Stephenson ran out 100 while Elyre was making 48. The highest run of the evening was by Stephenson, 24, and the best average was 4-5-9 by Stephenson. The game tonight will be between Harry Sims, 69 and W. H. Ware, 65.

SUNG FOR SCHOOL MONEY

County Will Endeavor to Recover on Some Outstanding Loans.

COMMENCES FORECLOSURE PROCEEDINGS

Recent Order of the Board of Supervisors is Being Put into Effect by the County Attorney.

At the instance of the county auditor and in compliance with the instructions contained in a resolution passed by the Board of County Supervisors at the last meeting County Attorney Saunders yesterday began a foreclosure suit against F. H. Gaessella and wife to recover \$1,000 of school money loaned in 1892.
The suit is a reminder of the way business was done several years ago, when it was an easy matter for people needing a little money to procure it by negotiating a loan with the supervisors and getting the use of surplus school funds in the hands of the county treasurer. The law permits the auditor to loan this money on approved security, but before the loan can be completed and the money paid out the board must approve the securities offered. Coupled with this permission the law puts the strongest possible safeguards around the school funds by making the county responsible for every dollar that has been loaned in this manner.
The first of these securities is a mortgage on the property of the borrower, which is filed in the public records. The second is a mortgage on the property of the borrower, which is filed in the public records. The third is a mortgage on the property of the borrower, which is filed in the public records.
The question of levy for the next year was discussed, and it was decided to increase the amount desired in the next year to the extent of \$3,000. The contingent fund now receives about \$21,000 a year from the levy and the school board has \$5,000. There is a comfortable balance in the former, and a prospect of a deficiency in the latter, hence the propriety of making the suggested increase in the levy. It is recommended that the levy any time before May 1.
The Board of County Commissioners will act upon the recommendations made.
The board discussed originally the project of securing the county high school that has been talked of. All were in favor of it and the opinion of the members that the preliminary work of getting the school up and running before the people should be taken up as soon as possible, and the matter presented to the voters at the election next fall.

McKee Lands in Jail.
W. H. McKee, a violator of the federal revenue laws, was placed under arrest in Omaha yesterday afternoon and brought to this city. McKee has been indicted in Creston, where he has been living, and neglected to protect himself in the event of the necessary government indictment. He was indicted with a pistol on his person, and was kept out of the way of the officers. He was sent to the county jail by Commissioner Wright in default of the necessary bail.

Iowa Political Notes.
An Iowa association opposed to woman suffrage has been formed by Des Moines women.
This said Fred White will move into the second district and give the next fall to Congressman Curtis. These tribunes to the people, says the Dubuque Times, are united on the proposition that it is easier to tribute when you have an office than when you do not.
Democrats of Davenport held a love feast and agreed to all work for a democratic ticket in the city election, but already they have commenced writing letters abusing each other in holding meetings to bring about the selection of two tickets.
The contest for sheriff in Woodbury county was dismissed by the democratic candidate, which leaves his republican rival Mr. Wilson as the only one in the race. The defeated man's attorney is mean enough to insinuate that the sheriff is bought off just as he is in sight of victory.
In the Second district candidates for the fusion nomination for congress are bobbing up. Among those already mentioned are Senator Hursel Jackson, county clerk and Judge Hayes of Clinton, Mr. Richman of Muscatine and Senator Ranck and Otto Byington of Johnson.
The political situation in the Third district of Iowa is peculiar. It is now admitted that the recent speech of ex-Governor Boies was for the purpose of furthering his candidacy for congress in the district, but the silver Dubuque Telegraph says if Boies is nominated the free silverites will bolt. It is admitted Boies is the strongest man who can be named.

TEMPLE AMENDMENT PASSES

Goes Through House and is Ready for Governor's Signature.

ONLY ONE VOTE RECORDED AGAINST IT

Hobart Bill Passed in the Same Form as it Went Through the Senate—Other Legislative Matters.

