## THE RAIN IN NEBRASKA

**Super Pluvius Sends Copious Showers on the Antelope State.**

**GROUND IS NOW THOROUGHLY DRENCHED**

Corn planting is delayed somewhat, but farmers generally are well pleased with the crop outlook.

**EXETER, Neb., May 21.—(Special).—**Another shower yesterday. Not far from an inch of water fell. This section is averaging about two inches a week now. The ground is thoroughly soaked and wheat, oats and rye are in excellent condition. Corn is nearly all in the ground now, and the early planted is coming up, but the weather is too cool for corn. Wheat, oats and corn are bringing good prices at this point now and lucky is the man who has any to sell.

**VALPARAISO, Neb., May 21.—(Special).—**Friday afternoon from 3 to 5 o'clock the heaviest rain known for years fell at this place, doing considerable damage in washing out corn newly planted. The water was pushed over a host of little plants, some box pens disturbed, besides a quantity of last year's haystacks being destroyed. The south part of town was under water for awhile. About two inches of rain fell.

**MALMO, Neb., May 21.—(Special).—**Friday the morning was fine and occasional showers fell about noon; at 2 o'clock it began to rain hard and in about an hour it fell in torrents; some hail fell. High water washed out bridges near town and as the closing exercises of the schools were in progress quite a number of parents were in town and could not get home. The high school pupils were preparing some decorations at the hall for the evening program. It rained so hard that the water stood nearly a foot deep around the hall and the pupils and parties attending were taken away with a team. The graduating exercises of the school were postponed, as the roads were impassable.

**STELLA, Neb., May 21.—(Special).—**During a heavy rain on Monday, two funnel-shaped clouds were plainly seen in the air a few miles southwest of town. They traveled in a southeasterly direction, but scattered before reaching the ground.

**LOUISVILLE, Neb., May 21.—(Special).—**No one in this vicinity is complaining of dry weather. "Too much rain" is how the talk. Yesterday afternoon there was a very heavy shower and another one at midnight. Much low land is under water or covered with mud.

**SEWARD, Neb., May 21.—(Special).—**Rain has been falling at short intervals nearly all week and up till last evening 2.57 inches of rain had fallen, with prospects of more. The ground is thoroughly soaked and grain is in good condition, with a fair prospect of a large fruit crop. Farmers are nearly all done planting corn.

For the last few days this section has been visited by heavy rains and corn planting, which was well advanced, has been suspended. The ground is thoroughly saturated. Winter wheat is in fine condition and is likely to lodge badly. Last evening during the night the rain fell in large quantities and many people were afraid that the wind would do damage, but luckily nothing was injured in this section.

**KENESAW, Neb., May 21.—(Special).—**Rain has been falling here for eight hours almost continually. The ground is now in excellent shape for corn planting.

**DUNCAN, Neb., May 21.—(Special).—**A heavy rainstorm came up during the afternoon, accompanied by vivid flashes of lightning. A large tree near the barn of E. J. Ernst was demolished, but no one was injured. A stiff north wind is blowing today and it is quite chilly.

**TEKAMAH, Neb., May 21.—(Special).—**A heavy rain visited this section last night, about two inches of water falling in one-half hour. This rain was very near to the point of leaving its banks and it was feared for a while that the city would be flooded.

**DAVID CITY, Neb., May 21.—(Special).—**Since 3 p. m. yesterday over two inches of water have fallen. Some hail fell during the noon, but with no wind and no damage was done. The wind has changed into the northeast and it is cool, with prospects of clearing. Corn planting is nearly completed, but nothing can be done for the next three days and fears are entertained that the corn lately planted will rot in the ground.

**FAIRMONT, Neb., May 21.—(Special).—**It commenced raining here about 11 o'clock last night and continued to rain all night. About one inch of water fell. Crops of all kinds are in the best of shape. Farmers are jubilant over the rain.

