

# JACKSON GETTING FAXED UP

State Superintendent Finds His Exhibit in Excellent Condition.

## TEACHERS ALL SHOW GREAT INTEREST

Some Trouble About Free Transportation, but the Matter is Being Easily Adjusted and Shipments Are Made.

LINCOLN, May 24.—(Special).—State Superintendent Jackson and Deputy Beck went to Omaha today to look after matters pertaining to the educational exhibit at the exposition. At the office here the work has been progressing satisfactorily and the teachers of the state have not allowed the question to divert their attention from the exhibits that are to be made. From some localities word has been received that the railroad agents have refused to transport the exhibits free, saying that they have received no word from headquarters to do so. Only a few such complaints have been received, however, and the matter is being adjusted by the railroad companies.

The State Banking board has chartered a new bank at Havelock, to be known as the "Farmers' Bank of Havelock." The capital stock of the new institution is \$15,000, and the incorporators are Peter Shelby, F. A. Frantz, W. H. Horne and M. P. Harrison.

The governor is receiving numerous letters from people who want to raise companies for the new Third regiment of the National Guard. The answer sent to them is that the regiment is full, but that in case of the organization of another regiment the claims of the writers will be considered.

The following notices were commissioned today: Frederick E. Goble, Red Cloud; C. W. Johnson, Wood Lake; J. W. Hunsberger, Pender; S. W. Grimsford, Humboldt; Peter Shelby, Harrison; Kennard, Ira Thomas, Tekamah; William Shields, Omaha; A. W. Comstock, Pender.

## Lincoln News Notes.

Last night at the bride's home in this city Miss Mattie Hardin and Mr. Rollins A. Emerson were united in marriage by Rev. H. O. Rowlands. The wedding was a quiet one, only the relatives and a few intimate friends being present. Mr. Emerson was graduated from the university last year and since that time has been one of the horticulturists in the experiment stations at Washington.

On Sunday morning the annual memorial sermon will be preached by Father Nugent at St. Theresa's pro-cathedral. The program is arranged for May 30 will consist of an address by Rev. H. O. Rowlands, songs and recitations and decoration of graves at the cemetery.

Two policemen in the railroad district mistook each other for tramps last night and a collision followed when each attempted to arrest the other. Officer McGuire dealt Officer Curran a blow over the head with his club, knocking him down. They then identified themselves and succeeded in landing the tramp they were after into the police station.

An entertainment was given at the Oliver theater tonight under the auspices of the Lancaster County Relief association. The proceeds were for the relief of the poor. The program was well received and the association is to be commended for its work of comforting and protecting those dependent upon the absent volunteer soldiers. On the program were short speeches by Dr. H. O. Rowlands, Prof. Edgren, Father Nugent, F. M. Hall, W. J. Bryan and Congressman Strode. There was also a good musical program.

The following board of directors was selected: E. T. Hartley, J. L. Teeter, C. O. Whedon, W. D. Fitzgerald, A. J. Sawyer, A. H. Weir, C. J. Deputour. This board practically shoulders the work of the association, and in the future will be expected to do the work of comforting and protecting those dependent upon the absent volunteer soldiers.

In a district court case today wherein Fred Quanthamer sues the Union Pacific road for damages received as an employee in the discharge of his duty L. A. McMurry, one of the jurors, during the trial entered into conversation with the plaintiff and argued to him that he ought not to bring the suit. The court learning of the indiscreet actions of the juror dismissed the jury and summoned a new panel, putting the case down for a later day.

The members of the First Congregational church gave a reception this evening in honor of their new pastor and his wife, Rev. and Mrs. Manss.

The sixteenth annual convention of the Lancaster County Bible School association will be held at Havelock Thursday and Friday, Omaha people at the hotel; at the Lincoln—Fred B. Dale, J. C. Tyrrell, L. N. Gorden, John Hase, at the Lincoln—H. B. Coryell, C. C. Jenks, John A. Krug, L. N. Gorden.

Will Remain Independent. FREMONT, Neb., May 24.—(Special).—The Fremont military company, at a meeting held last night, voted to remain as an independent company and to apply for a place in the National Guard. The reason given by them for this step is that they would thus lose their identity as an organization. Hon. L. D. Richards, who was appointed by Governor Holcomb, with W. J. McVey of North Platte to recruit a company here, has declined to accept the place on account of business reasons and also because he thinks that whoever recruits a company should go with it. Two other men here are thinking of applying for the place left vacant by Mr. Richards' resignation, so that it is expected to see that the county and city will be represented in the new Third regiment.

