SUING A SUBSCRIBER FOR HIS FEE

Grocer Wilde of Cedar Falls Resists the Effort of the Company to Tollect an Alleged Membership Charge.

A couple of months or so ago what pur ported to be articles of incorporation of the Cosmopolitan Collecting company of Council Bluffs were filed for record in the office of he county recorder here. The name of J. M. Quick appeared in the articles as the sole incorporator. The object and purport of the organization of the company, the articles stated, were to do a general business in the way of collecting bad debts and other accounts. Some light on its business was brought out yesterday at the trial of a suit in Justice Ferrier's court, brought by the company against C. J. Wilde, a merchant of Cedar Falis, Ia., to collect a membership fee of \$25 which the company alleges Wilde entered into a contract to pay. This Wilde

denies and resists payment. In his sworn depositions, which were introduced as evidence at the trial yesterday, Wilde says he was approached by an agent of the Cosmopolitan Collecting agency about two months ago, who asked him to place his outlawed accounts with the company for collection. These bills the company would collect for a commission of 25 per cent. The agent informed Wilde that the membership fee was \$25, but that he would not be had collected \$100 of his bad bills. Wilde demurred to paying any membership fee, as he had only about \$50 worth of bad debts position at the same building. and he swears that the agent told him as that was the case if he would give the company his collections he would not be called upon to pay any membership fee. On these pany and signed a contract. In return Wilde states he was to receive a guarantee certificate from the collecting company, but this so far he swears has never material-

Wilde swears that after signing the contract he never heard anything more of the company until he received a bill for \$25 retainer fee, which he refused to pay, relying on the agreement made by the agent. At the trial yesterday J. M. Quick testified that he is a resident of Omaha, but had an office in Council Bluffs. of the Government-One of Incendiaries Purned. CINCINNATI, June 20 .- The finishing department of the King Powder company, lo-

ated at King's Mills, in Warren county, was destroyed last night in a manner leading to the belief that it was the work of enemies o the government. The building in which was stored a quantity of smokeless powder had evidently been fired by two men near midnight, one of whom was badly burned and has been apparently dragged away from the burning building by his companion, who then ran away in the direction of South Lebanon. Smokeless powder in the condition it was in this department does not explode like ordinary powder with a flash, but breaks into a bright light and burns for some time. The great light attracted citizens and some persons going to South Lebanon. The injured man was taken into custody. He is apparently a foreigner, but is so badly injured that he can scarcely talk. The powder burned was not for the government, and the loss is inconsiderable, perhaps \$2,000. This company has a contract to supply the government and this is thought to be the reason its destruction was attempted.

The number of subscriptions received for sums of \$500 and less is smaller but the government wishes it thoroughly understood by the public that even should the whole loan be subscribed for several times over in large amounts, every subscription of \$500 or less will be accepted at once as all small amounts will take precedence in the allotments over large ones. scription for \$20,000,000 has been received from a prominent insurance company of New York, enclosing a certified check for \$400,000, as required by the regulations governing the placing of the loan.