**WEST POINT, Neb., May 21.—(Special).—**An almost continuous rain has been falling for the last forty-eight hours, interspersed with a series of violent thunder storms which completely flooded the low lands and did considerable damage to bridges and culverts in the city. Grave fears are entertained that the corn planted on the bottom lands will rot, as in many places in the valley low lying lands are covered with water from four to six inches deep. On high ground the early planted corn will be greatly benefited by the heavy rains. During the progress of the electrical storm a small barn in the north part of town belonging to John Hoffman was struck by lightning and totally consumed, together with a quantity of carpenter tools and other valuable property stored in the barn.

**GRAFTON, Neb., May 21.—(Special).—**The heaviest rain of the season fell here last night.

**GENEVA, Neb., May 21.—(Special).—**Heavy rain of rain fell last night. It is quite cool this morning.

**EDGAR, Neb., May 21.—(Special).—**For nearly two weeks heavy showers have been frequent. Yesterday afternoon was quite warm and sultry and toward night heavy, dark clouds began to gather in the west. About 7.30 o'clock an ominous roar could be heard from the west which gradually increased for at least ten minutes, then became slowly less distinct. As the roaring ceased, hail began falling in Edgar, but with so little violence that it was not considered that body to banish the hail must have been very severe and that much damage was done west of this vicinity. The ground is now very wet and as about one-third of the corn is yet to plant there is considerable anxiety felt among the farmers for the rain to cease.

**BEATRICE, Neb., May 21.—(Special Telegram).—**A damaging storm visited nearly every part of this county yesterday afternoon and last night, causing great damage. Albert Pefferman's barn was blown away. Fred Bachle's barn and corn crib were badly damaged, and more than a score of windmills were blown down. In the city some damage resulted. J. C. Bozarth's house was moved ten feet off its foundation and a number of families in the Bozarth family fled to their cellars when the storm came up. A heavy rain followed the blow.

**Commercial Travelers Meet.** LINCOLN, Neb., May 21.—(Special Telegram).—The United Commercial Travelers met at the Lincoln hotel today and elected the following officers for the ensuing year: T. F. Bartlett, Lincoln, past grand counselor; J. A.

Traphagen, Hastings, grand senior counselor; C. E. Green, Norfolk, junior counselor; C. J. Miles, Hastings, secretary; Theodore Klug, Norfolk, conductor; Charles Atchison, Beatrice, vice; Edward W. Wray, Omaha, secretary; H. O. Fredericks, Omaha, treasurer; executive committee: J. E. Putz, T. F. Bartlett, Lincoln; W. E. Brock, Omaha; Ernest, Beatrice; T. F. Bartlett and J. E. Putz of Lincoln were elected delegates to the supreme council which meets at Columbus in June. A banquet was given the visiting delegates this evening by the local council.

The field day sports, which were to come off at the university today, were postponed on account of the wet condition of the grounds and track.

The election of officers of the new company of Bryan Home guards will not occur until Monday at the meeting of the contesting factions are working hard and a lively time is expected.

**District Court in Knox County.** NIOBRARA, Neb., May 21.—(Special).—An important case that has caused the settlers west of Niobrara, on the Ponca reservation, considerable division was practically turned down by Judge Robinson last evening in the Lincoln court. Brock, D. unknown, claims the survey of one range does not correspond with the field notes by eighty rods. The early settlers have located on the land according to one set of stakes and the field notes and the others that came later by another set, which laps them over the land of the early settlers. The judge, without hearing heard the case, is satisfied, he said, that the early settlers who were in peaceful possession of the land and afterwards ousted should hold their rights regardless of what errors might occur by a survey. It will doubtless be given a reference to determine, which the judge intimated would be the only way out of it. The jury has been impaneled in the case of Miller against Crockett, in which Mrs. Ed A. Fry attempted to recover about \$1,200 against the Joseph Harley stock by attachment that was alleged to have been purchased by Belle Miller of Chicago. Crockett was sheriff and was sued in the federal court for \$6,000 damages, which has not yet come to trial, pending the other suits. The merits of this case in the district court, which will attempt to show fraud. Other cases are pending also on this case and the contest will be fought vigorously on both sides.

