S. F. 56, relating to divorces and alimony, was passed.

After the joint session a recess was taken until 3 o'clock. Upon reconvening bills on third reading

were continued. S. F. 44, by Miller of Buffalo, a bill pun-Ishing cattle stealing and to punish persons receiving or buying stolen cattle and those harboring or concealing cattle thieves, was passed with no votes against it. It is a re-enactment of an old law that has been stealing a felony without regard to the value of the stolen animals.

S. F. 109, by Fowler, reducing the minimum dog tax in cities of the second class and in villages from \$3 to \$1, was passed. S. F. 71, by Talbot of Lancaster, relative to plowing along public highways for prevention of the spread of prairie fires, failed to pass, 19 voting against it.

On recommendation of standing commit-tees S. F. 200 was indefinitely postponed. This bill provided for carrying bicycles as baggage on trains.

committee substitute for S. F. 12 was ordered placed on general file. S. F. 189, with committee amendments, was also ordered on general file. S. F. 168 was indefinitely postponed, its intent being already covered by another bill.

Senator Canaday moved that the secretary of the senate be authorized to furnish to each senator a list of the employes of the senate and the position they hold. It was so ordered.

O'Neill of Holt introduced the following joint resolution, which took the course of a bill and was read the first time:

Whereas, The oppression of the Cubans by Spanish power awoke the indignation of the civilized world to such an extent as cause delegates to come from different ta-tions to offer aid to our executive in devising means to cause cossation of postilities be ween Spain and Cuba; and, Whereas, The declaration of war was made in the cause of humanity and not sub-

jugation by invasion, and,

S. F. 20, by Holbrook of Dodge, empow ering cities, villages and counties to take up and pay off outstanding bonds by the issuance of bonds bearing a lower rate of interest, was taken up. It was decided to report progress and ask leave to take it up again, several members wishing to inform themselves as to its legality.

S. F. 95, one of the curative bills relating to the liabilities of railroad companies, was recommended for passage. The committee arose and its report was adopted and the senate adjourned.

PROCEEDINGS OF THE HOUSE. Resolution Complimenting Bryan Ta

bled by a Strict Party Vote. LINCOLN, Feb. 8.—(Special.)—In the house this morning a memorial was presented from the labor unions of Omaha in favor of the passage of H. R. 385, the amendment to the city charter providing that the construction of sewers, drainage and other city work be done by day labor instead of by contract, and also asking for the passage of H. Rs. 25, 68, 108, 109, 155, 141, 282, 160, 309, 318 and 446, introduced by Beverly, Flynn and Olmsted of Douglas. These are the bills relating to child labor, arbitration of labor disputes, dairy and factory inspector, fire escapes, branding of convict made goods, union labels and eighthour law and giving more power to the bureau of labor. A suffrage resolution was presented

signed by a number of women of the state. Thompson of Clay offered a resolution requesting congress to make an appropriation to pay all volunteer soldiers in the Spanish-American war who were taken sick during absence from their commands, which iliness was contracted while in the service and required the attendance of a physician while on such furlough. Two Fruitless Caucuses. The republican joint caucus or conference alled for tonight was attended by about two-thirds of the republican members and was devoted to a great deal of discussion and very little result. The object of the meeting was said to be to confer on the senatorial situation and see if some arrangement could not be made for a caucus. The meeting was unsatisfactory from the fact that so many of the members remained away with no other excuse than that they were not interested in the conference. The Douglas county delegation took little parin the meeting and part of them remained

away. There were thirty-four republicans in at tendance at the conference. Burns of Lancaster felt hurt because the members present would not take a secret ballot and displayed considerable warmth while arguing this contention. Before the adjournment of Thurston botel here and has a large acthe caucus a paper was presented and all of the members with the exception of those who have been supporting Thompson and Webster signed it, agreeing to stand by the rules which a caucus may adopt. Another meeting will be held tonight, when the rules will be presented for adoption or rejection. The fusion members held a caucus at an-

other hotel and had difficulty in arriving at any plan other than to continue in their support of Senator Allen. The paper circulated by the candidates and on the authority of which the conference was held was signed by G. M. Lambert son, E. J. Hainer, F. I. Foss, M. B. Reese, C. E. Adams, M. L. Hayward, E. H. Hinshaw and Field. Senator Prout said Westor had authorized him to say such an agreement entered into by the condidates would be satisfactory, but he would not go so far as to sign Weston's name to the paper. LOST ON THE KOHALA COAST

Nomad, with All on Board, Lost-Big Transaction in Sugar Stock at Honolulu.

SAN FRANCISCO, Feb. 8.—The steamer Moana, from Australia and Hawati, brings the following advices from Honolulu, dated other years. On the streets and street cars February 1:

Helene and the Maul both sent boats to the scene and definitely determined that the wreck was that of the four-masted steamer Nomad Captain McAlcop, which sailed from Shanghai for Puget sound in ballast ten months ago. The vessel was a new one and belonged to Hall Brothers of San Francisco, Captain McAleep, was accompanied on this trip by his wife, daughter and three sons. All are undoubtedly lost. The Nomad was reported sighted off the Pacific coast seven or eight months ago, just at the time of a terrific storm there but nothing more was heard of it and the vessel was long ago given up for lost.

