OFFERING TWENTY-MILLION Methodists Propose to Raise that Amount for Educational and Charitable Purposes.

SPRINGFIELD, Mass., Nov. 1,-Bishops of the Methodist Episcopal church, who have en holding their semi-annual conference in this city, voted to call for a "ewentieth century thank offering" of \$20,000,000 from the members of the Methodist church. The funds will be collected at intervals before January 1, 1901, and the sum wanted is expected to be received by that date. It was voted to devote the money to the improvement of educational and charitable institutions now maintained by the Methodist Episcopal church. None of it will be used for the establishment of new institutions. The call for the fund will soon be issued. It is not intended to make the collections at one stated time, but to make them so gradual that they will not be a burden. The offering is intended as an expression of thanks for the completion of twenty centuries of Christianity and will be the greatest effort of its character ever undertaken by any religious organization.
