For three dollars—three Uncle Sam dollars—three

silver or paper dollars—you can buy here, Saturday,

the grandest suit of boys' clothes you ever bought for

the same money in all your life. This is our last

purchase of boys' suits for this season and contains

some very fine suits. Handsome patterns, beautiful

goods in plaids and checks and mixtures, goods that

never before and never again will be offered for the

same price. If three dollars is more than you care to

put into a suit we will have some at \$2.50 and \$2.00

from the same purchase and equally good values in

their way. All of these suits run from 4 to 14 in

size and all are perfect in fit, finish and style. There

may be stores in this country where you can buy the

same suits for the same money but 'twould cost you

a lot of money for railroad fares to find them, and

> HAULING CASE NOT YET ENDED. Manager Babecck Still Giving Testi-

mony Before Judge Scott. The case of Perkins and Gordon against he Omaha Merchants' Express company, is still on before Judge Scott, and the indications are that an opinion will not be handed down for some time. Manager Babcock of the Transportation department of the exposition has been upon the witness stand for a couple of days, explaining the contracts for hauling exhibits, and the necessity of the exposition having this work under control to a certain extent. With a contract with some carrier, Mr. Babcock has testified that exhibits can be traced from the cars to the buildings in much the same manner as they could if they passed through

The entire afternoon was spent in taking testimony, Mr. Babcock being on the stand a greater portion of the time.

Before the adjournment, W. A. Gordon, one of the plaintiffs, was recalled and tes tified that after the exposition people awarded the contract for hauling exhibits By far the great part of the societies and he had no conversation with Mr. Babcock the bands tender their services without a upon the subject. He denied that the drayhint of any attendant expense so far as the men of the city pooled for the purpose of

> WILL KEEP CLOSED ON SUNDAY. Government Building to Be Run on a

Six-Day Schedule.

The action of the board of directors in ordering the exposition kept open from 1 manner in which proffers of services with- to 10 p. m. on Sundays will have no effect out any expense indicates that there will on the Government building, and that struc-be as many of both societies and bands as ture will remain closed all day Sunday the management can conveniently handle, it and will be closed every night during the is not likely that the exposition will "de- entire exposition. Captain W. V. Cox, secfray" to any great extent. It has been a retary and executive officer of the board of management of the Government building. is authority for this statement. The captain says the government has not "violated the sanctity of the Sabbath" at any exposition and no exception will be made on this occasion unless very great pressure is brough to bear upon the authorities in the east.

Captain Cox says the installation of exhibits and the preparation of the Government building for the inspection of visitors will be completed by May 31, and the plan at present under consideration is to open the building informally at 4 o'clock on that day, inviting the officials of the exposition and their families, national, state and county officers, with their families and prominent citizens, to visit the building at that time and inspect the preparations which have been made by the various departments.

Former Officers of the Pacific Expres Company Under Arrest.

BECHEL AND SUDBOROUGH ARE TAKE

Office and Quietly Served on the Men, Who Give Bonds for Appearance.

Upon warrants issued by County Judge upon informations sworn to Erastus Young, auditor of the Pacific Ex press company, William F. Bechel, ex-auditor, and Thomas K. Sudborough, ex-assistant auditor of the Pacific Express company, have been arrested, charged with embezzlement and the wrongful conversion of company funds. Mr. Bechel was arrested at his home Thursday night and Mr. Sudborough was arrested at his home yesterday

morning. The information filed in the case against Bechel charges that as auditor of the company, between August, 1895, and December 1897, he converted to his own use and embezzled the sum of \$3,613.35, while the information in the case against Sudborough charges that between the same dates, he as clerk and assistant auditor, converted the sum of \$2,562.10, all being money belong-

ing to the company. The informations against both Sudborough and Bechel were filed in the office of the county judge at about 7 o'clock Thursday night, and immediately thereafter warrants were issued and placed in the hands of Constable Learn for service. At 9 o'clock he arrested Bechel, who was at home, sick in bed. Bechel being unable to leave the house, the county judge went to his residence and accepted a \$5,000 bond for his appearance in county court on May 28 at 10 o'clock, a. m. The constable did not find Sudborough that night, but early yesterday morning he visited his home and found Mr. Sudborough at breakfast. After finishing the meal, he accompanied the officer to the court house, where he gave bonds in the sum of \$5,000, the county judge setting the case for hearing on June 2, at