DES MOINES, Feb. 25.—(Special Telegram.)—The temple amendment is ready for the governor's signature. The Hobart bill passed the house this afternoon in the exact form in which it passed the senate several days ago. One negative vote was cast by Parker of Mills, republican, while ninety-four voted for it. Downing of Davis, populist, introduced a lurid resolution to ensure Congressman Hull for coming home from Washington to lobby for the building and loan bill. The resolution denounced both the resolution and Hull, who is president of a big Des Moines building and loan company. The Reynolds bill to provide that all screens used at Iowa coal mines shall be of uniform size passed. The measure is urged by the mine owners for the health of the miners and Lewis bill to provide that attorneys shall hereafter receive no fees for defending indigent criminals was reported favorably by unanimous vote of the senate judiciary committee. It provides that the court shall appoint a lawyer to make the defense in such cases and that refusal to do so shall place the defendant in jail. The Wesley Elkins application for pardon was considered at great length in joint meeting of the committees on pardons this afternoon. It was recommended that Elkins be released on a five-year parole on good behavior and that which time he shall be free without further conditions.
BIENNIAL ELECTIONS.
The Titus resolution for biennial elections passed the senate, 40 to 2. The only negative vote was cast by Malloy, democrat. The Gorrell bill to provide for taxation of mortgages to the holder thereof was under consideration, and after long joking was reported to the committee on the night work of the state printer and binder and report whether they should be paid extra for it.
The board discussed originally the project of securing the county high school that has been talked of. DEPARTURE OF THE BURLINGTON TRAIN

It was placed on the Northwestern limited. This train has no regular service between Cedar Rapids and Chicago and consequently the precious package had to be unloaded here.

Iowa Press Comment.
Cedar Rapids Republican: The more Horace Boies explains his financial plan the more unintelligible it seems to become.

Keokuk Gate City: A good many people are likely to see in Horace Boies' proposed candidacy for congress the trumpet to his purpose in delivering that Fairfield address.

Marshalltown Times-Republican: There are some who are in favor of having Governor Shaw deliver a Memorial day address this year. Clinton secured him and is to be congratulated on its opportunity to Martin's patriotic oratory.

Davenport Democrat: As far as they have returned from the much described gold fields of Alaska the Iowa wanderers say that they prefer their state to the gold fields of Alaska. They agree that the chances of making a living, and something better here, are much more appreciated after a northern trip than before.

Valley Junction Express: Democratic editors are looked upon as a species of fairy tales, nowadays, for the reason that the news columns, which are running over with accounts of industries revived, new mills and factories established and widespread and unexplained restoration of confidence and good times, show them to have been made of straw and out of such stuff as dreams are made of.

DELAY IN MARTIN MURDER CASE.
Illness of a Juror Compels Postponement of the Trial.

