Each Man's Following Expects Him to Win in a Walk-What Some of the Delegates Say About Politics.

The delegates from Pennsylvania have commenced a systematic campaign for the purpose of securing the election of Isador Sobel to lead the league during the next year. They have opened headquarters at the Millard hotel and are making their work felt. They say that every hour adds strength to their candidate, and that before the convening of the convention Friday morning they will have enough votes pledged to give the place to the man from the Keystone state. They are not trading, but instead they say that their candidate is running on his merits and is sure to pull through.

Consternation was abroad in the ranks of the presidential candidates yesterday. It had been reported that E. N. Dingley of Kalamazoo, Mich., a son of Congressman Dingley of Maine, was a candidate, but nothing certain was given out, owing to the fact that Mr. Dingley had not arrived. Yesterday he reached the city and after a short consultation with the other delegates the Dingley banner was hung upon the wall, and from that time on Mr. Dingley was an active candidate. He has the support of a number of the central states and will go into the convention with a good following. C. F. Harris and Henry Zimmerly are two

of the enthusiastic Pennsylvanians who are helping to manage Isador Sobel's campaign in the race for the presidency. The former is secretary of the Pennsylvania State league and hails from Pittsburg, while the latter is corresponding secretary of the Eric league. Both men say that Sobel's prospects are growing brighter and that there is a bare possibility that he may be elected by acclamation. These men point with pride to the majority that Pennsylvania rolled up for President McKinley and say that they will do even better when the state election is fett. He changed and worked for Bryan held this fall. They say that populism and when he was a candidate. The other day free silverism is dead throughout the east he announced that he was willing to again and that neither of the issues will ever be cast his fortunes with the republican party resurrected. J. Cookman Boyd and his Maryland boomers are losing no time in the matter, and feel that the man who beats him out will know he has been at a fight. The claims of Mr. Boyd are admitted by all to be weighty, and are given much consideration.

Colonel George Stone of California does not head so numerous a following from his state as do the others, but he is in the race in earnest, and is making a very careful canyass of the situation.

New Jersey Wants Secretary. F. J. Higgins is one of the enthusiastic

delegates from New Jersey. He has a candidate for national secretary in the person of F. F. Meyer, jr. Meyer is the president of the state league and was one of the original organizers of the national league. While beaten a few years ago in the race for secretary he has never sulked in his tent, but has ever since been in line, working for the party. "New Jersey is republican," said Mr. Higgins, "and is going to continue to be We had a few free silver men, but they have got lost and we don't know what has become of them, as they have never been seen since the last presidential election. The democratic party in the governor, congressmen and the legislature. We will carry every district with the bare exception of one, and we stand a fighting chance of carrying that. We exwill be elected to the senate and Foster Voorhees, now acting governor, who succeeds General Griggs, who was called into the cabinet by President Mc-

Kinley, will be nominated and elected. "The league is in good shape and is doing good work in New Jersey. We have nearly 6,000 clubs and with these we cover every town and hamlet in the state. Where the town is too small to maintain a league club we appoint a league agent, who looks after the organization. The plan was adopted in 1895 and works well, so well that it is being 1 taken up by several of the other states."

Wyoming is Swinging Back.

Charles Story, editor of the Sheridan Post and one of the delegates from Wyoming, is most enthusiastic over republican political prospects in the state which he represents. He says that the party is in the best possible shape and that this fall there will be a sweeping republican victory all along the line. "The silver craze is dying out in Wyoming," added Mr. Story, "and all of our friends who went off will elect the ticket from top to bottom. Good crops and good times struck the death knell of the populist party in Wyoming and from this time on the state will roll up republican majorities. We have more wheat and more cattle than ever before in the history of the state and farmers and ranchmen are receiving good prices for all of their products. Every man who is willing to work can find employment and that at good sent 10 per cent of the population of Sheridan county to the Cuban war, which is about as good a showing as any locality can make.

South Dakota's Boomers.

