SENSATIONAL FINISHES AT JOLIET. Rose Croix, Futurity Winner, Beaten JOLIET, Aug. 19.—"ive thousand enthusiastic spectators saw the racing at Ingalis park and enjoyed some sensational finishes.

ones that lined up for the 2:14 pace and after tedious scoring they got away very fast with Warren D on the pole. Despite his reputation as a quitter, he made a runawy race of it and the bookmakers sustained the hardest rap of the meeting in their laying against him. In the 2:14 trot there was plenty of high class material, with Rose Croix, the Futurity winner of 1896, pretty well thought of, but Caracalla, the brown daughter of Patron. outfooted her field in every heat, in fast time, with the little California mare, Humboldt Maid, fighting her out a close second. Results:

BUFFALO, Aug. 19.—The Electric City 5,600 stake for the 2:30 trotting, the second big stake of the Grand Circuit meeting on Fort Erie's track, was captured by the Princeton mare Timorah, after John Nolan had taken a heat and was a warm favorite in the pooling. As a result of the upset the pool boxes held about \$30,000 before the speculation stopped.

There was something funny looking about the early heats in the 2:04 pace, Chehalis, the western freak stallion, pacing last in two heats, old Frank Agan coming to life won, Ruby D second, Frohman third, and the track dried out fairly so that the going, while a little slow, was safe and good. The best race of the day was the fourth, in which Lansdale and B. F. Ronald ran head and head through the stretch under a hard drive, the former winning at the post. Results:

BEATRICE, Neb., Aug. 19.—(Special Telegram.)—Several excellent races were held at Linden Tree park this afternoon, the program having been gotten up by local horsemen. Attendance, about 500. Princess, a mare belonging to Charley Van-Arsdale, surprised the crowd by winning the first race in straight heats. Time: 2:28, 2:26. Ida Bell, owned and driven by Fred Cook, won the second race easily. Best time: 1:16. Josh, an Idavan horse, owned and driven by Aleck Anderson, won a half-mile race. A quarter-mile running race was won by a mare—Babe. An interesting event was a race between four greyhounds belonging to Eli Worthington. The purses aggregated \$250.

Caracana and an analysis of the same of th SOUTH OMAHA NEWS.

For several days past a confidence game has been running on lower N street under the guise of an exhibition of an alleged demon child. Deputy Sheriff Mitchell learned that strangers who were induced to enter the place for the purpose of viewing the curiosity were taken on into a room in the rear and fleeced. The game was doing fairly well until yesterday afternoon, when it was interrupted by the arrest of Joseph Thomas, who is supposed to be one of the head men in the scheme. The warrant upon which Thomas was arrested was sworn out by John Nelkorn, a Douglas county farmer, who was taken in for a few dollars. Nelkorn alleges that when it first dawned upon him that he had been tricked he applied to the prlice for protection and relief, but was given no satisfaction. Later on he learned that Deputy Sheriff Mitchell was located in the city for the purpose of attending to complaints turned down by the police and at the suggestion of the deputy the complaint was filed with Justice White. When the raid was made yesterday afternoon Thomas was caught in the act of "doing" a stranger and he will be tried for setting

up and keeping gambling fixtures. The scheme worked was in the nature of a lottery, the victim paying 50 cents for a ticket which, if it contained the right num-Cohn; Steinitz beat Tschigorin; Charousek ber, entitled the holder to one or more bot-beat Fritz; Burn beat Schallop, and Berger tles of colored water. In case the victim tles of colored water. In case the victim preferred cash to the prize, which was displayed, he was compelled to show double the amount of money won. This was done in most cases to ascertain how much coin of the realm the victim possessed and it is safe to say that few left the room with as much as they entered with.

In arresting Thomas the deputy sheriff confiscated a showcase containing the prizes offered and these will be held as evidence against the prisoner. Ball was fixed at \$1,000 by Justice White, and being unable to give this, Thomas was taken to the county jail to await a hearing, which has been set The complaint in this case was drawn by County Attorney Baldrige and the case will

be prosecuted by the state. Nelkorn was taken to the county attorney by Deputy Mitchell and after he had told his story the complaint was drawn, signed and sworn to. Thomas is considered one of the smoothest men who has operated in this city for some time. He took his arrest coolly and made no attempt to resist. It is asserted by attaches of the county attorney's office that there is enough evidence at hand to close this show permanently.

As for the flimflammers, they still remain a scarce article. One or two of the leaders are stopping in Omaha, while others have sought safety in Council Bluffs. Commission men at the yards appear to be well pleased with the work already done by Sheriff Mc-Donald and his deputies in ridding the city of this class of people. Deputy Mitchell still has warrants for Rac, Ryan and several more of the alleged confidence men and will serve them as soon as these people show up

Ensor Will Exercise the Veto. Mayor Ensor has about made up his mind to veto portions of the resolutions passed at the last session of the city council ordering electric lights and fire hydrants located. The mayor says that he will not interfere with the three hydrants ordered to make the connection with the Albright school, as the Board of Education will pay the first year's rental. Aside from this fact the mayor says that the locating of these hydrants is the only means of securing a

permanent water supply at the school. Two wells have been sunk recently and both have caved and the Board of Education deems it economy to pay \$180 for hydrant rental Company of the second s for one year rather than to spend any more money on wells. Then the hydrant in the Fourth ward, intended to furnish fire protection to the new cooper factory, will be allowed, but the chances are that the others will be cut off.

Before ground was broken for the cooper factory a representative of the concern appeared before the council and requested that one or two hydrants be placed in the vicinity of the plant. The members of the council felt that as this new concern was spending \$25,000 in the erection of a plant the request ought to be granted, so that out of the fourteen hydrants ordered located the mayor will allow only five.

It will be the same with the ten electric lights. A few of the lights ordered have been promised in response to petitions of property owners and it is possible that half of this number may be put in at this time. The people are clamoring and petitioning all of the time for more hydrants and more electric lights, but the mayor says he will not allow the amounts apportioned for these funds to be overdrawn if he can help it.

Reports His Troops Well. Lieutenant Charles Stewart of Company K.

Second Nebraska volunteer infantry, spent yesterday in the city the guest of the Etter boys. The lieutenant is en route from Camp Thomas, Chickamauga, to his home at Schuyler, being called home by the illness of his father. He reported the health of the regiment excellent and said that many were disappointed at not being ordered to the front. Several South Omaha boys are with the Second and they all sent regards to their friends here.
