New Pitcher Presents the Millers with the Eccond Game.

TEAM DOES GOOD WORK BEHIND HIM

Pielding of the Fisher Family is Sharp, but the Stream of Gift-Dases is Too Steady to Overcome.

MINNEAPOLIS, April 29 .- (Special Telegram.)-The Millers took the Nebraska infants down the line again today in a game that was almost as listless us the town was wild with enthusiasm over the departure of the soldier boys this morning. Mauck in the box was as wild as the dreams of the queen of Spain. In the second inning he . walked three men to first and let one of them in on a wild pitch. In the third he hit three men, and then three men hit him and Fisher moved him to the beach, Daub taking his place and doing much better. Cook, one of the Schmelz colts, did slab duty for the Millers, and while slightly wild at times held his opponents well in hand at critical moments.

For the visitors Hollingsworth did the star work at second. Of his seven chances, somewhat difficult, he fully sustained his reputation of ability to cover as much ground as any one in the league. Reilly and Smith carried off the field honors for the Millers. The former is just beginning to get around with his game unkle, which, however, does not seem to interfere with his play. Smith missed but one of his nine chances, and the error was excusable. Hickey, who covers first bag in the absence of Werden, is putting up a stiff game, and Schmelz may not be compelled to go fato the big league. Worden's loss, however, is seriously felt

Other Western League Games. Other Western League Games.

DETROIT, April 29.—Today the Western league base ball season opened here with a game between Detroit and Indianapolis. As a preliminary, both teams, in tailyho coaches preceded by a band, paraded the principal streets, ending up at Bennett's park, where Charley Bennett, the famous ex-catcher, threw the first ball. Detroit made a hair-raising finish in the ninth. With two runs to tie and two men out, Davis got a single, Dungan got to first on an error and Hines scored Davis with a clean two-bagger. The next man up was easy, however, and Indianapolis had one run to spare, without their ninth inning.

Cincinnati Goes to Pittsburg and Keeps Right on Winning. PITTSBURG, April 29.—The ball sear was opened here today with a defeat for the me team. The Reds put up a brilliant game and outplayed the Pirates at every point. The ex-Pittsburgers on the visiting team were in almost every play of the game and took delight in whipping their former brethren. The parade, as is usual on open-ing days, was indulged in and the players were given a royal reception. Attendance, 4,200. Score:

been known and it does not stem to be satiated at all as yet.

Confusing accounts about the great industries cannot cause surprise in view of the contradictory influence of monetary string ency curtailing many orders, heavy orders by the account in many branches and

ency curtailing many orders, heavy orders by the government in many branches, and all pervading centilence that after temporary conditions have passed business is going to be better.

The government is buying many uniforms and great quantities of supplies, cloths, shoes, ecoper wire and iron for vessels, and armament, and the purchasing of many ships compels building of other vessels.

Banking caution at the same time is stopping wirk in some iron and wooden mills. Yet confidence as to future business cause tefusal of many contracts for long time, the holding of wool above its current manufacture value and a marked rise in hid s.

The consumption of tron is still the greatest external than the same terms of the contracts have been deferred. The week has witnessed eastern inquiries for plate at Chicar and general advances. car contracts have been deferred. The week has witnemed eastern inquiries for plate at Chicago and a general advance of £ a ton with refusal of bids by implement makers at Chicago for bar fron because higher prices in the future are expected, and castern buying of bars from Chicago for car building with a shade lower prices at Pittsburg for Besemer pig because the associated producers hold to agreed prices, although middlemen are selling at lower figures.

In spite of any agreement by foundry man and forge producers, the price of grey forge at Pittsburg slightly declines. Considerable orders for steel rails for export have been received during the week. With but two or three structural orders of consequence the works are fully employed for months to come.

works are fully employed to come.

The cotton manufacture has been helped by some government contracts, a little better outside demand and the temporary advance in raw cotton to 6.44, although the price has since declined again to 6.37. Supplies have been larger in some previous years than them are now, and yet they are enormous, and the demand for goods is still hindered by the great stocks in sight or reported.

still hindered by the great stocks in sight or reported.

Wooden manufactures are doing rather better, large government orders helping. Sales of wool are about one-sixth of last year's for April, half of those in 1896 and one-third of sales in 1892, though eastern buyers are weak, but country holders are sticking for higher prices.

Fallures for the week have been 262 in the United States, against 257 last year, and sixteen in Canada, against forty last year.

BRADSTREETS' REVIEW OF TRADE.

