Eighteen Hits for Twenty-Six Bases All the Boys Took Out of the Struggling Young Trolleydodger Yesterday.

CHICAGO, Sept. 1 .- The Orphans opened up on McKenna with a single and a clean four-bagger in the first and kept it'up all through the game, batting for a total of twenty-six bases. Woods was in fine trim. after his long rest, holding Brooklyn down to five scattered singles. Ryan and Donahue hit safely each time at bat, and the former killed Brooklyn's only chance to score by a wonderful catch in deep left field. Attendance, 2,000, Score:

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic. Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sin cerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and

know in four cases it absolutely saved life." The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa.

IS A CONFESSED EMBEZZLER

Ex-Mayor Twitchell Pleads Guilty to Having Peculated Some \$60,000 from Woolen Mills Company.

I witchell, one of Bath's most prominent citizens, and a member of Governor Powers' council and well known in business circles in Maine and Massachusetts, is a confessed embezzler. The amount of the embezzlement is placed

at \$60,000, but it may exceed that sum. It is alleged that for the last fourteen or fifteen years, during which Mr. Twitchell has been connected with the Worumbo Woolen Manufacturing company, various sums have been appropriated by him. The amounts were charged to the expense account so that the business had not become involved at any time. When confronted with the evidence, Mr. Twitchell acknowledged his guilt, but it is thought no prosecution will follow, as the one most deculy involved is Galen S. Moses, treasurer of the mills, who is inclined to treat the matter as one of personal wrong than an instance of criminal intent. Mr. Twitchell, who is very poor health. He refuses to discuss the

situation. The disclosures in the case were precipitated by the personal assignment of Mr. Moses, which was announced Tuesday, and in which more than \$400,000 worth of property is involved.

Mr. Twitchell was chosen mayor in 1891 and 1892. He was sent to the legislature in 1893 and 1895 and this year he was selected a member of the legislative council. He has been grand commander of the Magrand chancellor of the Knights of Pythias.

on the New York, Ontario & Western railroad, known as the "Chicago Limited," was wrecked at Ingalls Crossing, four miles south of this village, at 5 o'clock this morning. The wreck was doubtless due to the dastardly work of tramps, who threw open the switch at which the train was wrecked as well as two switches to the north of the running nearly sixty miles an hour when it struck the switch and was thrown over to the side track. The rapid speed made it impossible to make the safety rail. The engine was thrown twenty feet and blown to pieces. The tender was inverted. The trucks of the baggage car were torn off and the head coach telescoped the baggage car A vestibuled chair car and the sleeper Farragut were derailed, but neither was badly damaged. Engineer Dowd and Fireman Hall both jumped and were found under the wreckage of the tender by passengers from the sleeper. The body of

"WHY MEDICINES FAIL

"I do not pretend to say that honest drug treatment always fails but every true physician will tell you we must rely upon a stimulant if medicines are used, and that is not what a weak man requires. He needs strength. Quacks invariably give for QUICK results a strong aphrodisiac, which immediately stimulates; but such can result only in a permanent injury if persisted in. The treatment I use must appeal to the common sense of every one who will give the matter a moment's thought. comfortable. > "To weak men young or old, who may have the least foundation left to build upon, let me say as man to man, as physician to patient: Electricity, properly applied and faithfully used, will cure you as sure as night follows day. There are but two scientific applications-one, the 18-cell system, used in our great city hospitals; the other, its exact duplicate, in convenient form, the DR. SANDEN ELECTRIC BELT.

"This appliance combines the efforts of my lifelong study, and is thoroughly protected by United States, Canadian and European patents. Look out for useless imitations. It is composed of 18 double element cells, and, applied as I apply it, the eectricity flows in a pleasant current directly through the weakened parts, giving strength and adding nerve force to the body. Worn at night, it soothes and cures you while asleep. Current instantly felt or I forfeit \$1,000. Over 5,000 last year were restored to manly power by its use.