One battalion of the Third United States volunteer cavalry from the Black Hills passed through here this afternoon on the Elkhorn road on their way to Cheyenne. They were mostly without uniforms or equipments and had but one car load of horses. All of them were a strong, hearty, robust looking lot of fellows, and if they get to the front will give a good account of themselves. As it was not generally known what time they were expected but few people were at the depot to see them.

Will Have a New Trial. GENEVA, Neb., May 24.—(Special).—The two men who were convicted of the bank robbery at Oklawaha last fall were returned yesterday for a new trial. They are Joseph Bush and James Lovejoy.

County Treasurer Jacob Weis took his daughter, Rose, to Lincoln today to act as an oculist for an operation, as she has been at times threatened with blindness.

Yesterday the thermometer registered 85 degrees and vegetation grew apace. Today is cloudy and threatening rain.

Quite a number of Geneva people are preparing to attend the opening of the exposition on the 1st. John Mills is in charge of the Fillmore county exhibit.

Tekamah City Council's Work. TEKAMAH, Neb., May 24.—(Special).—The city council last night did a large amount of business passing a number of ordinances, among which was one making it an offense to allow gambling or keeping of gambling devices; to prevent assault and use of profane and vile language on the streets of the city; to fix a salary of \$10 per year to each councilman and the mayor.

Held for Murder. SYRACUSE, Neb., May 24.—(Special Telegram).—George W. Swain was shot by Anton Gloystein last Saturday, died last night at 12 o'clock. An autopsy was held

# WEATHER CROP BULLETIN

Week Warm and Wet and Somewhat Short on Sunshine.

## FAVORABLE FOR SMALL GRAIN AND GRASS

Rye is Heading, Winter Wheat is Jointing and Both Have a Rank Growth of Straw—Early Corn Coming Up.

United States Department of Agriculture, climate and crop service of the weather bureau crop bulletin of the Nebraska section for the week ending Monday, May 23: Rainfall chart for week ending 8 a. m., May 23.

The past week has been warm and wet, with less than the normal amount of sunshine. The mean temperature has averaged about 3 degrees above the normal in the eastern counties, and about 1 degree below the normal in the western. The weekly minimum temperature were generally slightly below 50 degrees, and the maximum slightly above 80 degrees.

The rainfall of the past week was generally heavy; it exceeded two inches in the northern and eastern counties and exceeded one inch in all except a few central and southwestern counties. The last week has been very favorable for the growth of small grain and grass. Rye is heading out; winter wheat is jointing; both have made a very rank growth of straw, and a few instances complained of mildew. The wheat has lodged slightly. Grass in pastures and on the ranges in western counties is exceptionally good. The wet weather retarded corn planting, and there is still considerable of the crop to be planted. The early planted corn is coming up, and few fields have been cultivated for the first time; there is some complaint that the stand is not good. Corn has been damaged slightly by washing during the heavy rains of the last week.

Southeastern Section. Butler—Some corn to be planted; early planted corn coming up; small grain and grass have grown well. Cass—Small grain and pastures doing well; corn coming up slowly but stands seem to be good; corn planting nearly done. Fillmore—Grass and small grain have exceeded one inch in all except a few central and southwestern counties. The last week has been very favorable for the growth of small grain and grass. Rye is heading out; winter wheat is jointing; both have made a very rank growth of straw, and a few instances complained of mildew. The wheat has lodged slightly. Grass in pastures and on the ranges in western counties is exceptionally good. The wet weather retarded corn planting, and there is still considerable of the crop to be planted. The early planted corn is coming up, and few fields have been cultivated for the first time; there is some complaint that the stand is not good. Corn has been damaged slightly by washing during the heavy rains of the last week.

Southwestern Section. DUNN—Some corn to be planted; early planted corn coming up; small grain and grass have grown well. Cass—Small grain and pastures doing well; corn coming up slowly but stands seem to be good; corn planting nearly done. Fillmore—Grass and small grain have exceeded one inch in all except a few central and southwestern counties. The last week has been very favorable for the growth of small grain and grass. Rye is heading out; winter wheat is jointing; both have made a very rank growth of straw, and a few instances complained of mildew. The wheat has lodged slightly. The early planted corn is coming up, and few fields have been cultivated for the first time; there is some complaint that the stand is not good. Corn has been damaged slightly by washing during the heavy rains of the last week.

