POPOCRATS WORRY OVER JOBS

Succession of Jim Dahlman and Dr L'earing is in Doubt.

SEVERAL PERSONS WILLING TO SERVE

James O'Shea and J. G. P. Hildebrand Would Take the Secretaryships Soon to Be Vacated, and There Are Others.

LINCOLN, March 1 .- (Special.)-The question as to who will succeed J. C. Dablman as secretary of the State Board of Transportation and W. H. Dearing as secretary of the Nebraska Exposition commission is now agitating the average popocratic mind. It is agreed that the place soon to be vacated by Dahlman will be filled by a democrat, but it is not believed that the new man will come from the northwestern part of the state. The only avowed candidate so far is James O'Shea of Lincoln, who only awaits Dahlman's resignation to put in his formal application. O'Shea belongs to that class of democrats who can always be depended upon to do hard work during the campaigns, and who are always disregarded converted to the state of the product of of the prod of the state. The only avowed candidate so campaigns, and who are always disregarded | pocket; when the pie is distributed. Should O'Shea be turned down in this it will not be his first disappointment.

For Dearing's place on the exposition ommission the first in the field is J. G. P. Hildebrand of Lincoln, who has been gathering recommendations for several days. Hildebrand has been a worker in the newspaper field and is said to be a hustler in politics, but in the matter of getting turned down when the political plums are passed around he is in the same class with O'Shea, and it will be his usual luck to see some other man get the desired place It is said that Dr. Dearing will attempt to dictate who his successor shall be, but there is a rapidly growing sentiment openly expressed among the popocrats, that Dearing has had more than his share of political reward and that his services in the legislature must have been much more important than the printed record discloses to entitle him to not only rake in two ap-pointments for himself, but also to dictate the appointment of others. The complaint is being made that the members of the late lamented legislature are gobbling up entirely too many of the good places, while the rank and file of the tripartite party gunds shivering in the cold. Hence there is a demand that the good things be passed

INVESTIGATING COMMITTEE'S REPORT. The legislative investigating committee has been called together and will have a final meeting next Friday, when a general report will be submitted and agreed upon. This report is already written out and after the committee has made any desired altera-tions a typewritten copy will be prepared to be filed with the governor. The report will cover about 125 sheets of paper and will give a resume of the work of the committee, with figures showing the results of investigations of the various state institutions. The reports which have here-tofore been given to the public have shown up the misconduct of republican officials enly, but it is said that the general report will disclose the fact that some of the popceratic officeholders have also gone wrong. The committee will recommend som changes in the existing laws and regula-tions governing the state institutions, holding that bad systems have been responsible for much of the apparent misconduct of the officials.

The adjutant general of the National Guard, who recently wrote the congressmen advocating a larger appropriation for mili-tary purposes, received letters today from both Mercer and Strode, promising to give

the matter attention.

Two citizens of York wrote Adjutant General Barry a few days ago offering their services as privates in case of war with Spain, Both were veterans of the late war, but hoped that their age would not prevent them from again entering the service. An answer was sent them today, saying that in case of a struggle there would no doubt be places that they could fill, but that the ranks of the army for active service would oo filled with younger men.

Thomas Sewell, aged 62 years, died at his home in Lincoln last night after a long ill-ness. The funeral will be held from Holy Trinity church Wednesday afternoon. Prominent Knights Templar from both Lincoln and Omaha will act as pall-bearers and services at the cemetery will be conducted by that order, Mr. Sewell having been an onored member for many years. The deceased was a soldier during the late rebel-lion, being finally mustered out of service in June, 1865. He followed Sherman on his march to the sea and up to the time of his death carried a ball in his body as a re-

minder of the part he took at Vicksburg. H. M. Bushnell, who succeeds J. H. Har-ley as postmaster at this place, took charge of the office today. The deputy postmaster has not yet been named and George Root, who has been acting deputy since T. S. Allen's resignation a few months ago, will re-main until a selection is made. The Abraham Lincoln Republican club

held an enthusiastic meeting at the Lindell hotel last night. No set program had been prepared, but speeches were made by Con-gressman Strode, H. H. Wilson, S. S. Bell and a number of others. Frank J. Kelley, secretary of the club, offered a resolution authorizing the executive committee to meet committees from the other republicar clubs, for the purpose of agreeing upon good citizens for candidates at the coming city election. The resolution was adopted and a report is looked for at the next meeting,

Generation of Pain

WITH RHEUMATISM.

Cured by the New Remedy Gloria

A man never grows so old that he can get accustomed to the pains of rheumatism. An old gentleman 70 years of age went through 25 years of constant suffering until he tried the new remedy. Gloria Tonic. It cured him, as it has all those who have heard of and used this remarkable medicine. The testimonials received are a record of efficacy and permanency of cure such as rarely comes to the discoverer of a new remedy. The proprietor of Gloria Tonic first tried it in his own case. His feet were so swollen that he was unable to walk. He had always been troubled more or less with rheumatism, but when he became helpless he ran across Gloria Tonic and cured himself so quickly and completely that he began advertising it in household newspapers. In the pust two years several thousand rheumatics have been restored to permanent health. If you have even a mild touch of the disease ask your druggist for this splendid and unfalling remedy.