Little Unfavorable Effect on Business Because of the War. NEW YORK, April 29.-Bradstreets' to-

morrow will say:

The lack of excitement, nervousness or interruption to the ordinary orderly conduct of affairs, and particularly business operations, with which this country has passed from peace to war, geems likely to become hysterical. When contrasted with the records, where extent of business movements at periods in the country's history when war was the final result of strained relations, the temper with which the country has recognized the outbreak of hostillities with a foreign power is not only proof that the duliness and depression of the last six months have largely discounted the effect lately witnessed, but furnishes a valuable index to the general point of view taken by the business community as to the outnorrow will say:

index to the general point of view taken by the business community as to the outcome of the pending war.

Little or no effect upon general trade distribution of an unfavorable character is perceptible in the reports of the last week. Perhaps the most notable, because most uniform feature, has been the unanimity with which the quotations of leading staples have been marked up. These advances, too, have not been confined to food products, but include many widely differing articles a like of home and foreign growth. It is true that the greatest animation has been displayed in those products of the United States and foreign countries, the ocean transportation of which is in the minds of some people likely to be much interfered with.

Thus wheat, whose strong statistical po-

likely to be much interfered with.

Thus wheat, whose strong statistical position has been frequently referred to, has been again marked up, chiefly because of the excited foreign demand which has developed, and of the heavy advances at consuming points abroad.

Following the leading cereal in its upward mayement corn oats and flour have ward movement, corn, oats and flour have likewise advanced, while in pork and other animal products, notably lard, bacon and hams, quotations have also been marked

The demand for steel plates for vessels to replace these taken by the government is also a feature of interest, and the outlook is for activity in the shipbuilding industry for some time to come.

A feature of importance is the immension of the freight room in vessels salling from this country in the near future. Rates have again advanced, and shipments from several parts are reported cripned not only

country in the near future. Rates have again advanced, and shipments from several ports are reported crippied, not only by the advanced quotations, but by the absolute scarcity in some cases of neutral bottoms to carry freight in.

The crop situation generally is of a most gratifying kind, but particularly so is that of wheat and other grains, with the sole exception, as to locality, of California, which is buying wheat in Oregon and Washington. Undoubtedly the favorable crop prospects have been a stimulating feature throughout most sections of the country, and taken in conjunction with the advance in cereal products have tended very larsely to offset any possible ill effects growing out of the present situation.

Cereal experits, as already noted, show a considerable increase this week, wheat shipments from this country and Canada aggregating 4,160,998 bu., as gainst 3,222,000 bu. last week, 1,155,000 bu. in the corresponding week a year ago, 1,260,000 bu. in 1895 and 2,555,000 bu. in 1895 and 2,555,000 bu. in 1895 and 889,000 bu. in 1896. Business failures in the United States this week number 245, a gain of Iwenty-one over last week's total, and compared with 244 in the corresponding week of 1897, 254 in 1896, and 206 th 1895.

REVIEW OF THE STOCK MARKET.

REVIEW OF THE STOCK MARKET Speculative Conditions Are Disap-pointing to All Parties.

NEW YORK, April 29 .- Bradstreet's financial review tomorrow will say: Speculative conditions this week have een a disappointment both to those who ne'd that war was likely to cause further serious depressions in stock prices and those who looked for the immediate development of an active and excited bullish market. As a matter of fact Wall street has not seen such a dull, tame and waiting market in a long time. The public is out of it either as investors or speculators and the leading operators and managulators in the last two days' trading rested on their oars. Transactions by the smaller fry were consequently of a timid and restricted kind, while London sold slightly at the beginning of the week and later on showed a disposition to purchase, but in neither case to an extent sufficient to affect the tone decisively. serious depressions in stock prices and these

BANKS RESTRICTING LOANS

This market was simply heavy and lower in the early part of the week and dull but sitoning in the such ding portlen.

Its character may be lauged, however, by the fact that on Widnesday the stock transactions of the day were a little over \$0.00 shares all told, less than the business which had been frequently done in the Stock exchange in an hour of \$63.

The disposition up top-riday was to wait for some result in connection with the war, which would possibly afford a basis for theories regarding its length, or the character of the resistance which Spain can offer to our forces.

It may, however, he said that except for the foreign sales already referred to, there was little or no pressure of a positive kind and an absence of a yieldle disposition to buy stocks except when small shorts covered. There has be fire a somewhat general belief in professional stock market circles that the market would ultimately work hisper.

Diminishing Pain Marks Later Stages of His Disease. HAWARDEN, April 29.-Mr. Gladstone LEASES THE SHOPS AT DENVER. is resting easier this morning, but his general condition is less favorable. The diminishing pain is a bad sign, always marking the later stages of the disease from which Mr. Gladstone is suffering.

