RATES TO PACIFIC COAST

Belief that the Figures Agreed Upon Will Not Stick.

SANTA FE SAID TO BE SEEKING TROUBLE

Meetings at Los Angeles and San Francisco Are Likely to Draw Big Crowds Toward the Setting Sun.

While it has been believed that the rate for the National Educational association meeting at Los Angeles next July had been fixed at one fare for the round trip, plus \$2, there seems yet to be some doubt about these figures sticking. The Santa Fe is causing the trouble, as usual. It is reported that this road is demanding a \$5 differential on all traffic over its line which is diverted on the coast to return by a northern route. The Santa Fe has the most direct line to Los Angeles, and can make considerable

trouble in the rates if it so desires. It will undoubtedly do a large business going, but owing to the hot weather usual in July, much of its business will come back by other roads. Knowing this from experience the officials of the road are anxious to protect the treasury at the start by establishing for it an edge on the rates made. There is hardly the slightest prospect that the other roads will consent to grant the demand of the Santa Fe, nor is it probable that that road will seek to cut the rates. After prolonging negotiations for a few delaying the other roads in getting of time, the chances are it will drop in line on the rate which has been semi-officially

In addition to the educational association the Baptist union will hold its national convention on the coast, meeting in San Francisco in May, and between the two travel to the Pacific coast will be heavy during the summer. The roads are arranging to thoroughly advertise both events, as well as the scenery and other attractions which go with such a trip, and otherwise are preparing to get out of the traffic all there is in it Owing to the low rates it is expected that tourist travel will also be heavy, furnishing a good business for all the roads if harmony in the passenger departments is

GLAD THAT IT WAS NO WORSE. Railroad Officials Discuss the Wreck

Out in Wyoming. Union Pacific officials in this city, while of course regretting the wreck which occurred Wednesday afternoon in Wyoming, are congratulating themselves that the attendant causalties were no worse. With the number of cars in the wreck, and the rate of speed which the train is reported to have been making, it seems to the officials to be a miracle that the loss of life was not greater. Even the one death which resulted might have been avoided had the unfortunate man remained in his car instead of jumping when the crash came. The car overturned as he jumped, and he was crushed to death. It is believed at headquarters that none of the injured, except possibly the tourist car porter, are in a serious condition, for they have been for- called together so many of the old settlers warded eastward from the wreck, which of the city. The pall bearers were: W. A. would indicate that they are at least able Paxton, C. C. Hughes, Fred Davis, Dr. Victor to travel.

wreck, is held to be an unavoidable acci- ton. The body was laid to rest in Prospect dent, and one which is liable to occur on Hill cemetery. any road, especially during a cold spell like the present. Had the rall broken some little earlier, while the dining car was full caught the engine, the story of the mishap might have been more terrible in its de-

son was so near at hand when the accident occurred. He was at Medicine Bow, Wyo., where he had been detained for a time owing to a snow blockade. This is about nine miles from the scene of the wreck and he was enabled to get there without any great loss of time. Mr. Dickinson is considered one of the best men in the country in clearing up a wreck. Those who have seen him direct work of this kind say there isn't an ounce of wasted energy on the part of anyone employed under his direction. Every move counts and piled cars are soon righted In this particular case he was assisted by Superintendent Harris of Cheyenne, who was also early on the ground.

The company's surgeon at Rawlins, accompanied by a corps of physicians, was The company's surgeon at Rawlins, acrushed to the scene of the accident on a special train, and every attention possible was given to the injured. So successful were these efforts that the unfortunates were soon on their way east to more com fortable quarters, and although the wreck took place several miles from a telegraphic station the full extent of the casualties was known at headquarters here within a comparatively short time and a reasonably accurate account furnished the press for the

wreck and he went to the scene on a special engine and accompanied the wounded on their eastward journey to care for their wants and comfort. Claim Agent Manchester of this city was at North Platte and left at once for the west to meet the train, and will probably relieve Mr. Hussey at Chey-

Time Changes on Burlington.

