Soldiers Who Compose Second Expedition to Manila Pleased with Selection.

SAN FRANCISCO, June 7 .- The men who will compose the second Manila expedition are pleased that Brigadier General Greene is to be their commander. He has been decorated in Europe for bravery, is an author of repute and an active member of several scientific societies It is surmised that his diplomatic experience will be of service to General Merritt in the government of the Philippines.

The troops which will be under his command are the First Colorado volunteers, the Tenth Pennsylvania volunteers, part of the Eighteenth and Twenty-third United States infantry and either the Utah Light artillery or the Third United States artillery. General Greene visited the camp of the Tenth Pennsylvania regiment, and before making himself known to any of the officers of the regiment inspected the company streets, visited the cook tents, looked in at the guard house and examined the hospital.
