G.VE FISHER ERRORLESS SUPPORT

Play a Clean Game in the Field and Take Advantage of All Mistakes Made by the Esquimnus.

MINNEAPOLIS, May 3.—(Special Telegram.)—The Omaka team took Sunday's
postponed game from the Millers today by
hommerica Cook and of Schmidt College. bammering Cook, one of Schmelz's Colts, in the first two innings, assisted by the errors of Ball. They piled up nine runs, which was all they got during the game. Figgemeier was then put on the slab and held the visitors down, but the lead was so great that the Millers could not outch it and suffered from a case of rattles. Fisher was hammered bard, the Millers making a total of fourteen hits. Campau opened with a two-bagger and Letcher made a hit. A wild pitch by Fisher let Letcher to second. Reilly went out on a foul to Burnett and Dixon flew out to him. Parrott found the sthere for a little hit, bringing in Campau. Smith also singled, bringing in Letcher, and Ritter flew out. For the Babes Eustace made a hit and got to second by an error of Cook. Cook presented Griffin his base and by a wild pitch let Eustace to third. Fisher, next up, got a fielder's choice and Eustace went out at the plate. Griffin stole third. Lyons made a hit, bringing in Griffin. Bur-nett walked, McCauley found the ball, bringing in Fisher and Lyons and Burnett stole home. McCauley stole second, where he died. Hollingsworth fouled out and Hagerdied. Hollingsworth fouled out and Hager-man west out at first. In the second Cam-pau made a tilt and stole second, Letcher made a two-base hit, bringing in Campau. For the Babes Lawler found the sphere for two bases. Eustace got to first by Ball's er-ror. Griffin got a fielder's choice, but Eus-tace got to third by Ball's error, Lawler scoring. Fisher went out at first. Lyons made a tit, bringing in Eustace. Burnett found the ball for two bags and ctole third. McCauley got to first by Ball's error and Burnett came home, making five runs. That wen the game and at no time were the Millers within daugerous reach.

The following licenses were granted: John Curbley, Peter Clay, John Curningham, Fred Cowman, Charles Garrigan, Bud Haggins, John Hathersall, James Irving, T. McDonald, D. Mapes, W. H. McDermott, W. Murphy, William Pickering, D. Rogers, M. Shedy, Tod Sloane, John Stack, W. Simms, Hezekiah Season, Frank Warren, William Valentine and H. H. Spencer.

"SWEET LITTLE ALIX" SOLD

Wonder ul Iowa Mare Bought for Eastern

WILL OUIT THE RACE TRACK FOREVER

Brood Antmal_Price Paid is Said to Be Very

RED CAK, In., May 3 .- (Special)-The passing of the champion race mare Alix, 2:02%, from the race course to the harem was today effected. A. A. Austin of the Boston Herald purchased from Morris J. acted for Hon. F. C. Bayles, proprietor of the Mariposa and Bryn Mawr stock farm of Pawtucket, R. I. The price was not made public, but is said to be one of the largest ever paid for a brood mare. For four years Alix has been the world's champion trotter. In 1894, at the Galesburg, Ill., track she trotted to the world's record, 2:03%, beating Nancy Hanks' 2:04, then the champion. From a 2-year-old to the day she broke all records she was beyond the question of a doubt the greatest and most consistent race mare the trotting turf has ever known, both for endurance and extreme acced. She now holds more individual world's records than any other performer.

When Alix made the first heat of the memworld's records than any other when Alix made the first heat of the memorable Columbian free-for-all at Washington Park. Chicago, she established a first heat record for 5-year-old trotters that has never been equaled. In her 6-year-old form she was at her best and was considered the greatest racing mare of a lifetime. That year at Terre Haute she went three heats in 2:06, 2:0614 and 2:0514, which were at line 2:06, 2:0614 and 2:0514, which were at all such applications.

That he cannot that he described by the government to have been condemned by the government t that time and still remain not only the fast-est first, second and third heats for a 6-year-old trotter, but the fastest first heat of any age and equaled Directum's third heat of 2:05%. Later she broke all existing rec-ords at Galesburg, when she trotted that track in 2:03%, establishing herself the un-disputed champion trotter of her time. This disputed champion trotter of her time. This record has never been equaled and in all probabality it will be many years before the trotting turf will see her equal.

The latter part of this week she will be shipped by express to Pawtucket, R. I., and Pactolus park, that has so long been her home, will know her no more. Citizens will greatly regret parting with the sweet little mare. She was the ideal trotter of the west. Thus New England got the two champion mares, Nancy Hawks, 2:04, and Alix, 2:0334. The two famous mares will be owned within twenty-five miles of each

owned within twenty-five miles of each other. It is to be hoped that her success as a brood mare will equal her fame as a race mare. Mr. Jones feels her loss greatly and will eagerly watch the progeny of his pet, "Sweet Little Alix."

EVENTS ON THE RUNNING TRACKS

SOUTH OMANA NEWS

The local live stock exchange has decided to commence a war on the present system of government inspection here and will make an effort to have the force reorganized. Complaints from this exchange have fre Complaints from this exchange have frequently been made to Washington about Dr. Ayer, the chief inspector, but so far without avail. Even the Stock Yards company sent a representative to Washington not long ago to file complaints against Ayer, but even this powerful corporation could not bring about the changes demanded. The cause of the complaint among the members of the exchange is one that touches their pocketbooks and decreases their business so that from this time on it is to be a fight for supremacy. Not that any member of the exchange desires to violate any of the regulations of the government, but fair treatment and the same inspection accorded other ment and the same inspection accorded other

ment and the same inspection accorded other live stock markets are desired.

