Nervous Headache Cured

By Dr. Miles' Restorative Nervine.

Headache is a signal of distress. When the nerves have been overtaxed and the stores of vitality and nerve force have been exhcusted nature hangs out this signal for help. If the message is disregarded the most serious results may follow, and such diseases as epilepsy, paralysis, insanity, nervous prostration and general debility, may be looked for. Dr. Miles' Restorative Nervine cures headache of the worst kind, as well as many other serious affections of the nervous system. It is the best known remedy for epilepsy, St. Vitus dance, hysteria or any breaking down of the nervous system. It builds up and strengthens the nervous system, soothes and quiets the deranged nerve centres in the brain, affords restful sleep and stops worry. Dr. Miles' Nervine restores health.

"In 1804 I began to have attacks of pasms or fits, which my physician attributed to a bad state of the liver. He doctored me for a time but the fits continued to appear about as frequently as before and I became dis-couraged. They would usually come at night after 1 had gone to sleep. In the spring I began using Dr. Miles' Restorative Nervine and from the time I began its use I never experienced but one attack. I im-proved steadily and am now enjoying perfect health. I attribute my re-covery to the wonderful curative powers of Dr. Miles' Nervine and never lose an opportunity to recommend it to all who may suffer as I did." V. A. BECK, Zepbyr, Texas.

"In 1880 I suffered a complete breakdown of the nervous system and In 1880 I suffered a complete breakdown of the hervous system and for three or four months was prostrated and unable to work or attend to business of any kind. A number of physicians treated me but seemed un-able to build me up or assist me in 'he recovery of strength and vitality. I then began taking Dr. Miles' Restorative Nervine, which benefited me from the start and in time I regained completely my health and strength." D. B. HANGER, Lincoln, Ills.