South Dakota elected eighteen delegates and all of them are on the ground. Colonel Dick Woods of Sioux Falls, president of the state league and one of the McKinley electtors, does the talking for the extreme eastern part of the state. In speaking of the petical outlook he remarked: "It is exthe populists entirely off our fertile prairies. We are just as certain of victory as we are that the sun will rise tomorrow morning. Of course, we have some politics and it i natural that we should. Among the candidates for governor we have O. S. Gifford of Canton, Dr. Finnerade of Watertown, A. O. Ringsrud of Elk Point, together with Kirk Phillips of Deadwood, the present state treasurer. They are all good men and any one of them would lead the republican party to certain victory. Robert J Gamble may be a candidate for congerss and also Charles H. Burke of Pierre, as well as Edward Van Cise of Deadwood. Gamble has served in congress, having been a member of the Fifty-fourth seasion. Burke has served two terms in the state legislature and Van Cise is one of the best attorneys in the state. Any one of the three men can be elected without much opposition owing to the fact that now we do not consider the democrats and populists opposing

every man on the ticket being elected." Mr. Dingley is Hopeful.

E. N. Dingley, editor of the Telegraph, published at Kalamazoo, Mich., said, while talking politics: "The indications are that the republicans will continue in control of the national house of representatives. Usually the party in power loses the house in the first election after the national election, but I think the rule will be broken this year. The indications are that the republicans will also control the next sen ate. This will give our party a long lookedfor opportunity to complete work along financial lines that is desirable. President McKinley's administration has been unusually acceptable to the people and will be triumphantly sustained at the polls. The situation in Michigan is encouraging for the republicans. Governor Pingree will be renominated and re-elected by over 100,000 majority. He has made an exceptionally efficient war governor and is very popular. We have two democratic members in the lower house. I think next November we will elect a solid republican delegation. The legislature to be elected next November will elect a United States senator to succeed Senator Burrows. The indications today are that Mr. Burrows will be reelected. But the situation, of course, may change between now and January. The republicans in Michigan are gaining ground every week. The free silver movement is on the wane. Colorado is Coming Back.

C. L. Richards of Colorado comes from Denver and takes a very hopeful view of conditions in the state which he represents. Speaking of political matters he said: "Public sentiment in Colorado is rapidly changing and before another election is held the state will be back in the union. All of the leading republicans who deserted the party are coming back into the fold and as an instance I want to refer to Dave Mofsuccess. The free silver issues have diswar questions, they say has added greatly appeared like dew before the hot summer oun. Men who a few months ago were cutspoken for Bryan are now strong McKinleytes and are praising the work accomplished furing his administration." Judge William H. Yale of Winona is one

of the leaders in the Minnesota delegation. He was state senator for several terms and has been active in politics for many years. Sizing up the situation in the North Star state he said: "Everything is prosperous with us. We will roll up one of the largest republican majorities in the history of the state when we hold our election this fall. W. H. Euston of Minneapolis will undoubtedly be the next governor. The next legislature will be strongly republican and Senator Davis will be returned. There are a few populists in Minnesota, but they are away out along the Dakota line. There are not many of them and we don't figure on them in the least when we are estimating majorities."

CHATS ON STATE POLITICS

Republican Leaders Discuss the Probability of a Glorious Victory at the Coming Election.

While the National League convention is not mixing up in state politics, the meeting is bringing in any number of politicians from the prairies of Nebraska, men who are our state is split in twain and the pieces can here to look after their own fences and the never get together. This fall we will elect fences that are being built by their friends. Judge Hayward of Nebraska City is on He declares that he is candidate for any office within the gift of the people, but admits that if the state pect to carry the state by at least 40,000 convention should tender him the nomina-majority and possibly more. John Kean accept. By coincidence Judge Hayward and Judge Baker were presented at the same time at last night's reception to President Crawford as candidates for the republican nomination for governor and neither of them seemed disposed to deny the allega-

Ex-Congressman E. J. Hainer is in the city as a delegate at the league convention, and in addition thereto is keeping in touch with he people of the state. He makes no bones hat he is a candidate for congress from the Fourth district and what is more, he s sure he will be nominated and elected He adds that the populist party in Hamilton county has gone to the dogs and that the straight republican ticket will be

elected. Dawson county has a good pair of representatives in Jack MacColl and E. B. Penney. From the talk of both of these men there is no question but what the republican strength is growing out in the western part of the state, and they are confident a good republican ticket will prove a winner in the coming campaign. Mr. Macon the Bryan tangent are getting back into Ooll even expresses the opinion that an line. This fall we will carry the state and aggressive republican has a fair chance to pull out ahead of Bill Greene in the congres-

sional race in the Sixth district. E. P. Burnett of the Sutton News talked of the crops and politics in Clay county. He says that corn is looking good all over the county and winter wheat is yielding from fifteen to forty bushels per acre. He thinks that the good crops are having a bad effect on popocratic politics and is confident that Clay county will send two rewages. We are also patriotic. We have publican members to the house and help Hamilton county elect another one to the