Teachers Chosen. SCHUYLER, Neb., May 24.—(Special).—The election of teachers for the Schuyler schools for the school year 1898-99 occurred last night, all of the old teachers who had applied being re-elected, they being: Mary J. Pierson, high school; Julia M. Wort, grammar grade; Susan Pillsbury, sixth; W. Wells, fifth; Alma Van Horn, fourth; Nellie A. Felton, third; Elizabeth M. Moore, second; Evelyn Washburn, first; teachers at the high school building, East ward, Anna A. Broadfield, lower grades; Charles M. Sutherland, principal. Mr. Sutherland having resigned to join the Second regiment, but who was re-elected some time ago to his old position, should be returning in time to take it. North ward, Claire Cook, primary; Judah Howard, intermediate and J. T. C. Cameron, principal, he having resigned as Mr. Sutherland did and been re-elected on the same conditions.

Blair Wants Better Rates. BLAIR, Neb., May 24.—(Special).—The Business Men's association of this city met last evening to take into consideration the matter of the rates made by the St. Paul railroad for Blair and other points on the road, for the opening day of the exposition, the rates on this line for that day being one and one-third for the round trip, while other roads into Omaha have made a rate of 1 cent per mile. On this basis Blair would have to pay double the amount of other towns situated on other roads. A committee of three was appointed to wait on the railroad officials and managers of the exposition in regard to this matter. Mayor A. C. Jones, L. A. Williams and E. F. Cook were selected as this committee.

Another Skimming Station. SCHUYLER, Neb., May 24.—(Special).—The board of directors of the Schuyler Creamery company, at a meeting held this morning, voted to proceed with the erection and equipment of another skimming station, this being the third one built this year, and which will have to be the last, at least until the capital stock of the company is increased, all of the authorized stock but four shares being sold. A dividend of \$1.27 per share, being at the rate of \$1.27 per share for the period between the nineteenth and nineteenth days, was paid shareholders on May 20, which caused increased faith in the company.

Farmer Badly Injured. HUMBOLDT, Neb., May 24.—(Special).—Sam Rist, an aged farmer of this section, had one of his shoulders badly injured by being struck by a falling tree. A team attached to Mann's butcher wagon backing occasionally ran into a top buggy containing Mr. and Mrs. Jerry Malatt, who were visiting here from Auburn. The collision threw Mrs. Malatt out, bruising her leg quite badly and caused the buggy horse to run away, but it was soon stopped.

Court at West Point. WEST POINT, Neb., May 24.—(Special).—The adjourned term of the district court of Cuming county was opened yesterday afternoon by Judge Evans of Dakota City. During the afternoon several equity matters were disposed of and the rights of citizenship conferred upon Joseph Stratmann, residing in this county.

Eleven Saloons for Hearings. HASTINGS, Neb., May 24.—(Special).—The city council granted a license to Andy Mann permitting him to sell malt, wines and spirituous liquors. This gives Hastings eleven saloons, the largest number this city has ever had.

Clay County Court. CLAY CENTER, Neb., May 24.—(Special).—The district court of Clay county convened yesterday, Hon. W. G. Hastings presiding. The docket is light.

Foot Badly Crushed. HASTINGS, Neb., May 24.—(Special).—J. O. Messinger, a trainman in the B. & N. railroad yards, had his right foot badly crushed yesterday while on duty.

Hot Shot for Holcomb. LINCOLN, Neb., May 24.—(Special Telegram).—The cadets and ex-cadets of the heavy artillery regiment are realizing the full import of the Bryan military scheme, and the move to get out of his companies has begun. H. E. Whitmore, the young man who was elected captain of company A last night, this evening sent the following letter to the governor: LINCOLN, Neb., May 24, 1898.—His Excellency, Silas A. Holcomb, Governor: Dear Sir: Accompanying this communication I hand you my resignation as captain of company A, third regiment, Nebraska National Guards. I wish to state briefly the reason impelling my action. When it seemed all but certain that our country would become involved in war with Spain, together with a number of young men, graduates of the military department of the State university, I interested myself in the organization of a regiment, selecting for the positions of responsibility men of military training and experience, disregarding entirely their political affiliations. As this regiment was the first organized outside of the National guard we were led to believe that it would be the first to leave the state when the call for troops should exceed the then existing supply of national guardsmen, and to be used for any branch of service the War department might determine. This is what the boys in the artillery regiment understood the tender of the regiment by you to the War department to mean.

Writes Open Letter to the Governor. There appears to be some trouble about the organization of a local militia company for W. J. Bryan's regiment. The officers have selected themselves, but the further organization of the company is in doubt. According to the plans announced Edward P. Smith is to be captain and Charles Marple first lieutenant. The dozen or more members of the Thurston Rifles who will go out on the second call think that as they are somewhat experienced in military drill they should not all be privates under the command of inexperienced officers. Hence there is some discord between the officers of the Bryan company and the Thurston Rifles boys, who were to constitute the nucleus for the new organization.

