CADETS ON DRESS PARADE

Annual Drill Held at Base Ball Grounds Next Friday Evening.

Next Friday evening the Omaha High school cadets will hold their annual competitive drill and the successful company will be awarded the honor of carrying the flag during the year.

Heretofore this military tournament has been under the direction of the Thurston Rifles. This year the cadets will demonstrate that they have profited by their former lessons from this company.

Very few students of the school, and indeed very few people, remember the first military company organized at the High school. It was in the days when thirty-five were considered a very large graduating class.

It was when one of the seniors borrowed a dozen old muskets and proceeded to organize a company. This company flourished for some time, becoming somewhat proficient in the use of arms.

At present the instructor and commandant is Lieutenant W. A. Campbell, U. S. A., with the five companies captained by Company A, Captain Clarke; B, Captain Robison; C, Captain Potter; D, Captain Manchester; E, Captain Johnston.

The competitive drill will take place at about 8 o'clock in the new base ball park. The companies will be carried by street cars to the ground.

Besides the company drill there will be individual competitive drills and exhibition drills, in which outside companies are expected to take part.
