LIGHT GUARDS GOING WEST

Company Will Pass Through Council Bluffs Sunday Afternoon.

Citizens Will Give a Welcome to the Boys Who Are On Their Way to Assist Admiral Dewey.

The Dodge Light Guards, who now form one of the companies of the Fifty-first regiment, Iowa volunteer infantry, will pass through Council Bluffs tomorrow afternoon on their way to San Francisco, Such was the news received in a telegram here yesterday afternoon from Captain W. O. Pryor, and the announcement as to be expected created no little excitement among the relatives and friends of the soldier boys. Preparations were at once commenced to provide the soldiers with a good warm lunch to be

RIOTOUS CONVICTS ARE TAMED.

They Become Quiet. DES MOINES, June 3 .- (Special.) -- Governor Shaw has returned from Anamosa, where he was called on account of a mutiny in the Iowa state penitentiary. About 200 of the convicts had rebelled against the orders of Warden Hunter last Monday for the observance of Memorial day. Heretofore it has been the custom of the wardens to allow the prisoners the freedom of the yards on holidays, permitting them to engage in amusements, games, etc., and refrain from work. Warden Hunter changed this program somewhat. He had arranged o give the men a nice talk, give them a ountiful dinner and allow them to refrain rom labor the entire day, but decided to keep them confined during the entire day When he announced the program a number began hooting and yelling and raising a

frightful disturbance. Those who took part in this demonstration were marched to their cells and told they would have to remain there, without bread, meat or water, until they had decided to abide by the rules of the prison. This only tended to make matters worse, and all day long they kept up their hooting and yelling. Some windows were broken by the men throwing the fints they have to light

First Division of Third Army Corp. Shows Up Well When Out on Parade.

CHICKAMAUGA, June 3 .- A two days' review and inspection of the First division of the Third army corps was begun at 8 o'clock this morning. General Fred Grant was in command of the division and 9,000 men were in line. The inspection was con ducted by General Breckinridge and Colonel John Jacob Astor. The men showed at their best in the exercises this morning. In addition to the review, a number of battle exercises were gone through, and some difficult maneuvers were executed. Both General Breckinridge and Colonel Astor expressed themselves as pleased with the showing made. The inspection will be continued tomorrow.

The seemingly well-founded report that Chickamauga is to be the camping ground for 75,000 volunteers during the summer has set the whole army to talking. The officials refuse to discuss the report, but it is believed it is correct. General Brooke is nov spending much time seeking additional available grounds and it is generally be lieved that he has been notified that the number of his men will be doubled. Many excellent locations are being offered and there will be no difficulty in accommodating 100,000 men if this number should be sent. There are now 41,000 soldiers at the park and this number will be largely increased during the next few days. The hospital of the First division, First

army corps, has sixty patients, of which twenty are ill with measles. The men are isolated. The hospital corps is made up as follows: Captain Wakeman, surgeon in charge, assisted by Captain Grannis of the Third Wisconsin, Captain Wright of the First Ohio and Captain Starret of the First Illinois. The eyes of the world are now on Omaha.

The Trans-Mississippi and International Exposition has opened its gates and every citizen of this city and state must constitute him-

self a committee of one to acquaint his friends out of the city with the beauty and extent of the exposition.

To facilitate the spreading of this information, The Bee has issued a superb illustrated edition entirely worthy of the opening day. It gives a history of the exposition, half-tone engravings of the buildings, portraits of the men whose hard work, energy and genius have made the exposition a grand success from a standpoint of architecture, art and science.

You can help to make it a success financially by sending a copy of this splendid edition to your friends outside of the city.