Commission men assert that it is impossible to obtain certificates of cattle condemned and on this account customers are deserting this market for points where the government business is transacted according to law. For instance, a commission man sells a business exists to a packets which the control of law. For instance, a commission man sells a bunch of cattle to a packer subject to inspection at the packing houses. The animalo are killed and so many reported all eight, of the balance no mention is made, and it is impossible for the commission man to obtain a government certificate showing why certain cattle were condemned. Time the cause assigned by the government post mortem agents, but in all such cases a flat refusal is met with and the commission man s compelled to go back and tell the shipper that he cannot account for the cattle alleged

Under the state law this city is allowed to make a levy of 1 mill for library purposes

and it appears to be the desire of a great and it appears to be the desire of a great many that this be done. Some years ago the city had a public library, but it was discontinued and the librarian dismissed. Now it is proposed to make an effort to induce the city council to include a 1-mill levy for library purposes in the annual levy to be made next month.

According to the law this levy may be made and collected the same as any other

fered a fairly good starter and it is thought that should the proper influence be brought to bear on members of the council the levy allowed by law would be made. Such a li-trary would be exempt from taxes and execu-tion and the running expenses would not be

At the council meeting called for tonight petition signed by many of the saloon scepers will be presented urging that the

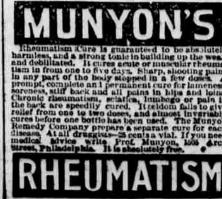

keepers will be presented urging that the license be fixed at the same figures as last year. It is asserted by the eigners that the increase in the license tax is a hardship coming suddenly, as it did, and on top of an increased government tax.

Whether the petition will have any weight with the members of the council is a question, but it is hoped that the license may still remain at \$500 and the occupation tax at not over \$200. Nearly the of the caloon keepers say that they would be willing to pay an occupation tax of \$250 this year, but more than that they cannot stand. A well known liquor dealer stated yesterday afterneon that there was a movement on foot to assist each saloon keeper \$75 in order to make a pot of \$5,036 or so to influence certain members of the council. Just who the members who needed influencing were the valous keeper declined to state for publication. Representatives of certain breweries verified this statement about the talk of a sum being raised to influence certain counsellem. An official of one brewers taken of the sures. sum being raised to influence certain councilmen. An official of one brewery stated that in case the license was fixed at \$1,000 he would be compelled to close at least ten of his saloons.

The exteene is denounced as one of the most high-handed attempted in years. As a matter of fact all saloons are now running without a liearse and are amenable to the law on this account. No tonder of the \$1,500 demanded by the council for a license has a yet been made by any liquor dealer.

Appointment of Teachers. The members of the Board of Education who retain their seats after July 1 take exceptions to the opposition of the newlyelected members in relation to the election of teachers. It is claimed by the old members that they are far better fitted to pass upon the qualifications of the teachers than the new members and for this reason they propose to elect certain of the old teachers who are to remain in the employ of the board. As for the new teachers the reorganized board will be allowed to manifest a choice as has always been the custom. Going further, the old board occusiders that it should be allowed to name a superintendent for the reason that it is better qualified to judge of the fitness of the applicants than new members who have had no experience with the handling of the schools. As far as ean he learned the resent board is a unit with the handling of the schools. As far as can be learned the present board is a unit for the re-election of superintendent Munro. They say that under, the system in vogue the grade of the South Omaha schools has been raised from the lowest to the highest in the state and that it is Prof. Munro's management which has brought this about. Notice was received yesterday to the effect that the High school here had been advanced to class A, which places it on an equal foot-ing with the High schools at Omaha and

J. B. Smiley said last evening that he had given up his idea of going after the slot machines. A month ago today the postoffice site wes cleared, but the graders who were so unx-

ious to commence work have not showed City Treasurer Broadwell advertised for a ices than seventy-five kids appoired at the treasurer's office with curs for sale.

Women Who Worry An Easy Matter to Give Advice to Her.

BUT ADVICE IS SELDOM OF PRACTICAL WORTH.

Advice is the cheapest thing we can offer; it rarely costs the giver anything and yet it is the very thing which most women pay money for and still they worry. Writers on health subjects for women say, don't worry, cultivate a happy frame of mind, avoid fatigue, eat nutritious food and take open air exercise. What women does not do all this? And in addition she tries vari-ous patent bottled remedies, face lotions and physician's prescriptions and yet she does not get well. The idea of spoonfuls of dope to cure diseases that affect the vagina is absurd and this fact is clearly shown when women suffer from ten to forty years with painful monthly sickness, falling of the womb, inflammation and other uterine dis-According to the law this levy may be made and collected the same as any other levy but shall not exceed, for cities of this class, a certain amount. A levy of 1 mill on a valuation of \$2,000,000 will brieg into the city treasury the sum of \$2,000. From this must be deducted the 15 per cent reserve, which leaves \$1,700 which light be expended in the establishment of a library and free reading room. The law further provides for the selection of a library board composed of nine members, three to serve for the term of one year, three for two years and three for three years. The mayor or members of the city council are prevented from being members of this board. After the organization, three members, are to be elected annually and all are to serve without pay. Power is given the library board to purchase or lease a suitable bull-ling and employ a librarian and assistants.

With the amount to be derived from the first levy it is thought that a suitable place could be fitted up and several hundred books purchased. The library at present is in the office of the superintendent of schools and consists of about 500 volumes. This is considered a fairly good starter and it is thought that should the proper influence be brought
