CHICAGO-OMAHA RATE CUT

Milwaukee Line Announces a Slashing Reduction in Fare.

OUTCOME OF CANADIAN PACIFIC WARFARE

Failure of the Chicago Meeting to Secure an Adjustment of the Northern Difficulties Opens the Door for the Row.

The passenger rate between Omaha and Chicago will be cut in both directions from \$12.75 to \$9.25 by the Chicago, Milwaukee & St. Paul railway on Tuesday of next week, August 9. The cut is a deep one, amounting to nearly 25 per cent. It is the biggest cut in passenger rates made by any of the Omaha-Chicago lines in a number of years.

The reduction is the direct result of the failure of the Canadian Pacific to help the American lines restore northern rates. It is believed that the cut of the Milwaukee will be followed by a corresponding reduction on the part of three other Omaha-Chicago lines. The cut comes at an opportune time for the exposition and railroad men believe that it will largely increase travel to the big show as long as it remains in effect.

The advance notice of the cut was sent to General Western Agent Nash by telegraph from General Passenger Agent Heath last night. The telegram follows: Among the results of the Canadian Pacific competition has been the reduction of rates between St. Paul and the east via Chicago to such an extent that ticket brokers cannot only manipulate fares, but also between Chicago and St. Paul in both directions. Many of these through tickets have come into via market and have scared the local rates via Chicago-St. Paul lines to such an extent that the Chicago, Milwaukee & St. Paul railway has, in self-defense, been compelled to give notice of a reduction of regular tariff rates from \$11.50 to \$9, commencing the 9th inst. This rate has also been ten-

dered connecting lines as a basing rate, and as common points business beyond the Missouri river is necessarily affected, it is also decided by that company to reduce local rates between Chicago and Omaha in both directions to \$9.25, also effective the 9th inst.

BAITING UP A CITY ORDINANCE

Restraining Order Issued by Judge Scott Saves the Ticket Brokers.

SCALPERS SUE OUT AN INJUNCTION

License Inspector McVittie Is Prevented Indefinitely from Enforcing the Regulations Provided by City Council's Action.

The fight threatened some time ago on the ordinance passed by the city council July 26 imposing a fine of \$25 on the railroad scalpers was commenced yesterday by W. C. Norris, on behalf of "others similarly situated in business" as well as himself. He obtained a temporary injunction against the city, License Inspector McVittie and Deputy Hurst, enjoining them from "enforcing or attempting to enforce any of the provisions" of the ordinance, or in any way interfering with the business or persons of the scalpers. Attorney C. C. Wright drew up the petition and presented it to Judge Scott during the day. The writ of injunction was drafted in the peculiar terminology of the judge and was made to be "in force until the further order of the court."

Inspector McVittie and Deputy Hurst had given the scalpers until the 5th to pay the license. Norris and the other scalpers accordingly got together and decided on an immediate plan of action. They concluded to adopt aggressive tactics rather than wait until the city could bring its case against them on the defensive, as was at first suggested. Two attorneys were engaged and an agreement was drawn up and signed by the other scalpers by which each agreed to stand his share of the expense of an injunction suit. The signers to this agreement were J. Resenthal, A. S. Seigensbaum, E. E. Sisson & Co., J. J. Philbin, P. H. Philbin, the Omaha Ticket agency, Seth Testard, J. H. Davis, Billy Fitzgerald, B. D. Martin, M. Conant and J. Goldgraber.

Attorney Wright represented to the judge that the scalpers had been threatened with immediate arrest and imprisonment if they refused to pay the license when demanded to do so by the city fixed upon by the license officers, which would have been today, and argued that the ordinance was unconstitutional anyway for several reasons, a particular one being that it did not impose a uniform tax for the purpose of police regulation, but sought to levy an unjust and unauthorized tribute in the carrying out of a conspiracy to break up the scalpers. These reasons were all set forth in the petition, which challenged the authority and power of the city government to enforce any such ordinance. The petition also made the contention that the ordinance is unconstitutional inasmuch as it contemplated the imprisonment of those who refused to pay the license, and bodily declared its passage to have been fraud and the result of a conspiracy between the agents of the railroad companies and the members of the city council for the purpose of driving the scalpers out of business. Another point urged against it was that it attempted, in making the license cover the fiscal year, to collect a tax for a period of time already past.

LOT MACHINE RECOVERED

The slot machine belonging to R. H. McDonald that was stolen out of the Miraloon in South Omaha last Saturday night was recovered yesterday by private detectives. It was found at the residence of P. B. Huddleston at 1710 William street. Huddleston and William Frazier ran a cigar store in South Omaha. Both men were arrested on the charge of conspiracy, but were immediately released on bonds.