Put Guards Around Powder House. ST. LOUIS. April 29 .- Owing to the recent lestruction of powder mills at Easton, Pa., and Santa Cruz, Cal., by explosions, thought to have been caused by Spanish spies, managers of eight big powder companies having their western headquarters in this city have ordered double guards placed at all points where powder is stored or manufactured. There are five powder store houses at Eureks, Mo., near this city, and they are being guarded closely, as thousands of tons of the explosive are in storage there.

RATES FOR THE CONVENTIONS

Cheap Rides to Omaha the Order of the Coming Summer.

RAILROADS MAKE THEIR ANNOUNCEMENT

One Fare Plus Two Dollars for the Big Events, and One and One-Third Fare for the Smaller.

The meeting of the Western Passenger association in Chicago has adjourned and the passenger men of this city who were in attendance have returned. The meeting was of great importance to Omaba. Besides forming a tacit agreement among the western lines to charge 2 cents per passenger the week ended April 28, with the per- per mile for the transportation of the volunteers the meeting fixed upon rates for all the national conventions that will be held in the west this summer. As a majority of these will be held here during the exposition, the work of the meeting has been received here with great interest.

Rates of one standard fare, plus \$2, for the round trip have been declared for the larger meetings that will be held here. These include national conventions whose previous meetings have been attended by upward of 500 delegates. For the other conventions that will be held in Omaba during the exposition it is announced by the passenger officials that rates of one and one-third regular fare will be made for the round trip. The rate of one fare, plus \$2, made for the big meetings here is the same rate granted for the Christian Endeavor convention, the Grand Army endeavor convention. compment, the National Educational asso clation and other national meetings to be

held at other points.

The meetings for which rates have so far been announced by the Western Passenger association are as follows: Transmissis-sippl Teachers' association, Omafia, one fare, plus \$2, from points in transmissouri terri tory and from eastern committee territory

from Mississippi river points and west thereof. The date of cale for these tickets will be June 26 and 27, and points within 150 miles of Omaha for traine arriving in Omaha on June 28. The final limit is July 5, with the provision that tickets may be deposited with the joint agent for an ex-tension not earlier than July 1, nor later than July 3. The extension may be made until August 31. Tickets will be good for continuous pareage in both directions. For the annual convention of Travelers' Protective association, Omaha, May 31-June 3, the rate for the round trip will be one fore plus \$2. The dates of sale from asso-

ciation territory generally will be May 29 and 30, and within 150 miles of Omaba they will be May 30 and 31. There will be a limit of ten days on these tickets.
For the American Institute of Homeopathy. Omaha, June 24-30, the rate will be one fare plus \$2. The dates of sale will be June 22 and 23, and from points within 150 miles of Omaha, June 24. The final limit on these tickets will be July 7.

For the National Turnfest, Omaha, July

15-17, the rate will be one fare, plus \$2 The date of sale from all association territory will be July 14, and in addition from all points within 150 miles for all trains, ar-riving in Omaha on July 15. Agents may sell from Colorado points and west on July 13. Tickets will be a sell trains. 13. Tickets will be good for continuous passage in both directions. The final return limit will be July 22.

For the National Congress of Retail Liquor

Dealers, Omaha, August 22-27, the rate will be one fare, plus \$2. The dates of sale from association territory east of Colorado will be July 21, and from points within 159 miles from Omaha for trains arriving here on the morning of July 22. Agents will sell from Colorado points and west on July 20. Continuous passage in each direction will be the rule. The final return limit will be Sep-

Not included in totals because containing within 150 miles for trains arriving here

U. P. D. & G. Gets Control of the Union

Pacific Plant. On Sunday, May 1, the control of th Union Pacific shops at Denver will pass from the Union Pacific railroad to the Union Pacific, Denver & Gulf rallway. The latter corporation recently made a proposition to the Union Pacific for the lease of the Dencepted by President Burt of the Union Pa

In the shops at Denver that will soon be controlled by the Union Pacific, Denver & Gulf by leave there are about 500 men employed. It is doubtful if the Gulf road will make many, if any, changes among the mechanics employed at the Denver shops after securing control of them. The Gulf road has long needed machine and car shops at Denver. That city is the central point and the most important one in the system, but the Gulf road has never had any shops of its own there. Up to this time in the receiver-ship of the Gulf road all the locamotives and car work of that railway has been do the Union Pacific shops at Denver by the Union Pacific.

