PIGURED-MUSLIN GOWN FROM HARPER'S BAZAR

have there been more figured muslins worn, and the variety of coloring and design is endless. A charming dainty gown, frem Harper's Bazar, that is suitable for afternoon wear, is of pale yellow muslin with a flower of deep orange. The skirt is made so that it fits to perfection over the hips and is full at the back. Over the hips and around the back breadths are lines of white lace entredeux, and around the foot of the skirt is a most effective flounce made of strips of lace and muslin; the skirt part is finished in points outlined with lace.

The waist is tight-fitting, with a vest of fine tucked muslin of plain yellow—

the tucks apparently fastened with flat pearl buttons-lines of white lace insertion are put on at either side of the vest and there are lace ruffles over the puff at the top of the sleeve. This puff is of the plain muslin, while the lower part of the sleeve is of the figured design. Worn with the costume is a hat with brim turned up at the left side and

trimmed with feathers and flowers.
