KEY WEST, Aug. 10 .- The tug Uncas commander Lieutenant R. Brainerd, reached blockade duty on the north Cuban coast. The Uncas holds the record of the three smaller boats for continuous blockade service and interesting experiences. It carries Cuban expeditions and lands them almost under the enemy's guns, it chases almost anything from a raft to a battleship and occupies spare moments by knocking over Spanish blockhouses and capturing prizes. On this trip the Uncas put ashore all it expedition for Gomez and had a dangerous fire in its hold, just above the magazine. In spite of all this it looked none the worse when it steamed into Key West harbor today for more coal and provisions.

When the Uncas left here two weeks ago it carried Captain Stable of Gomez's staff with six other Cubans and 500 Remington carbines and ammunition for the insurgent commanders' forces. The next morning an overturned cook stove in the forecastle started a fire. After the fire had been extinguished, the tug proceeded to Cayo Confites, near Caibarien, where it put its little 4 5 4 1 Cuban party ashore without encountering a Spaniard. It then steamed toward Mat

It was while lying off Matanzas a da or two ago the Uncas was fired upon. It was within two miles of the shore, when, without any warning, the sand battery of 6-inch guns began to throw shells. Fully twenty of the missiles fell around the tug within a radius of 100 yards before it could get out of range. As it steamed away the Uncas returned the fire with its three forward and after 6-pounders.

Receiver for Ball Club.

ST. LOUIS, Aug. 10.—In the circuit court today Judge Wood appointed R. S. Muckenfuss, president of the St. Louis Browns, receiver of that club and fixed his bond at \$20,000. This action was taken on the petition and suit filed yesterday by the Mississippi Valley Trust company, trustee for the first mortgage bondholders, to secure an accounting. The suit was against the Sportsman's park and club. Chris Von der Ahe, trustee: Wilbur F. Boyle, trustee, and others. The plaintiff relates that on January 7, 1893, the Sportsman's park and club issued forty bonds of \$500 each to run five years. These bonds were secured by a mortgage on the property of the Sportsman's park and club, including a leasehold on the real estate which belongs to the Lindell estate. The plaintiff became trustee for the bondholders and in default of the payment of interest the plaintiff relates that it was empowered by the terms of the agreement to take possession of the premises and sell the property under a decree of the court, as it preferred. The two made a trip to Europe together a few years ago and a strong attachment existed between them. Mr. Bell will leave Omaha tomorrow and will stop over at Des Moines.