WILKESBARRE, Pa., Feb. 25.—There was no session of the Lattimer case this morning, owing to the illness of A. W. Washburn, a juror, who has a severe attack of dysentery. He may possibly be able to come into court tomorrow, but the plaintiff hopes to have him around all right. Juror Weaver, who has also been ill for a few days, is still able to attend court.
The star witness of the day was Milton Stearns, a Carbondale, Pa., resident. He said he was called out by the coal companies to protect their property, and on September 6 had a consultation with Sheriff Martin, who told him that he had procured indictments printed and posted in conspicuous places throughout the region.
On September 8, he said, "I swore in about thirty deputies at Match Chunk. The next day, hearing strikers were going to make an attack on Cox's breaker at Beaver Meadow, I drove over there and told my deputies to follow. When I reached Beaver Meadow I found Sheriff Martin and his deputies there. The strikers were approaching, and as the breaker was just inside the Carbon county line, it was my duty to protect it. Accordingly, I called on Sheriff Martin and his men to act with me. There were 200 or 300 strikers, and they were charged upon the breaker. We drove them back, using our guns to push them along, but some managed to get through the line into the breaker. I drove them out. As the strikers dispersed one man fired a shot at us from a revolver. My deputies came up later and we recaptured the man on Saturday night, when the soldiers came."
After an objection on the part of the commonwealth, he was allowed to tell what Sheriff Martin's instructions were. He said: "Martin told me to be very careful, not to shoot anybody, that he did not intend to do any harm unless it was necessary to save our lives."
John Oberender, manager of the Cox estate properties, said that fearing the strikers would damage the estate's property he called on Sheriff Martin on September 5 and Sheriff Martin. The sheriff reached there on September 16 and swore in fifty-six deputies.
"I was placed at their head," said Oberender. "That same day a crowd of about 2,000 strikers surrounded the breaker. They were armed with clubs and many carried revolvers. They were very much excited and shouted and waved their clubs. Several fired in the air, and some threw open their coats and cried to us: 'Now fire; you no shoot us, we no shoot you.'"
The greatest danger of a cold or an attack of the grippe is its resulting pneumonia. How to prevent this will certainly interest almost everyone, and especially those who have a weak lung. No one need fear that their cold will result in pneumonia when Chamberlain's Cough Remedy is used. It counteracts any tendency toward pneumonia, and always cures a cold in less time than any other treatment. During the epidemics of a grippe a few years ago, many thousands of people died of pneumonia, and in the present instance did any case result in pneumonia so far as we could learn.
BIG HAY DEALERS FORM A COMBINE
Capital Stock of the Company Fixed
CHICAGO, Feb. 25.—One of the largest trusts formed in years has been organized by Chicago men under the name of the American Hay company. Although the incorporation is under Michigan laws, the headquarters will be in this city. The organization, when completed, will include more than 100 of the largest buyers and shippers of hay in the states of Illinois, Indiana, Ohio and Michigan. The capital stock is \$5,000,000. A tract of land near Buffalo is to be purchased as a site for an immense warehouse. Buffalo is chosen as the place for the warehouse because the bulk of the hay to be handled will be marketed in New England. F. W. Lipe, president of the Alien Land company, was the originator of the scheme. Among the incorporators are: F. W. Lipe, Chicago; R. P. Lipe, Bryan, O.; D. E. Baker, Fayette, O.; W. G. Allen, Chicago; B. E. Bradley, Albion, Mich.; Kellogg & Young, Reading, Mich.; E. S. Farrar, Montpelier, O.; Hatcher, Tiffin, O.; and A. Rogers, Toledo, O.
A meeting will be held at Toledo, O., March 15, to complete the organization. Mr. Lipe says it will not be the object to raise the price of hay to the consumer, but to reduce the price paid the farmer, but to handle the product at a legitimate profit and not at any time to put a fictitious value on hay.
JUMPS FROM THE EADS BRIDGE.
Traveling Man Takes That Method of Ending His Life.
ST. LOUIS, Feb. 25.—Albert A. Henry, traveling agent for a Philadelphia cold storage concern, jumped from the middle span of the Eads bridge today and was drowned in the Mississippi. The body was recovered before making the fatal jump. Henry took off his overcoat and left it on the bridge. In the pockets of the coat were found a number of letters and cards and a memorandum book by which he was identified. The memorandum book gave these words: "Albert A. Henry, 1211 North Fifty-first street, Philadelphia, Pa. Have a wife and child. Am crazy and want to die." A letter from Henry to a South Eighth street, St. Louis, was from Evans, purchasing agent of Nelson Morris & Co., East St. Louis. It said they had not heard from him since Friday and urged him to return and finish the work he had begun. In another envelope addressed to his Philadelphia home was the announcement of a meeting of Hamilton lodge, No. 323, A. F. and M. at Masonic temple, Philadelphia, February 22. Henry had been on a debauch for the last few days.
MILLER Murdered and Robbed.
CHICAGO, Feb. 25.—On the night of January 27 Christian Klein, a prominent miller, was assassinated in the street near his mill. The first clue to the guilty parties was found today in the arrest of John Hair.
William Lynch had previously been apprehended on suspicion. At police headquarters Lynch confessed. According to the confession Hair shot Klein and Lynch robbed him.

IMPORTING GOLD FROM EUROPE.
Over Two Million Dollars Will Be Shipped at Once.
NEW YORK, Feb. 25.—Heldbach, Eickelheimer & Co. have arranged \$700,000 in gold for shipment from France tomorrow to the United States. L. Von Hoffman & Co. will import \$750,000 in gold, partly from France and partly from England on steamers leaving tomorrow and next week. The National City bank has engaged \$500,000 in gold for shipment from England tomorrow. Other banking houses have gold imports in prospect. Kuhn, Loeb & Co. announced that they would import \$25,000 in gold to be shipped tomorrow.
This makes the total engagements made today for shipment tomorrow or next week, both from Paris and London, \$2,200,000. Muller, Schull & Co. also have \$300,000 francs in gold on the way to them, but this is in transit and will not remain in this country for shipment from England tomorrow.
Cables as follows: "There is a strong demand for gold for New York here and in Paris. More than \$100,000 has been bought already for shipment. A strong demand for gold conditions it is believed here that in New York exchange the demand for gold will be quite temporary, but of course it is recognized that any outbreak of war would probably mean a heavy drain of gold to New York."

WATERLOO, Feb. 25.—(Special.)—The proposed extension of the Illinois Central Railroad through the city of Waterloo, La., by the Illinois Central Railroad, was discussed today at a meeting of the city council. The project was introduced by Councilman T. R. Triplett, and was supported by several other council members. The project would extend the line from Waterloo to the Mississippi river, a distance of about 10 miles. The estimated cost of the project is \$1,000,000. The city council will hold a public hearing on the project next week.