WILSON'S STEAMER SIGHTED

Spoken on July 14. When it Signaled that All on Board Were Well.

ST. JOHNS, N. F., Aug. 5.—The Norwegian brigantine Tiber, Captain Flogstad, twenty-two days from Key-Javiak, reports passing Nansen's Arctic steamer Fram on July 14 in latitude 62.18 north, longitude 50.26 west. The Fram was proceeding northward and a strong westerly wind was blowing. It signalled that all were well.

WHO IS TO PAY THE TAX?

ST. LOUIS, Aug. 5.—Several of the leading commercial organizations of St. Louis have petitioned United States District Attorney Root to take up the fight to compel express companies to pay for the tax stamps on express receipts. The railroad companies are considering the advisability of taking united action to bring a test case to compel the telegraph companies to pay for the stamps on telegrams.

CONTESTATION OF THE SCALPERS

Attorney Wright represented to the judge that the scalpers had been threatened with immediate arrest and imprisonment if they refused to pay the license when demanded to do so by the city fixed upon by the license officers, which would have been today, and argued that the ordinance was unconstitutional anyway for several reasons, a particular one being that it did not impose a uniform tax for the purpose of police regulation, but sought to levy an unjust and unauthorized tribute in the carrying out of a conspiracy to break up the scalpers. Davis, McDonald & Davis have commenced suit in the district court to restrain thirty-eight head of steers belonging to J. H. Wiley and being detained, as alleged, at Swift and Company's and at the home of John Newton. The basis given for the suit are two mortgages from Wiley, one to the plaintiffs for \$5,300 and another to W. F. Davis for \$8,000. The plaintiffs call for \$2,500, the value of the steers, and \$100 damages for two days' detention.

SOUTH OMAHA NEWS.

The South Omaha Live Stock exchange is making an effort to secure the meeting of the Interstate Sanitary board and stock yards managers for some time in October. The sanitary board is to be held at Port Worth, Tex., in October, and officers of the National Live Stock association have been corresponding with President Johnson of the sanitary board with a view to having the meeting held here instead of at Port Worth. In this connection President Johnson, whose headquarters are at Springfield, Ill., writes C. F. Martin, recording secretary of the National Live Stock association, that he is willing to make the change provided the Texas board and the people of Port Worth will consent. Advice received yesterday by Secretary Lott of the local exchange as to the effect the Texas board is perfectly willing to meet here the same week in October as the National Live Stock association, but not on the same days.

WANT THE PAVEMENT RENEWED.

The asphalt pavement on Twenty-fourth street is in bad condition again and it is understood that the taxpayers are considering exercising about the matter. On September 9 of this year the guaranty given by the paving company expires and the pavement is now nearly worn out. It is stated that property owners along Twenty-fourth street are contemplating some action in the matter, as it is almost certain that a new pavement will have to be laid before the bonds for the present pavement fall due. A request is to be sent to the council demanding that before the \$2,000 guaranty now held by the city is released the paving company be compelled to go over the street and place it in first class condition. According to the existing contract the city has the right to demand this before the guaranty is released. With the pavement fixed up it is thought that it will wear for a year without any repairs and after that time the city will be compelled to pay for all repairs made. Engineers say that the trouble with the pavement is that the concrete foundation was not thick enough and that the asphalt surface was only half as thick as it ought to be.

Ill health is a luxury that only the rich can afford, and that no one can enjoy. Every woman is not so situated that she can be an interesting invalid, or rather, an uninteresting invalid, for there is something in it. The woman who suffers from weakness and disease of the distinctly feminine organism is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, energetic and competent mother. Troubles of this nature sap the strength, rack the nerves, pain the face, destroy the temper, make the once bright eyes dull and the once active brain sluggish, and transform a vivacious woman into a weak, sickly invalid.

The one sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal ulceration and inflammation that give rise to a debilitating drain on the system. It is the best medicine for overworked, "run-down" women.

About six years ago my wife became afflicted with female weakness," writes the Rev. J. J. Coppedge, of Pima, Kaufman Co., Texas. "She could not stand on her feet or get in any position in which she did not suffer great pain. She was despaired of ever being able to take any bottles of Dr. Pierce's Favorite Prescription and has been well and happy for twelve months."

It is a druggist's business to give you, not to tell you, what you want. Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Advice. Cloth-bound, 25 cents. Sent to Dr. K. V. Pierce, Buffalo, N. Y.
