The trial of the injunction suit was held before Judge Macy at the request of Judge Smith and his decision was received by the latter yesterday. The suit which was known locally as the "Presbyterian Alley" case, involved the right of the Citizens' State bank which recently purchased through Hart the property at the southwest corner of Main street and Broadway to twelve feet in the rear of the building. ments encamped at Camp McKinley, Des Moines was as follows: First, 484; Second, 620; Third, 627; Fourth, 657; total in four regiments, 2,388.

The Sloux City Tribune advises that the best thing the Iowa National guard can do is to submit like soldiers to their superiors and take their chances of winning their spurs, as Governor Shaw says, at the front. Every man cannot be a brgadier general.

Iowa Press Comment. Des Moines News: The people who were going to Europe this year can go to the Omaha exposition instead.

Cedar Rapids Republican: Representative Dolliver made a sensible and statesmanlike speech on the new revenue bill in the house. Mr. Dolliver is paying less attention to epigramo lately, but his speeches are always brilliant and full of sound sense.

Sloux City Tribune: If the enlistment of men by the United States is to break up the national guard, as suggested by the officers of that organization in Illinois and lowa, undoubtedly the national guard will break up, because the government of the United States will never go into a foreign war unless it can make its own officers command its own troops.

Council Bluffs Nonparell: Now that young Beckwith has enlisted, Lincoln may yet be proud of that son-in-law, for the young men's athletic training will make it possible for him to handle the balls with so much skill as to make lots of trouble for the dons and lots of glory for himself.

Des Moines Register: Iowa soldiers in the colunteer army want to stay together, at least the regiments as we send them out should be kept intact and vicancies sup-plied from this state, as far as possible. The War department will not seek to change this good rule. Let the states strive to see which can tender Uncle Sam the best troops A little state pride is not state's rights in a dangerous quantity.

TIE GAME WITH THE MILLERS

Omaha's Babes Play a Great Match on Minneapolis Grounds.

LEVEN INNINGS AND REACH NO DECISION

Hagerman Pitches a Beautiful Gamand the Team Buts Excellently, but Its Field Work is a Little Ragged.

MINNEAPOLIS, May 1 .- (Special Tele-

gram.)—The exciting game of the season was that played today between the Millers and the Omaha Babes. Eleven hard fought innings resulted in a tie. Three different times the Millers had the prize in hand but fell down at the critical moment. The fire works began early, and the visitors played rines. The Millers opened the game with Figgemeler, but he was hit as casily as a Spanish battery and retired to the bench in the fifth with Ritter, the catcher. They were replaced by Phillippi and Dixon. It took Phillippi an inning to locate the plate, members of the order from different points his belt. Hagerman pitched a steady game, allowing but nine hits, and had his support been as good the game would have ended with nine innings in favor of Omaha. The critical moment of the game was in the eighth, when the score stood 5 to 4 in favor of the Millers. Lyons was the first up, and went out on a fly to Parrott. Burnett singled to first and stole second. McCauley rapped a liner, which was picked up by Smith at second and placed in Hickey's mitt at first. Two men out. Hollingsworth dropped a little fly in front of Reilly, who was slow in getting it to first. Fisher made a hit and Burnett crossed the plate. Hagermen got a fielder's choice for dropping a fly, in Ball's hande, who put Fisher out at second. The remaining innings netted goos on account of darkness. Score:

"Take it back

-go to some grocer who will give you Pearline." That's the only way to do when they send you an imitation. The popularity of Pearline begets the habit of calling anything that's washing-powder, "Pearline." Those who notice the difference in name, think perhaps "it's about the same thing." It isn't. Nothing else equals Pearline, the original and standard washing compound. 579 Willions Rearline