It is believed that the lease of the Union Pacific by the Union Pacific, Denver & Gulf railway will continue during the re-ceivership of the Gulf road. No lease made now during the receivership could extend beyond the time of the road's reorganization. The terms of the lease have not been given out. The report from Denver that the control of the La Salle and Julesburg

from Julesburg to La Salle will soon be controlled by the Union Pacific, giving that line a road of its own into Denver. This transfer will probably take place within thirty days, but the transaction will be in

motive power and machinery of the Union Pacific, last evening said to The Bee: "The Pacific, last evening said to The Bee: "The Union Pacific does not need the shops at Denver. One of our largest plants is at Cheyenne, Wyo., and all the work of the Union Pacific that the Gulf company does not do at Direver can be handled at Cheyenne. There is no need for two as large plants as the ones at Denver and Cheyenne so close together. Master Mechanic Sprigg of the Union Pacific will remain at Denver, and such light repairs as may be needed by our

expected to assemble to see the state troops on dress parade at the capital city of that state. The Rock Island will run a special train from Omaha, leaving here at 6:10 a. m. on Sunday and arriving there at 11:45 a. m. Returning the train will leave there train from Omaha, leaving here at 6:10 a. observation force of the Spanish in the Medm. on Sunday and arriving there at 11:45 iterranean, composed of torpedo boats and destroyers, is reinforced before the liners at 6 p. m. and arrive here at 11 p. m. The Nebraska railroads have given up the idea easy victims to the gumers of the cruisers. of running excursion trains into Lincoln on Sunday, because of the uncertain location of the troops of this state on that date.

Change in Eric Agents. Frank A. Tidd, local agent of the Eric

Dispatch freight line, resigned his position yesterday to enter other business. He will be succeeded here by Harry P. Potter, who has held the position of contracting freight agent for some time and with considerable success. No appointment of a contracting freight agent to succeed Mc. Potter has yet been made. Frank A. Tidd became local agent of the Eric Despatch. just seven months ago, succeeding Frank Colley in that position. His resignation was something of a surprise to local freight

Commerce of Spain. Expected to Play Havoc with the Commerce of Spain, WASHINGTON, April 29,-It is entirely

possible that the operation of the American fleet in Cuban waters in the matter of seizing Spanish vessels as prizes will be soon completely eclipsed by the performance of no manner connected with the leasing of the Union Pacific shops at Denver to the Guif the swift ocean greyhounds recently purchased by the government from the American line. These vessels, the St. Louis and St. Faul-now the Harvard and Yale-have been fitted with armor protection over all their exposed machinery and have already received good batteries. It was the intention of the department to considerably supplement these batteries at the may yards, but owing probabroad of the movements of some very richly laden Spanish vessels, the department does not consider that time remains to comsuch light repairs as may be needed by our plete the work in the ordinary magner at the nary sand incomptions there will be made under his supervision. But most of the work work, so the transformed liners are to be will be done at Cheyenne." Excursion to Des Moines.

All the lowa lines are arranging to run are in blue water. No official statement can excursions into Des Moines, La., on Sunday, in order to accommodate the crowds who are expected to assemble to see the state troops on dress parade at the capital city of that state. The Rock Island will run a special train from Omaha, leaving here at 6:10 a. PORTUGAL PROCLAIMS NEUTRALITY.

> Decree Similar to One Issued During, Franco-Prussian War

LISBON, April 29.-The Official Gazette today publishes the neutrality decree of Portugal in the war between Spain and the United States. It is similar to the decree issued at the time of the outbreak of the Franco-Prussian war and contains six

articles.

1. It forbids the equipment of privateers in Portuguese waters.
2. Forbids the entry of privateers into Portuguese waters. 3. Permits belligerents to make a short

stay at Portuguese ports.
4. Defines legitimate trade as regards belligerents and forbids trading in goods James E., Preston, commercial agent of which may be considered contraband of the Milwaukee at Denver, is in the city. He war. war.
5. Warns Portuguese and foreigners

Extraordinary Naval and Military

Activity Displayed.
PARIS, April 29.—It is announced that extraordinary naval and military activity is displayed throughout France. All the ships recently mobilized ore kept in fighting trim.

The reserves expect to be called out. At Brest there is much comment on the fact that the work on the arsenal con-tinues until a late hour hour every night and the workmen are employed all day Sun-days. Large orders for war materials have been placed and all the coast ratteries have been supplied with provision: and munitions for several months. It is also announced that fresh batteries have been erected at Ushart, that all the French war ships recently mobilized are kept in fight-ing trim and ready for sea at a moment's notice, and that the reserves have been notified to expect a call to active service.

Higgins' Yncht Safe in Port.

PHILADELPHIA, April 29.-A private cablegram received here reports the safe arrival at Pola, a scaport town of Austria on the Adriatic of Eugene Higgins' big steam yieht Varuna. Mr. Higgins is a California milliomaire, who came east some time ago and took up his residence in New York. Early last winter he sailed on his yacht with a party of friends for a cruise in the Mediter-ranean. The Varunna is a steel yacht, 305 feet loag. It was Mr. Higgins' intention to offer it to the government, but the breaking out of the war prevented him from bringing it home.