**Cuming County District Court.** WEST POINT, Neb., May 21.—(Special).—An adjourned term of the district court for Cuming county will be convened by Judge Evans of Dakota City on Monday next. Only equity matters will come before the court.

Colonel James C. Elliott, ex-commander of the Sons of Veterans of Nebraska, is busily engaged, in connection with Wats C. Valentine in organizing a company of militia. They have been already successful in obtaining many city recruits, and anticipate no difficulty in obtaining the requisite number.

The Cuming County Teachers' association was held at the high school building, West Point, today. A large number of teachers were present from all parts of the county.

The telephone exchange will be placed in West Point within another week, the gang now being at work at Schuyler. The rates for speaking to other towns will be cut down by one-third.

**Court Week at Seward.** SEWARD, Neb., May 21.—(Special).—District court will convene on Monday, May 22. There are fifty-five cases on the docket, and court will be in session nearly a week.

The schools closed yesterday for the summer vacation. There are four graduates from the high school, and commencement exercises will be held next Tuesday and Wednesday evenings in the Methodist church. On Wednesday evening Prof. F. M. Fling of the State university will deliver an address.

Thousands of bushels of corn, oats and wheat have been marketed at this point during the last week, and if the present prices continue a great deal more will be marketed during the coming week.

**Stock Yards for Hastings.** HASTINGS, Neb., May 21.—(Special).—Although it is not generally known, it is true nevertheless, that the B. & M. Railroad company had completed all the arrangements for the building of the stock yards on the eastern part of the city, but owing to the fact that a remonstrance had been filed by George LeMonte, claiming it a nuisance, the contracts and work on the stock yards were declared off. The B. & M. company intends making the stock yards on the western part of the city, in contemplation of the new yards. It is given out that as soon as the company can get all matters agreeably arranged in regard to location the new yards will be built. They are to cover several acres of ground and will be well waded.

**Murder Near Spaulding.** GREELY CENTER, Neb., May 21.—(Special Telegram).—Last night W. S. Keenan shot and killed Robinson at the Keenan farm, southeast of Spaulding about four miles. Robinson is a man who had a reputation of having once been in the penitentiary and was one of the parties with Frank Cole, who was killed in Holt county last spring. The shooting is said to have been in self defense and grew out of some trouble over a pasture in which Mike Lamb and Robinson were causing the Keenans much trouble. Keenan is about 25 years of age and Robinson was about 35. The preliminary examination will be held on Monday before Judge Barry. Keenan gave himself up as soon as he could get to town.

**Indian Agency News.** OMAHA, Neb., May 21.—(Special).—A. P. DeMitt of Decatur entertained the pupils of the Government school Thursday with his gramophone. The program was well selected and highly enjoyed by the whole school. Superintendent McArthur and his corps of assistants extended a vote of thanks.

A lot of new buildings are expected to go up here soon. An appropriation of \$18,000 by the government is looked for and orders from the interior department to begin the work of construction may arrive any day.

There was a heavy rain here last night with a quantity of destructive hail. Lots of windows were broken and small grain cut up quite badly.

**High School Entertainment.** WAHOO, Neb., May 21.—(Special).—The first of a series of entertainments in connection with the high school commencement of this city was held at the home of William Collins last evening. The class of '99 held a reception for the class of '98. The entertainers were: Superintendent Haan and wife were present. Louis Pospial and Mamie Simpson of '99 gave short addresses, which were responded to by C. C. Mills of '89. The Dewey quartet furnished some choice music. The Collins' home was beautifully and tastefully decorated with the national colors.

**High School Entertainment.** WAHOO, Neb., May 21.—(Special).—The temperance people presented a petition to the city council on Tuesday evening, asking that body to banish the billiard hall from the city. The council refused to grant the petition.

**Build an Addition to the Church.** STELLA, Neb., May 21.—(Special).—The members of the Christian church are building an addition on their present building and also changing the belfry from the corner of the building to the west center.
