Birdies Play Lovely Bail. BALTIMORE, Aug. 15.-Baltimore playe two errorless games and won both of them two errorless games and won both of them from Pittsburg. Hastings was easy in the first contest and the Orioles batted out a victory. Hart was more effective in the last game, but his support was miserable. Both the Oriole twirlers did well, Maul carrying off the palm. A long hit to center in the ninth, which got lost behind some rubbish gave McCarthy a home-run and the visitors their only tally. Attendance, 2,925.

Bonner and Goff Bont. Bonner and Goff Bont.

NEW YORK, Aug. 15.—Jack Bonner of Philadelphia met Charley Goff of San Francisco and defeated him in the eighteenth round before the Greater New York Athletic club tonight. Goff was nearly ten pounds lighter than his opponent and for seventeen rounds made a very good showing. Goff's seconds, in order to save their man, wers forced to throw up the sponge in the eighteenth round, when Charley was stunned from the force of a heavy left swing. Goff's showing was excellent, considering that he was only notified a few hours before he went into the ring that the club wished him to take the place of Dan Creedon, who had reported sick.

HARVEST EXCURSION TRAIN

Burlington Brings in a Heavy Special of Jubilant People to See the Exposition.

The first of the harvest excursions to the Transmississippi Exposition arrived last night about 6:30 on the Burlington. train was made up at St. Francis, Kan., and carried visitors from all points along the St. Francis branch of the Burlington. Wilsonville having a particularly large delegation on the train. Five o'clock was originally announced as the time of the arrival of the special, but it was so heavily loaded that it was delayed and did not arrive until an hour and a half after scheduled time. Fourteen cars made up the train and all were crowded to their full capacity. As the train pulled into the Burlington depot t was greeted with cheers, which the vistors responded to in a hearty manner.

The train was in every sense a harvest excursion train. The cars were all decorated with stocks of corn and bunches of millet and other grains and banners on the side of the doors told the towns that were represented in the excursion. No sooner had the train stopped than the

visitors rushed for the cars and hastened immediately to the exposition. The exposition seems the main objective point for all excursionists and no matter what time they arrive that is the first place they make

日本語は国本 (第1日本の国の子 あいまいというとの意味 (第1日) Anything but a spirit of barmony prerailed at the meeting of the city fathers last night. The wrangling commenced promptly at 8 o'clock and continued with only a short intermission for two hours. An immenso amount of business was brought up and disposed of, the most important action taken being the granting to the Omaha Gas company of an entirely new franchise. Mayor Ensor was absent and President Barrett oc-cupied the chair. After the regular routine mending the granting of the franchise. This report was adopted, all members voting in favor of it with the exception of Bennett and Fanferlik. Then the ordinance was read the second time and third time and was passed, the two members who had opposed the measure all through voting in the negative.

There was a bit of fun during the pro coolings when a representative of the local gas company attempted to have a quiet little talk with a member of the council. Mort was on his feet in a moment and objected to so much lobbying and the chair sustained the objection. This caused the objection able gas company representative to withdraw, but he was not to be frozen out in that manner and sent a policeman to the councilman with a message. Again Mort objected, but the officer of the law finished his little say before he left the enclosure which is supposed to be sacred to thethree-members of the council.

This new ordinance is similar to the one passed in July, 1897, with the exception that the price of gas to the consumer is reduced from \$1.50 to \$1.35 per thousand cubic feet. The company makes the price to the city \$1. per thousand feet, which is also a reduction. A royalty of 5 cents per thousand cubic feet is to be paid by the company and gas is to be delivered to consumers in the downtown district within eighteen months from the passage of the ordinance. The ordinance further provides that the price to be charged on the new stock yards boulevard. shall be governed by the price in Omaha, the maximum prices alone being fixed by the council in the ordinance.

Electric street lights were ordered to cated at Twenty-sixth and C. Twenty-third and K, Twenty-third and P, Fifteenth and Madison, Twenty-seventh and Q. Thirtyainth and T. Thirty-first and L. Thirty-sec ond and K. Twenty-second and N and Fortyfirst and Q.

The appointment of an additional fireman nd policeman was recommended and President Barrett named W. J. Ward as the fireman and Frank Crawford as the policeman. Both appointments were confirmed. Bennett made a statement to the effect

that the hair drying field over by the standpipe was a nuisance and he wanted it abated. The matter was referred to the chief of police and the sanitary inspectors. Kelly announced that quite a number of he city employes have failed to give bonds as is required by law and Bennett followed up this statement by asserting that very

few of the policemen had furnished the required bonds. Wear then made a motion to the effect that all policemen and others from whom a boud is demanded be required to present bonds at the next meeting. The motion was adopted and all such persons will be notified. The need of supplying water for the Al-

bright school came up again and it opened the way for a resolution ordering a number of fire hydrants. Hydrants were ordered located at the following places: Twentythird and P. county-road and Railroad avenue, Railroad avenue and Madison, Fifteenth and Madison, Seventeenth and Madison, Eighteenth and Madison, Twentieth and M, Twentieth and L. Thirty-eighth and L. Thirty-ninth and L. Thirty-fourth and I, Thirty-fifth and I, Thirty-ninth and V and Thirty-ninth and W. Of this number the Board of Education will pay the cost of three hydrants for a year in order to obtain water for the Albright school.

City Clerk Carpenter was authorized to advertise for bids for quarters for the city offices, jail, etc. The lease of the present apartments expires in December and it is the intention of the council to move.

Trainor said that better car service on the O street line is a necessity and a committee will wait upon the street car managers with a view to having more cars run on this line morning and evening. The company will also be asked to place conductors on these cars.

An ordinance will be drafted authorizing the sale of bonds for the grading on H street between Twentieth and Twenty-first streets. This grading cost \$930. Peter B. Bahler, Thirty-third and K

streets, complained that Officer Morrissey had shot his dog and he alleged that the officer entered his vard to shoot the animal. After the reading of this complaint Mort took occasion to say that the people of his ward objected to Officer Morrissey and he wanted him detailed for duty in some other part of the city. The councilman was informed that the mayor controlled the police force and such requests should be made direct to the chief executive.

Anna Meyers served notice that she met with a serious accident at Twenty-sixth and N streets a few days ago and would hold the city responsible. The woman stepped on the cover of a water meter box and it gave way, allowing her to fall a distance of six feet. She alleges that her injuries are serious.

Inspector Carroll and City Engineer Beal reported that the water flowing from the N street sewer was as clean as could be expected and that the residents along the creck have no complaints to make,

Treasurer Broadwell reported a balance on hand July 31 of \$84,861. Adjourned until September 1.

Grading for Armour's Extensions. Graders commenced yesterday on the exeavations for the foundations for the ninestory hog-cooler house to be built at Armour's. An immense trench was dug for temporary railroad track and when this s completed the dirt to be moved will be hauled out on flat cars. The material for this building has been ordered and it is expected that there will be no delay from this source. Work on the other improvements at this plant is being pushed. The machine shop is assuming shape and the exterior work on the ham house has been completed.