In both instances the arrests were brought

about by Detective Chapin, a Pinkerton man, who has been in the city in the em ploy of the Pacific Express company for several months. He is the same man who shadowed Andrew J. Hunt for several days and finally caused his arrest. Hunt was formerly a clerk in the office of the express company, and when arrested was charged with the embezzlement of a few hundred dollars. The arrest was made on April 4, bonds given requiring the prisoner o appear from day to day. Nothing further has ever come of the case. No preiminary examination has been held to as ertain the facts in connection with the charge, and no effort has ever been made to bind him over to answer before the dis-

When seen with reference to the charge: filed against them, both Messrs. Bechel and Sudborough remarked that they had nothing to say for publication at this time other than that when an investigation was had everything would be explained in a most satisfactory manner and that there would be no evidence of their guilt.

PAVING ON SHERMAN AVENUE

Contractor Completes the Laying o Asphalt on the North End-Rushing Work on Other Streets.

The asphalt pavement on Sherman avenue between Locust and Wirt streets was completed yesterday and the asphalt now ex ends almost to the entrance to the exposition grounds. A big force of men is putting the broken stone base on North Twenty-fourth street, and this will be ready for the asphalt by the time the asphalt gang complete the four blocks on West Farnam street. As fast as the men ge through on Twenty-fourth street they will be transferred to Wirt street and the work of tearing up the wooden blocks on the first of the week. The contractor is also rushing a large force of men to complete the new payement at the intersection of Tenth and Mason streets. At this point the street railway company is putting in a Y so that trains can be switched back at the depot when the exposition rush is

Settling Claims for Damages. The Advisory board had a short meeting yesterday afternoon to consider a couple of claims on account of injuries alleged to have been sustained by reason of defective sidewalks. Charles H. Youngers claimed \$125 for injuries sustained by his son by a fall on Indiana avenue, near Twenty-fourth street. He was allowed \$50 over the protest of Comptroller Westberg, who contended that it was time that some action was taken to relieve the city of the continual flood of damage claims on account of defective sidewalks. He declared that if the city had the right to repair sidewalks and charge the cost against the property it should proceed at once to fix up the hundreds of broken walks that were scattered Burlington all over the city. If the city had no such right then the claims for damages should be collected from the delinquent property owners, and not paid by the city. The laim of Mrs. Fanny Goldsmith for \$50 for injuries sustained through a fall over the apron at Thirteenth and Douglas streets was rejected.

Board of Public Works Meeting. At the regular meeting of the Board of Public Works yesterday afternoon the contract for building the eight-inch sewer at Thirty-first and Marcy streets was awarded to George R. Crandall at 66 cents per foot, laid in Portland cement. The only bidders were Connelly & Shaw, who offered to do

the work for 76 cents. There were seven bidders on the contract for paving Jackson street from Sixteenth to Seventeenth streets and Twenty-sixth street, from Poppleton avenue to Woolworth avenue. The bids on both asphalt and brick were a shade higher than the figures at which contracts were awarded last winter. These bids were referred to City Engineer Rosewater for tabulation. There were only two bids on curbing. Hugh Murphy bid 60 cents on Colorado sandstone and the Grant Paving company bid 56 cents on sawed asphaltic stone. No action was taken in this case.

City Hall Notes. A permit has been issued to Dr. A. F. onas for the construction of a \$1.500 barn on his premises at 106 South Thirty-first

There was a special session of the city council at 10 o'clock yesterday. The only business transacted was the passage of the appropriation ordinance which provided funds with which to cancel the bonded obligations of the city which mature June 1. The licent of Public Works will open bids this efterneon for curbing and paving Jackson street from Sixteenth to Seventeenth streets and Twenty-sixth street from Poppleton avenue to Woolworth avenue. Also for the construction of an eight-inch sewer

for the construction of an eight-inch sewer 433 feet east from the intersection of Thirty-first and Marcy streets.