senate this fall. W. I. Allen of Schuyler has a good re port of the republican outlook in Colfax county. He thinks that without doubt Repesentative McLeod will be renominated and D. elected by a good majority. A strong antifusion element is growing up among the populists of the county and the popocratic machine is worrying a great deal over the foreign vote. Many Bohemians live in Colfax county and a large majority of them L. Pilger, Loup City; George Lyon, jr., Nelvoted for Bryan with the idea that there son; Jesse T. Davis, Blair; Harry S. Dunwas something wrong with the financial gan, Hastings. system of the country. All of them are now well satisfied that genuine prosperity has come without free coinage of silver and there is good prospect that most of them will desert the party that was trying to fool them and will vote the republican ticket this fall. Mr. Allen says that there is very little talk in the county regarding

the makeup of the ticket. According to W. M. Erwin of Alma the crops along the Republican valley are going break the record this year and the old calamity cry is fast dying out. All the people in the southwest counties want is a good clean ticket nominated and they will roll up good republican majorities. The people out there are especially disgusted with the do-nothing record of Congressman Sutherland and are looking around for some good man to take his place. The name most mentioned is that of Captain Adams of Su

perior. There was a little fight on in the executive committee when it met over the question of the assessment of the delegates. The amount of the assessment was \$2 from

87,000 Willing to Spend Money to Put the Club in Shape. COUNCIL FINISHES ITS WORK ST. LOUIS, July 13.—The Post-Dispatch s authority for the statement that the

St. Louis Browns have been sold to Edward Becker, a retired capitalist and principal creditor of the club, who will assume complete control of its affairs. The terms of the sale were arranged yesterday, but nothing further than the fact that the sale had been consummated has been made public. President Muckenfuss, in an interview today, said that Mr. Becker would become president of the club, he (Muckenfuss) would be made treasurer, that Tim Hurst would remain as manager and that George Munson, the well known sporting writer, would be asked to accept the position of secretary and official scorer, which he once filled with credit. Mr. Becker announced that he is willing to spend \$50,000 to better the club's condition. Efforts will be made to buy Pitcher Corbett of Halltmore, for whom \$50,000 will be offered, and Stivetts of Boston to play first base. for Next Meeting, but Portland, Me., May Be Chosen. PORTLAND, Ore., July 13.—The closing day of the National Council of Congrega-

tional Churches was taken up principally with reports of special committees, The committee on bible society recommended that the American Bible society render an annual report of its receipts and expenditures to the council.

Congregationalists Select No Place

No place was chosen for the next triennial meeting of the council, but Secretary Hazen announced that Portland, Me., would probably be selected. The matter was left in the hands of a provisional committee. After the usual resolutions of thanks the council, at noon, adjourned sine die.

sumed in this city today, when the thirtieth round was begun. At the first adjournment at 2 o'clock Showalter and Schiffers had drawn, Steinlitz had worsted Walbrodt, Maroczy and Burn drew, Halprin had beaten Trenchard and Lapke and Caro had drawn. In the afternoon and evening sitting Blackburne won from Jatowski, Schlechter and Tarrasch drew, Marco lost to Alapin and Pillsbury beat Tschlgorin.

INTOLERABLE

Eozema All Over Head and Face. Two Doctors, No Benefit. Tried CUTICURA REMEDIES

with Rapid Cure. I was troubled several years with cutaneous diseases which developed into chronic Ec-zema, which spread all over my head, and down on my face. I took medical treatment from two doctors and received but little relief. Then I tried several lotions, etc., which we had in the store, but only received little relief from them. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I was advised to try almost distracted me. I was advised to try
CUTICURA REMINIES and did so, and found
them all that is claimed for them. The Eczema rapidly disappeared, and I am well, with
no trace of any cutaneous disease. Shall
always recommend CUTICURA to all.

Baby Scratched Continually Our babe, two months old, broke out in sores

over her face and ears. She seemed to be in great misery, and would scratch continually. I noticed your advertisement in our home paper, and supposed it would be a good thing for our Sadie. I used the CUTICURA (outment) and CUTICURA SOAP, and they were a great benefit to her. I did not like to give medicine inwardly to a child so young, but saw that she must have something to drive the disease out, so I got a bottle of Currouna Resolvesy, to purify her blood, and gave her about one third of the bottle, and your medi-cines have done wonders for her. Mrs. LOUISA ACKERMAN, Tiffin, Iowa-
