Frank Ives Triumphs Over Echaeffer at Billiards.

IT IS A HARD-FOUGHT GAME THROUGHOUT

Audience is in Sympathy with the Napoleon and Thereby Contributes Largely to His Success.

CHICAGO, April 2.-Frank Ives defeated Jacob Schaefer tonight in the match for the championship at eighteen-inch bulk line billiards by a score of 600 to 427. He had to work hard for the honor, but there was not a moment when he did not hold his old master safe in all points of the game.

Jake played splendid billiards as a rule, but the strain of the game told on him after his high run of ninety in the twenty-fourth itning and in eight innings he made but fourteeen points.

In the meantime Ives had pushed up 169 buttons and clinched the game. Ives was given a fair show by the spectators and that undoubtedly helped him to keep up to his

Ives and Schaefer will meet Monday afternoon and evening in a match game of 125 points at three cushion caroms for \$100 a side. This match has been made principally to test the popularity of three cushion biltiards. The betting is heavily in favor of

Jake wen the ban, but missed from the lay off by a hair's breadth.

Frank took hold with good heart and as though he intended to make a runaway race of it. His eleventh shot, with a line-up in halk, was executed with precision and gave him good position, from which he counted up to thirty-five, when he fell down on a The "Wizard" came back with a pretty

cluster of eighteen and gathered eleven in the next inning after Ives had made seven. Three innings of single figures followed and then the young Napoleon added twenty-six to his score by careful billiards.

This did not daunt Jake, for he had ninety

buttons pushed up on his string before the lay-off. Ives took them up and ran fourteen, his thirteenth shot being a left-hanled one at two cushions that brought down the house. Schaefer ran thirty-seven in his ninth in-

This put the Wizard in the lead and Ives did not like it. The balls lay hard for him, but he pulled out nine counts and then by a difficult masse got them together in the rub nurse. At fifty they broke badly for him and he missed the fifty-third shot on lack

Jake did nothing for six innings, while Ives was piling up forty-eight. This was too slow for Schaefer and he proceeded to put together sixty-two very pretty billiards. Ives could do nothing in return and it was not till the eighteenth inning that he touched the double figures. In the twenty-first Jake eaught the balls rolling his way and proceeded to harvest a crop of buttons. He had added sixty-five to his string before he falled on a two-cushion venture.

the twenty-second Ives took his turn and looked as though he was good for a century, but lack of force caused him to miss his ninety-second shot. Jake could get but a single billiard and Frank made eighteen, putting him sixty points to the good. Then Schaefer started to even matters up. The ivories rolled kindly for him and he soon gained the lead and kept piling up the count till he reached ninety. Then he failed to get the balls out of bulk and sat down to

He saw some pretty billiards, but was very well pleased when the 'Young Nap' failed on a hard cross-the-table shot ofter counting forty-three times. From that time on Ives had the game all his own way and can out in the fortieth inning with an average Schaefer-0, 18, 11, 1, 5, 1, 30, 2, 37, 5, 1,

OMAHA CRICKET CLUB PREPARING

John Francis Chosen Captain a Sixteen New Members Elected. The coming cricket season in this city promises to be the most successful that sport has ever enjoyed in Omaha. That is way it was sized up last night at a meeting of the Omaha Cricket club, which was very well attended.

The meeting made some preliminary arrangements for the opening of the season

The meeting made some preliminary arrangements for the opening of the season and talked over the promising prospects. In addition to that, it elected J. Francis captain and Harry Laurie vice captain of the team for the year. It also elected sixteen new members, bringing the total membership of the club up to fifty. It is the ambition of the club to have 100 names on the rolls before the season is well advanced, and such progress has been made in this direction that there is every prospect that this wish will be realized before the season is far gone.

The active piaying season will be opened just as soon as the weather opens up a bit. It was intended to have the first practice yesterday, but the weather is still too raw. If it is warmer by next Saturday the players will be out. The old grounds in Kountze place will be used. The membership is so grown that it is believed that there will be no trouble in securing all the practice necessary, two teams, if not more, being certain. Practice is what is wanted, because the club wants to make a good showing in the tournament of the Northwestern Cricket association, which is to be held in this city during exposition time.

This tournament is the incentive which is goading on the club members in the work of broming the sport. It will be a big affair. The association is made up of five teams—Winnipeg, Denver, St. Paul, Chicago and Omaha. Winnipeg alone proposes to send down a contingent of seventy-five people, including the team. Followers will come along with the other teams also. It is anticipated that fully 30 people will be brought to this city by the tournament.