Dr. A. E. Winship of Boston, the editor of the New England Journal of Education, is in the city and called on Superintendent Pearse of the public schools this morning. Dr. Winship is in the city for the purpose of securing data concerning the exposition and the Transmississippi Educational congress for future publication in his journal.

HOW A WAR IS FOUGHT.

The Changes in the Mode of Warfard Illustrated by Pictures.

If you wish to properly understand the war news, if you wish to have a definite knowledge of naval affairs and the events that are occurring in the East and West Indies you can secure no better, no more reliable source of information than the official photographs of the United States navy, just issued by the Omaha Bee. The price is only 25 cents, and more valuable and timely information was never offered for the money. It is on sale at The Omaha Bee counting-rooms, or will be sent to any

Bee counting-rooms, or will be sent to any address on receipt of price.

The book consists of nearly 200 pages of views made by E. H. Hart, naval photographer, and the list of subjects embraces everything of interest pertaining to our navy, of which every American is justly proud. First within the covers of this interesting work comes a man sixteen times as proud. First within the covers of this interesting work comes a map sixteen times as
large as the book itself, showing on one
side the Spanish possessions, and all adjacent territory, while on the other side
the East Indian possessions are similarly
treated. Steamship lines, with the distances intervening between different points
are shown, and a close study of these maps
will give one a thorough understanding of
this territory, in regard to which the interest of the American public is now at
fever heat.

fever heat.

Then follow more than 200 rare pictures of the navy, its officers and equipment. The views are all authentic, and are the latest official photographs of our torpedo boats, torpedo boat destroyers, cruisers, battleships, gunboats, monitors, rams, dynamite cruisers, dispatch vessels, and other war craft, the whole embodying an authentic craft, the whole embodying an authentic portrayal of the American navy as it exists today. A complete description of the construction, displacement, size, speed, batteries, armor, crew and cost of each boat will enable the render to form an accurate estimate of our fighting strength. Included with these are photographs of the leading Spanish men-of-war, also fully described.

By for the most interesting portions of the

By far the most interesting portions of the book are views of the Maine, taken before the disaster in Havana harbor, showing the life and discipline aboard a battleship, tolife and discipline aboard a battleship, together with portraits of the officers and
crew, supplemented by photographs taken
after the explosion, depicting the divers at
work, and other incidents in connection
with this sad and filemorable event.

This work can be obtained by cutting a
coupon from page two, and bringing it to

A Lesson in Economy.

require the

It doesn't

brains of a McKinley to understand why our \$5.00 suits must cost 1 to 2 dollars

The best

more elsewhere.

\$10.00 suit is \$7.75 here, and why?

We know and assert positively that no clothing dealer in Omaha can sell clothing as cheap as we do. Big stores with unmercifully high expenses cannot cope with an econonomical and small expense house like ours. And it doesn't require the breins of a McKinley to see through that either.

More expenses to meet, more profit is required. A suit at \$5.00 here must necessarily cost a dollar or two more at the big stores.

A bigger assortment you say! Perheps so. Not always though. Big stores likely carry larger stocks, but not necessarily larger assortments. We show-to Illustrate-an assortment of 14 kinds of contrasting col-ors of \$5.00 suits. Where can you do betterf And the pricef Where can you do as wellf Every one of 'em is dollar to \$2 more in other stores.

We positively assert that the best \$10.00 suit to be had in Omaba is none better than our \$7.75. Perhaps not quite as good. A garment that bears a guarantee must be better. A poor lining or an imperfect put-to-gether would lessen faith in a store that guarantees everything like we do. Consequently our clothing must be better—they are no doubt.

If you want proof, take a suit home with rot, or into any other store, if you like. Compare it—test it—examine it. Don't find to your advantage to keep it, then—biess you—bring it back, your money back as fast as it could be counted.
