REFER TO THE APPROPRIATION OF LANDS

Proposition to Use Lands for the Benefit of Normal Schools and Other State Institutions-Bills Introduced.

PIERRE, S. D., Jan. 28 -- (Special Telegram.)-In the senate today King presented a resolution for a select committee of nine to consider all bills contemplating appropriation of lands, with a view to appropriating the same to normal schools, asylum for the blind, feeble minded and the like. It was considered as being aimed at the bills for normal schools at Aberdeen and Watertown and after a long discussion was killed by the supporters of these bills. A number of bills were introduced, but not given first reading, the principal ones among them

By Gunderson-Appropriating \$25,000 for a science hall at Vermillion university.

By Lawson—Empowering county commis-sioners to levy a 2 mill general school

tax,
By Vance—Appropriating \$1,200 for the purchase of a collection of stuffed birds and

By Tyler—Extending the terms of supreme and cirtuit court judges and providing for their election in 1900 instead of 1899. The bill to establish a normal school at

Aberdeen caused a long debate and an effort to cut the land appropriation to 40,000 acres, but it was finally passed, carrying 50,000 acres. The bill to establish a normal school at Watertown was passed, carrying an appropriation of 20,000 acres of land. The house bill to classify cities was brought up on reconsideration and made a special order

in the House.

The house transacted a larger amount of business today than for any other of the session. Among the principal bills on which committees presented favorable reports were those to prevent the contest on a life in- all he could get out of a particular familysurance policy after three annual premium payments had been made, which was amended to reduce the number to two. Seventeenth Ballot for Scuator in Montana Legislature Results in Choice of William A. Clark.

HELENA, Mont., Jan. 28 .- On the sevencenth ballot taken today the Montana legslature elected Hon. William A. Clark of Butte United States senator to succeed Hon. Lee Mantle. The vote was: Clark, 54: Conrad, 27; Marshall, 4; scattering, 4. Of those who voted for Clark eleven are republicans. The four votes cast for Marshall were republicans and one republican was absent because of sickness. Two ballots were taken

At a caucus of the republican members present it was decided to be good politics to rote for Clark and effect his election, in the belief that it would hopelessly disrupt the democratic organization of the state.

William A. Clark is 60 years of age, a native of Connellsville, Pa. In 1856 his parents moved to Van Buren county, Iowa, where the senator-elect farmed and pursued his schooling. MORRISEY SECURES A RELEASE. Knew Nothing of the Placing of Dynn-

mite on Towl's Porch. "Red" Morrisey was released from custody by Judge Babcock yesterday afternoon, as the confession of W. C. Barrier did not in to get out of prison and hardly stopped to thank the court when the order releasing has not been kept in the solitary cell. He now mingles with the other prisoners and can talk to his heart's content. Just what will be done with the young man is not known at the present time, as the question is up to the county attorney and he will say what punishment, if any, should be meted Judge Babcock has expressed a willing-

ness to give Barrier a suspended vagrancy sentence providing he agrees to leave the city and keep away and it is possible that this may be done. Mayor Ensor is gratified at the outcome of this case and he feels that Officers Montague and Hanley, who acted as his agents during the investigation, did excellent work. "These men," said the mayor, in speaking about the case yesterday afternoon, "did some of the best detective work John H. Abbott and gave him 103 lashes ever done in the city. When I gave the case into the hands of these men on Monof the party and two others. The cause day morning last I told them to go ahead and given for the whipping was that Abbott do the best they could and to stop at nothfailed to support his family and kept them ing. If Barrier was guilty I wanted them in a destitute condition. After whipping him to prove it and if dynamite had been placed the white caps threatened that unless he went on Mr. Towl's steps with malicious intent to work within three days they would return I wanted them to find out who put it there. No stone was left unturned by Hanley and Montague and their discoveries forced the confession from Barrier. The police force

> Barrier certainly came very near being made a hero of by certain people, but his arrest and the theory of the mayor and the police put a damper on the scheme. Early Monday morning when the news was floating around that Barrier had saved Towl and his family from death some of the friends of Towl at the stock yards started to take up a collection with the intention of presenting Barrier with a purse as a reward for his bravery. Only a small sum had been pledged when word was received that Barrier was in jail and that it looked as if he was working Towl for a job. The scheme for collection fell flat and those who started

Within the last day or two Remer has cashed three checks amounting to \$35. The first check presented was signed W. L. Larson and was for \$7.50, then came another with the signature of Charles P. Stanley for \$17.50 and later one for \$10 bearing the signature of W. D. Gerald. All of these checks were drawn on the Omaha National bank and had been returned stamped "no funds." McDonald showed up at Remer's saloon yesterday afternoon and spent a small sum for drinks. Remer knew then that the checks were bogus and tried to detain his man while he sent for a policeman, but McDonald appeared to be in a hurry and started for a street car. Remer followed him and after McDonald was comfortably seated he called Officers Montague and Rowley and the arrest was made. McDonald was seen that now you can get the best service by a reporter of The Bee at police headdevoted to growing coffee, tea, tobacco and quarters yesterday afternoon. Poisoned by Playing with Tin. The 7-year-old son of Mr. and Mrs. Philip Munroe, Thirty-third and U streets, died suddenly yesterday, and it is feared that death was occasioned by polsoning. Mr. Munroe is employed at Cudahy's and he says that he has been in the habit of carrying home small scraps of tin for the children to play with. He is of the opinion that his son had been poisoned by placing these pieces in his mouth. On the day before his death the child drank great quantities of water and it is inferred from this that he was poisoned. Dr. White attended the case and, according to his idea, the evidence of poison was shown in the symptoms displayed.