The club has leased the new base ball park for the week of the play, commencing July 18. The tournament will last for five days. Two matches will be played each day, allowing the odd team to visit the exposition. The final match will be a warm one, as it will probably be of an international character. The Winnipeg team is a limst sure to get a pace in the finals and as it is the acknowledged champion of Cana

Some Practice Work. The first practice of the prospective players of the Omaha team took place yester day afternoon at the new grounds. Only two of the signed players-McKinney and Griffin-were out, but the amateurs who Griffin—were out, but the amateurs who are ambitious for positions, were present in numbers. Among the latter were Lawler, Turner, Whitney and Hayes. Jordan, a candidate for the team and a professional, was also in evidence.

Manager O'Brien had the men out principally to get a line on the abilities of the aspiring amateurs. He was considerably pleased with the work of Whitney and Lawler, and especially of the latter. He also formed a good opinion of Turner, being considerably taken with the latter's curves.

WAR SPIRIT UP AT PRINCETON.

Students Turn Out for an Impromptu Parade. PRINCETON, N. J., April 2 .- The possibility of war aroused quite a frenzied exhibition of patriotism among the students of the university last night. The movement was wholly spontaneous and was started by a few seniors about 11 o'clock. "All out for war," was the cry raised, and in a very short time a large part of the student body was out yelling around the historic cannon which did service in the revolutionary battle of

A parade was next organized, the line of march being down Nassau street to the home of ex-President Cleveland. Repeated calls failed to bring the ex-president out for desired speech, so the march continued, the next stop being at Prospect, the home of President Patton of the university. Presilent Patton came out and made a very patriotic and yet conservative speech. While hoping that war might even yet be averted, he was nevertheless of the opinion that we should be careful to see that our national honor was not assailed. As a clos to the demonstration of the evening a large bonfire was kindled on top of the old canand sang patriotic songs.

COMMENDS COURSE OF PRESIDENT.

Resolutions Passed by New Board of Trade. NEW YORK, April 2.-The New York Board of Trade and Transportation, at a special meeting today, unanimously adopted resolution which, "recognizing the gravity of the crisis between the United States and Spain and the magnitude of the calamity which war will entail upon both nations, enthusiestically commends" the wise and con-servative course of the president in his firm determination to exhaust every reasonable means to maintain peace with honor, and to adjust the relations of Cuba in a manner satisfactory to people of this country.

The resolution also commends the action of congress in supporting the president in his efforts to prevent hostilities pending an adjustment by praceful methods, and concludes:
We appeal to the representatives of the
nation in congress to continue to co-operate
with the president and to accord him every opportunity to exhaust peaceful negotia-tions, and if war cannot be avoided let it be waged under the guidance of our presi-dent. WAGING WAR ON SALISBURY, fied the conduct of the government, explain Revolt Against His Lendership Spread-

ing in Conservative Party. (Copyright, 1898, by the Associated Press.) LONDON, April 2.—The crisis between Spain and the United States is hard pushed for first place in public interest here by the question es to whether or not the marquis of Salisbury will retire from office and the consequent reorganization of the cabinet. The conservative newspapers, particularly in the provinces, are in open revolt. The National Review sums up the bitter denunciations by quoting the late General Gordon's saying: "The British race is a race of lions led by eases."

The discontent is so widespread that the idea is rapidly gaining that a crisis in the history of the unionist party will soon be reached. The consensus of opinion inclines to the belief that the marquis of Salisbury, yielding to the advice of his friends, will retire from the foreign office, but will remain premier. A certain acmunt of color is given to this belief by Friday's semi-official rumor that the queen will confer upon the marquis the lord lieutenantcy of Middlesex, and the question of his successor is debated in the most lively manner. The enemies of Joseph Chamberlain, the secretary of state for the colonies, are diligently circulating the report that he aspires to succeed the marquis of Salisbury, which is farthest from his thoughts at present, Mr. Chamberlain knowing that his liberal unionist friends would esert if he tried for the foreign office. Political club circles consider that, as the duke of Divonshire is assured the premier-ship, if the marquis of Salisbury retires altogether, A. J. Balfour, the first lord of the treasury, acting secretary of state for foreign affairs, and government leader in the Hot of Commons, will succeed his uncle in the foreign office. This is considered undoubt-edly to be the outcome if Mr. Balfour can overcome his objection to elevation to the

House of Lords.
Failing him, the foreign office portfolio will probably be offered to Lord Cromer, British minister and consul general Cairo, with the possible reversion to Mr tary for the foreign office, who, in spite of his conceiled mannerisms, has greatly improved his parliamentary position, impressing his colleagues with his administrative ability.