## Assembly Begins Tonight

United Presbyterians to Enter Upon Their Deliberations at Central Church This Evening.

A complete program for the General Assembly of the United Presbyterian Church, which is to open in Rev. Alexander Gilchrist's church, South Twenty-fourth and Dodge streets, this evening, will not be set forth upon arrival of the arrival of the Rev. W. J. Reid, D. of P. of Chicago, Pa. Dr. Reid is expected to come in on the Chicago, Rock Island & Pacific special train a little after noon today. There will be about 100 delegates on this train.

The decorators have been hard at work on the Central church the last few days, and it now has a very patriotic appearance with its profusion of national flags.

Among the prominent divines, every one a D. D. who are expected to participate in the deliberations of the assembly, are: Dr. W. S. Owens, secretary of the Board of Home Missions; H. W. E. M. Giffen, a well known missionary located at Cairo, Egypt; Dr. W. W. Hays of Philadelphia, secretary of the Board of Foreign Missions; Dr. J. W. Witherspoon of Allegheny, Pa., secretary of the Board of Freedmen's Missions; Dr. W. T. Campbell of Monmouth, Ill., secretary of the Church Board of Education; Dr. S. R. Lyons of Bloomington, Ind., the recently chosen president of Monmouth college; President J. A. Thompson of the Tarkio (Mo.) college; and Dr. M. M. Chase, who has been elected president and pulpit of his San Francisco church, and taken a prominent part in home mission work on the Pacific coast. All these are expected to arrive today.

The special committee of the Home Missions board has just completed its session at Tarkio.

Six Months for Wire Tapping. CHICAGO, May 24.—(Special).—Stone began today serving a six months' sentence in jail for wire tapping. The prisoner is believed to have been the most successful wire tapper in the country. He had previously been sentenced to a year in prison for the same offense, but had escaped punishment. The sentence in this case was pronounced by Judge Grosscup of the United States circuit court.

Lydia E. Pinkham's Vegetable Compound. A Woman's Remedy for Woman's Ills.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Lydia E. Pinkham's Vegetable Compound. A Woman's Remedy for Woman's Ills.

The officers have selected themselves, but the further organization of the company is in doubt. According to the plans announced Edward P. Smith is to be captain and Charles Marple first lieutenant. The dozen or more members of the Thurston Rifles who will go out on the second call think that as they are somewhat experienced in military drill they should not all be privates under the command of inexperienced officers. Hence there is some discord between the officers of the Bryan company and the Thurston Rifles boys, who were to constitute the nucleus for the new organization.

Table with 2 columns: Station Name and State of Weather. Includes Omaha, Lincoln, Grand Island, Kearney, Hastings, Fremont, and other locations.

## Assembly Begins Tonight

United Presbyterians to Enter Upon Their Deliberations at Central Church This Evening.

A complete program for the General Assembly of the United Presbyterian Church, which is to open in Rev. Alexander Gilchrist's church, South Twenty-fourth and Dodge streets, this evening, will not be set forth upon arrival of the arrival of the Rev. W. J. Reid, D. of P. of Chicago, Pa. Dr. Reid is expected to come in on the Chicago, Rock Island & Pacific special train a little after noon today. There will be about 100 delegates on this train.

The decorators have been hard at work on the Central church the last few days, and it now has a very patriotic appearance with its profusion of national flags.

Among the prominent divines, every one a D. D. who are expected to participate in the deliberations of the assembly, are: Dr. W. S. Owens, secretary of the Board of Home Missions; H. W. E. M. Giffen, a well known missionary located at Cairo, Egypt; Dr. W. W. Hays of Philadelphia, secretary of the Board of Foreign Missions; Dr. J. W. Witherspoon of Allegheny, Pa., secretary of the Board of Freedmen's Missions; Dr. W. T. Campbell of Monmouth, Ill., secretary of the Church Board of Education; Dr. S. R. Lyons of Bloomington, Ind., the recently chosen president of Monmouth college; President J. A. Thompson of the Tarkio (Mo.) college; and Dr. M. M. Chase, who has been elected president and pulpit of his San Francisco church, and taken a prominent part in home mission work on the Pacific coast. All these are expected to arrive today.

The special committee of the Home Missions board has just completed its session at Tarkio.

Six Months for Wire Tapping. CHICAGO, May 24.—(Special).—Stone began today serving a six months' sentence in jail for wire tapping. The prisoner is believed to have been the most successful wire tapper in the country. He had previously been sentenced to a year in prison for the same offense, but had escaped punishment. The sentence in this case was pronounced by Judge Grosscup of the United States circuit court.

Lydia E. Pinkham's Vegetable Compound. A Woman's Remedy for Woman's Ills.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.