Four thousand eight hundred shares of Onomea Sugar company stock changed hands recently at 13714. C. B. Brewster and C. B. Castle & Co. were the sellers. Edward Pollitz was the buyer. It was the biggest deal ever made in the islands. It amounts to \$660,000 and was a cash transretion.

Nearly all women look that only after the baby has safely arrived and made a warm little place for himself in the mother's heart, does she fairly realize that it was indeed a good angel who brought this wee nestling to

brighten and sweeten her life.

Women who are approaching motherhood with a sense of fear and solicitude, or in a weakened physical condition, need the help of that marvelous "Favorite Prescrip-tion," invented by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and designed expressly to restore healthy vigor to the delicate feminine structure involved in motherhood. It takes away all of the

in motherhood. It takes away all of the danger and most of the pain attendant upon motherhood, and confers on the baby that lusty hardihood which is a joy to a mother's heart.

An Ohio lady, Mrs. Lefa Hoffmire, of Clarington, Monroe Co., in a letter to Dr. Pierce, says: "I had always been healthy until four years ago. Before the birth of my child I suffered almost death a dozen times. Had what we call milk leg for four years. Could not stand it to be on my feet long at a time without swelling dreadfully. Before my last haby was born. I had every symptom of a return of the trouble. My leg swelled hadly. I read of Dr. Pierce's Favorite Prescription, and thought I would try it. I took six bottles, and when my baby was born I was not sick at all after I was out of labor, which lasted only a short time. In times previous, labor had lasted twelve to fifteen hours. I am a well woman to-day, and have been since I got out of bed, when my little boy was nine days old. I give the credit all to Dr. Pierce's Favorite Prescription. I will never do without it during such a time."

THE GRIP EPIDEMIC

Opinions of New York Physicians as to Cause and Cure.

"There is probably no family in the city of which some member is not laid up, or at

least attacked by the grip." "While grip is the same old enemy, it seems to be very different this season from and in the churches one meets with people Particulars yesterday of the wreck on violently sneezing, with running eyes, the Kohala coast have been received. The coughing and with a wee-begone expression on their faces. Like all epidemics of this kind, few are exempt. It attacks the rich and poor alike and physicians are

being worked night and day. To obtain reliable information on this most important subject a reporter recently called upon some well-known physicians to learn from them what he could do in relation to it.

"All agreed on the opinion that the malady was rapidly increasing and that in most cases it was of an extremely dangerous nature.

"One medical man; who is said to have treated no less than one hundred grip patients in a single week, said to the reporter."

"Serious results will always follow an attack of the grip if it is not properly treated. Often it runs into pneumonia and always it leaves unpleasant or dangerous complications. It seems to be different this year from ever before. My experience has shown that the worst grip comes when the body is clogged up and when the secretions fail to have the right exit."

"Have you ever seen a sewer or a drain clogged. Well, that is precisely the condition of the body that invites grip. The fluids have no means of escape and so they back up and flood everything, just as a clouged sewer floods the street. Is this not natural? It is certainly true."

"When a person is attacked by grip," the loctor continued, "he should not try to fight off the sensations of cold, aching limbs and extreme weariness under the impression that he has simply an ordinary cold, but should stay indoors, avoid excess of eating and drinking and above all take a timely remedy."

The reporter being anxious to discover what the public considered a timely remedy and was taking most, visited the leading drug stores and interviewed the proprietors. The general opinion was well expressed by the manager of a prominent Fifth Avenue pharmacy, who said: "Grip? Yes, it is raging. But it seems to come in a difcome into our store all clogged up. Not necessarily in the head, but all over the body. They have bendaches, it is true, but then they have backache too and pains all through the system. You know the body is like a city. All the waste matter must be carried away. When the sewers do not work there is trouble. People are teginning to understand that they must keep the sewers, especially the kidneys, in good condition, or they cannot hope to escape or regain health. What is the remedy? Well, we have a store full of so-called remedies, but we have only one which our customers find produces the effects desired. We do not recommend anything, but I can tell you what the people use. It is something reliable, something damaging the structure to the amount of which is certain to unclog the system, \$500. The loss is fully covered by insur- something which is recommended by physicians and is very popular with the people-Varner's Safe Cure. We look upon it as the safest and the best remedy that anyone can take when suffering from the many, many serious ailments so common at this season of the year."

This information is certainly of the highest importance in view of the increasing number of people who are suffering from colds, chills, grip and the ills of the sea-Very often the serious results which follow these attacks might have been avioded if the proper remedy had been taken in time. Health is a serious matter and especially at this season of the year, when so many things are fighting bitterly against it.