Gloria Tonic is made by John A. Smith, 212 Summerfield-Church building, Milwaukee, Wis., who will gladly send testimonials to those who are suffering from rheumatism. A box of Gloria Tonic may be purchased of the following druggists of Omaha. Kuhn & Co., 124 S. lish St., Sherman & McConnell Drug Co., 1523 Farnam St. Price \$1.60. In localities where Gloria Tonic is not thoroughly known a free trial package and testimonials will be mailed upon application to John A. Smith, 212 Summerfield-Church building, Milwaukee, Wis.

Will G. Seeley of Kenrney Shoots Himself Dead. KEARNEY, Neb., March 1 .- (Special Telegram.)-Will G. Seeley, 19 years of age and son of ex-County Clerk H. Seeley, committed suicide about 7:30 this morning by shooting himself in the head. The weapon used was a 38-caliber revolver and the deed was done in his brother's lumber office. Just what prompted the rash act will probably always remain a mystery, but it is probable that despondency caused by insomnia and worry over being out of work some time produced temporary insanity. He was in his usual spirits last night and was seen about 7 o'clock this morning on the etreets. The first person to learn of the suicide

was his brother Charles, who went to the office and found the door locked with the key inside. He looked in at a side window and saw the body lying in a pool of blood on the floor. The door was immediately broken open and the unfortunate man was found still alive, but unconscious and physi-

AMUSEMENTS.

Last evening at Boyd's theater the Boston Lyric Opera company presented "Il Trovatore," by Guiseppe Verdi, in the presence of an appreciative audience which followed the custom established forty-five years ago at Rome by encoring nearly all the great musical numbers. No other work born beneath the sunny skies of Italy has attained to such popularity as "Trovatore." "Aida," "Othelio," "Falstaff" are probably greater works, greater in dramatic power, in orgenius, is born, not made. Today, seven thousands miles from the city by the Missouri, lives the white haired old man whose soul, in that city by the Tiber, poured itself out in "Il balen del suo sorriso," "Non ti scordar di me" and "Si la stanchezza m'opprime" and gave the world a new expression of passion, of farewell and of hearting weariness. The years and the miles have mot changed the hearts of men and today those delicious strains tell the same old story with the same mystic power.

The company of artists whose task it was to reproduce the opera last evening were equal to their task. Miss Adelaide Norwood as the ill-fated Leonora possesses a fine soprano voice of large range and power. Her high tones are brilliant and sure, her conception of the part comprehensive and her acting interesting. She can improve her pronunciation and the allegro movements of her two arias will be more effective if not taken so fast. Mr. Richie Ling as Manrico In the supreme court this morning in the Broatch-Moores case, J. C. Wharton, for presence. The change desired was to state that the payment was made while more was in Furgre and be did not know of with a legato style that is rarely achieved by those who possess the dramatic ability necessary for other portions of the role. Miss Ladd as Azucena was successful in her interpretation of the difficult gypsy character and sang the music well in spite of a cold. Mr. W. H. Clark as Fernando made fairly interesting an uninteresting part.

The performance last evening was especially noteworthy on account of the debut in opera-in the role of Inez-of Mrs. W. W. League Magnates.

CHESTERFIELDIAN PRACTICE TO PREVAIL

Board of Discipline Composed of Three Judges Will Sift the Evidence Against the Accused Players.

ST. LOUIS, March 1 -- Most radical legislation was enacted today by the magnates of the National Base Ball league assembled here in annual session. At the afternoon session a measure for the suppression of obscene, indecent and vulgar language upon the ball field by players was adopted by the representatives of the twelve clubs present without a dissenting vote. The provisions chestral tone painting, in climaxes of har-mony, but not in melody. And melody, like vide for the trial of guilty persons before a of this measure are most sweeping and protribunal of three judges, to be known as the "board of discipline," which shall punish the culprit either by suspension or expulsion The base ball magnates were tired out with

> their late session of last night and it was long after 10 o'clock, the hour set for convening, that they came together. Very little business was transacted at the morning session. It pertained to telegraph and railroad matter. The telegraph question was settled by allowing each club to do business with whichever telegraph company it chose. The railroad committee not having closed arrangements with the railroad companies for rates, was continued in office indefinitely. At the afternoon session the doors were thrown open to newspaper men, who were given an opportunity to listen to the report of the committee appointed last year to de-vise means for doing away with rowdyism on the ball fields. John T. Brush, chairmen of the committee, presented the report, which embodied communications from base ball magnates, umpires, members of the press and others interested in the national game. These communications showed the necessity of adopting some measure to do away with the evil. All of the club representatives present spoke in favor of such action, but differed as to details.

NEWSPAPER MEN INVITED TO TALK. On motion of President James A. Hart of Chicago the press representatives present were asked to express their opinions on the subject. They were unanimously in favor of some action looking toward doing away with rowdylsm and vulgarity.