PUSH THE PRICE UP ON SHORTS. find a Rising Market When They At-

NEW YORK, April 2.- The market has been feverish and highly speculative all week and is materially higher than last week, even after Friday's break, mainly as a result of forced buying on the part of the short interest. A campaign against the shorts evidently had been quietly but elaborately organized and when they started to take their profits on Monday, on the presentation of the Maine report to congress, they found the available supply of stock remarkably small and were bombarded by the numerous false reports indicating the conclusion of a peaceful settlement with Spain. The resulting bear panic caused a very violent advance in prices, reaching to six points in many of the railroads and much over that in the highly speculative specialties. Transactions were larger than any day during the year. It was supposed that this had largely eliminated the short interest from the market, but after a sharp reaction on Tuesday prices went up again on Wednesday, another portion of the bear contingent covering their short contracts. These severe experiences of the bears made them timid about their further operations and there was said to be still a large outstanding short interest in the market. Vague surmises were in circulation all week also of alleged confidential information from Paris banking houses, that a peaceful solution of the Cuban question was assured. These factors helped to sus-

Europe at the rate of nearly \$2,000,000 a day and rates for time money were stiffly held, lenders being disinclined to make loans until the situation becomes clearer. A woman's case-Mrs. Julia Parks, Prosser, Nebraska: "I wish to state here that my case seemed to be a hopeless one owing to female weakness and a complete breaking down of the whole nervous system. I also contracted a bad catarrhal disorder that

seeemed to CENTER ITS POISON on the stomach, killing all digestion and nourishment of the body. The dectors said I had ulcers and some went so far as to call it cancer of the stomach. Anyhow, I was a great sufferer, and through starvation and pain became reduced to a skeleton. About this time I began reading about the help women were getting from the Shepard Home Treatment. I decided to put myself upon a course at once. I had been under different doctors' care for 15 years, but thought I'd try again. The result is that I am better than I've been for 30 years. I've discharged my hired girl and am dolog my own work. In health, strength and comfort I'm all right,

and am entirely cured of my nervous dis-ease, dyspepsia and local trouble." STOMACH DISEASE.

The Effect of Cotarrhal Polsons Upon the Stomach as Given by a Well Known Omaha Man.

Mr. George Spangler is the credit man for McCord. Brady & Co., the wholesale grocers. Speaking of his relief and cure from the horrors of dyspepsia, he says:

"Catarrh of the stomach nearly ruined my

digestion for several years. Almost invariably after eating I would have a dull heavy pain in the stomach and bowels, as though filled up with lead or putty. The food would lie on the stomach without digesting, causing discomfort, distress and often nausea. A number of physicians tried to help me, but none of them seemed to hit until I began

with Dr. Shepard, and he cured me."

After Offices in Sloux City. SIOUX CITY, April 2.-(Special.)-Now that J. H. Quick has been elected mayor of Sloux City by his democratic supporters, he

is having a hard time to satisfy all demands in his municipal appointments. The office of chief of police, which, under the law, is now combined with that of city marshal, is the most important appointive office. James Nelon, the present chief, is a republican, but he wante the office again, and has the support of many democrats. He is well liked as a police officer. If Quick selects Nelon he will have trouble with the small fry of his party, and if he does not he will be in the same fix with the bosses. The mayor-elect of Sloux City is therefore be-tween fire and water. The same trouble

arises in regard to other offices. Interstate Sheriffs' Association. SIOUX CITY, April 2.- (Special.)-The next neeting of the members of the Interstate Sheriffs' association is to be held at Council Bluffs June 21, 22 and 23. Sheriff W. C. RACKING RHEUMATISM.

QUICKLY AND PERMANENTLY CURED IF YOU GO AT IT RIGHT.

Who Are in the Clutches of Rheumatism.

One cannot be too quickly cured of rheumatism. To get rid of those awful pains that make life a never ending series of tortures, now mild, now excrutiating, today in bed, tomorrow hobbling around on crutches—to be relieved of such a condition is always the happiest period of one's life. A remedy recently introduced called Gloria Tonic has effected many wonderful cures of long standing cases of rheumatism, cases that were supposed to be hopeless and beyond the reach of medicine. The cures have been so complete and permanent that Gloria Tonic is undoubtedly the true specific to cure rheumatism. Nearly all the drug stores are now seiling Gloria Tonic, the calls for it having become so general as to make this course necessary. Heretofore the maker of the remedy has sent it direct to sufferers at \$1.09 per box, but it is more convenient and saves a great deal of time by asking for it at the druggist's. But be sure you get Gloria Tonic, as it is the only actual specific to cure all forms of rheumatism.
