetings. A series of union gospel meetings will commence on Monday night at the First Methodist Episcopal church. All of the city pastors and congregations will attend. Rev. Dr. Williamson will preach every night and Rev. Johnson, paster of the Methodist church, will conduct the devotional exer-cises. Secretary Overton of the Young Men's Christian association will have charge of the singing. At the close of this week the services will be held in one of the other churches and so continue until all of churches have had one week's services.

Was Fighting Drunk. W. H. Hallen spent yesterday in jail for being drunk and disorderly and insulting women. When arrested Hallen put up a hard fight and it was necessary to employ an express wagon to convey him to the city jail. While resisting arrest Hallen prisoner will have a hearing Monday.

If this plan is carried out the while engaged is a quarrel with a colored while engaged is a quarrel with a colored considerable expenditure of time and money account of the schools. It is the report shows an increase of fifty-four boilers in the council to add to the annual tax levy on There was an increase of seventy-eight in the The Board of Education will probably take As compared with the records of 1896, the while engaged at a quarrer, with a coinciderable expenditure of time and money account of the schools. It is the general expanding the school of the school conductors' licenses. The office during 1897 amounted to \$2,576.

> Object of the Conference. Regarding the conference of officials of the

man named Walter H. Prout, who claims to hall from Omaha and is canvagging that city as a picture seller. Prout is unlessoon here.

Nine card of beet sugar seed cassed through the customs house Friday for California. Twenty-six more carloads are expected in a few days, a half dozen of which are to go to Grand Island and Norfolk. The seed has been imported from Magdenberg, Germany.

Complaint was received at the police station last night that a mad dog was at large in the neighborhood of Twentieth are commissioners assert that if the tracks the size, and the smount has been collected. The members assert that it will require at least \$155,000 to carry them through this year from Lake eitrect north, but that it was its plan to occupy the boulevard and thus shut off carriage travel to the exposition as much as possible. He contended that if the boulevard are to go to Grand Island and Norfolk. The seed has been imported from Magdenberg, Germany.

Complaint was received at the police station last night that a mad dog was at large in the neighborhood of Twentieth street as far as it is occupied in the surprised from the street as far as it is occupied in the same after the same amount that was allowed last year. As the levy for striking the conference of officials of the declared that the street as far as it is of the members assert that it will require at least \$155,000 to carry them through this year from Lake eitrect north, but that it was its plan to occupy the boulevard and thus shut off carriages at \$15,000 to carry them through this year from Lake eitrect north, but that it was its plan to occupy the boulevard and thus shut off carriages at \$15,000 to carry them through this year from Lake eitrect north, but that it will require at least \$150,000 to carry them through this year from the deficit, and this would mean a levy of 5 mills on the new valuation.

It is believed that this amount will be agreed on by the city of the councillant as majority of the councillant as a mount of the deficit, and this would mean year. As the levy for strictly municipal nepartments as based on the estimates submitted can scarcely be cut below 25 mills, it is taken for granted that the total levy must be at least 30 mills.

Incompany if one attorney should represent all the roads interested at these hearings. I un-