As the unanimous views of the committee, Chairman Brush submitted a report entitled: "A measure for the suppression of obscene, indecent and vulgar language upon the ball field by players engaged in playing a game of ball during the championship season, while under contract with a club, member top of the ladder he has but one way to go of the National League and American As-and that is down, but when he starts at the sociation of Professional Ball clubs, to the end that the game may retain its high position as respectable and worthy of the confidence and support of the refined and cultured classes of American citizenship."
A vote was taken on the measure and it

was adopted unanimously, Mr. Robinson of Cleveland rising to explain that whatever prosition he had shown to such legislation had been for the purpose of bringing out an expression of opinion. In the absence of President Friedman of New York, his vote was east by A. H. Soden of Boston. In pursuance of this measure of reform and to into effect its intent and purpos twenty-three regulations of some length are

shall be explained to and read by every player and employe of the league, who shall then be obliged to sign them for the purpose of showing that this legislation had been brought to their attention. It is provided that it shall be competent for any person or persons whether player, manager, umpire, club official of any club or spectator, to submit information and testimony k.) writing under oath concerning obscure, indecent or vulgar language during the prog-ress of a game by a player or employe of a Girl' will be presented and this evening the jolly "Chimes of Normandy" will close the engagement. There is not a singing pupil in under this measure shall be submitted to nt of the league under eath with forty-eight hours of its alleged commis sion and the president shall immediately furnish a copy of the same to the accused for his defense with the written notice of suspension, if any. Five days after the receipt thereof by the accused shall be allowed one charged with the offense for trans mitting to the president of the league under oath of the defense, and the case when thus prepared shall be submitted by the president to a tribunal of three judges selected by this league, to be called the "board of discipline," who shall have absolute authority to acquit or convict upon the evidence submitted according to the rules adopted for its government and from which there shall be no appeal, except to the board of directors of the league. When a case is thus submitted to said board the president of the tribunal shall carefully consider it from the evidence submitted, taking into account the nature and gravity of the offense, its importance as affecting the welfare of the na-tional game the provocation for its com-mission and such other circumstances as may be submitted that are entitled to be considered; and he shall report in writing his opinion and finding in the premises, and if the offense be proven he shall affix the penalty that in his judgment should be im-posed and forward the same together with his opinion and conclusions and all the papers to his associate nearest in territory who shall attach thereto his opinion and conclusions and judgment and forward the came to the remaining member of the tri-bunal, who shall forward his opinion, conclusions and findings and all the papers it the case to the president of the tribunal and he in turn shall return the papers and opinions, conclusions and findings to the president of the league, who shall carry into effect the judgment of said board or a majority thereof by suspending the player from his club for the period determined by

some one of the opinions as the one to be followed (providing it be not the extreme penalty) and that shall be considered the

judgment and be enforced. PENALTY IS LIFE EXPULSION. The penalties for using obscene, indecent or vulgar language within the meaning and intent of this measure is entirely within the discretion of the tribunal and mayy be sus-pension for days, for months, for the unex-pired season, for a year or for life, according to the conditions, elecumstances and nature of the offense, it being the sentiment of the league that created the law that an unwarranted, unprovoked, assault of vulgar-ity to a spectator, or within the presence of spectators and within the hearing of ladies should debar the offender forever from service with his club, or any other club member of the league or subject to its jurisdiction. The extreme penalty proposed in this measure, viz: "Life expulsion, shall require the unanimous approval of the three members of the tribunal, and provided also before imposing such penalty the accused shall be notified, that he can defend in person and by counsel if he elects, in which

event the president of the tribunal shall call a meeting of said board at some city to be selected by him most convenient to the members and the accused. That justice may be done and no wrong committed, it shall be compotent for each party to a case submitted to the tribunal to show under oath the character and standing of those who make the charges and give evidence and before the "life expuision" can be imposed, the accused may,, have the opportunity of cross-examining the witnesses against him by depositions.
There shall be no appeal from a decision

by the tribunal or a majority for a rehear-ing or a reopening of a case except by unan-imous vote of the board of directors, based upon new evidence. The tribunal shall be selected by the National league with due regard for fitness, integrity, knowledge of and interest in the

Kenses City, who shall be elected to serve three years; Louis Kramer of Cincinnati, who shall serve two years, and Frederick K. Stearns of Detroit, who shall serve one year and beginning with 1899 and each year there-

after there shall be one member elected t If a player under suspension pending investigation should be acquitted by the tribunal, his salary shall be paid by the president of the league for the time he was under suspension.

The foregoing take up the first fourteen sections of the measures. Those following provide for the compensation of clubs losing players by suspension and cover minor matters pertaining to the government of the tribunal.

The committee, of which John T. Brush, J. A. Hart and A. H. Soden are members, has prepared an address to players explaining the manner adopted by the National league Before adjourning for supper a resolution expressive of the sorrow and loss felt by the members of the National association in the death of Charles H. Byrne of the Brooklyn club was unanimously adopted.

The meeting tonight was of short dura The time was occupied by Charles H. Ebbetts in an eulogy upon the recent death of his predecessor, Charles H. Byrne of Brooklyn. The meeting then adourned till 10:30 o'clock tomorrow morning.