While no official announcement has been made it is likely the Burlington will make some changes in its time card within a few days which have been contemplated for several weeks. The most important change will be that affecting the Denver train, which, as at present contemplated, will leave Chicago in the afternoon instead of in the morning, and arrive at Denver the following evening. This is the No. 1 which now reaches Omaha about midnight, but under the proposed schedule will not come to this city at all, going through Plattsmouth, Louisville and Ashland to Lincoln. It will reach the river about 3 o'clock in the morn ing. Passenger officials contend it would not pay to bring the train around Omaha at that hour. No. 2 will also have its time changed east of the river, taking up an hour of the waste, and reaching Chicago that much earlier in the morning.

Reynolds Makes a Denial. E. P. Reynolds, jr., of Wymore, whose name is synonymous with the earlier construction of the Burlington lines in Ne-

On a recent trip R. C. Judson, industrial agent of the Oregon Railway & Navigation company, discovered several farmers from the middle west who are now along the lines of this road looking up farms and locations. He says they are all men of fam-ily, able to buy what they want and they are anxious to make new homes in milder and more productive climes than where they have been living. Mr. Judson met most of them at the Transmississippi Expositio and what they saw there of the products of the northwest led them to go out and make personal investigations. Several hundred out their advertising matter for that length farmers' families will move to the northwest this spring and their advance agents are already there.

LAST SAD RITES PERFORMED

Remains of Colonel Patrick at Rest in Prospect Hill Cemetery.

The body of the late Colonel M. T. Patrick was buried from Trinity cathedral at 2 o'clock Thursday afternoon. At the request of the family the funeral was very informal, none of the societies of which the deceased was a member taking an active part. The floral offerings were from the immediate bunch of lilies and immortelles, covering the whole casket.

At the door of the church the remains by Dean Fair and Rev. T. J. Mackay. An up to 25c, long mill remnants, 81/20 the casket was carried up the aisle a requiem was chanted by the choir and clergy. Jules Lumbard, assisted by the Trinity choir, sang "Lead Kindly Light" and "Peace, Perfect Mackay read the lesson from St. Paul and go at 3½c yard.
the choir sang "Abide with Me." The TABLE LINEN REMNANTS. the choir sang "Abide with Me." The prayers for the dead were read by Dean Fair and Bishop Worthington.

Although the attendance at the residence of the deceased was not large, owing to the expressed wish of the family, the church was crowded with friends anxious to do honor to the dead. It was remarkable that among those at the church nearly all were old residents. No event of recent years has H. Coffman, Dr. George L. Miller, G. W. A broken rail, which was the cause of the Doane, J. S. Collins and Dr. Horace Luding-

Announcements.

The sale of the reserved seats for the T. P. A. Traveling Men's min-strel and vaudeville show at the Trocthe earlier, while the dining car was full f passengers, or soon enough to have aught the engine, the story of the mishap night have been more terrible in its dealer. The company believes its good angel was The company to the company believes its good angel was The company to the company believes its good angel was The company to the company to the company believes its good angel was The company to the house, since their friends have come to understand that they have the lease of the theater for that night and no refreshments will be served. They are issuing a souvenir program that will excel anything ever handed out in the city and as there is no extra price for reserved seats, leaving the admission at a flat 50 cent rate, it has made the sale of tickets very complete, but plenty of good reserved seats can still be obtained at 1311 Farnam street.

NOT HERE TO STAY LONG

Weather Officials Promise the Present Cold Spell Will Not Be of Long Duration.

While the mercury dodged well below zero yesterday there is no reason to anticipate anything approaching a repetition of the frigidity that enveloped Omaha a change was quite sufficient to go into the record as a sure enough cold wave.

At Prince Albert the thermometer registered 36 degrees below zero, an approxi- FREE. mation of the extreme cold of the previous cold snap, and at Winnipeg it was 28 below. The wave extended all over the western part of the United States, giving a temperature of 20 below at Bismarck, 16 below at Valentine and 14 below at Huron and Morehead. Even as far south as Denver it was 2 below, and it ranged from this to 2 below through Montana and Wyoming. At Omaha it was 3 at 7 o'clock, and a little later it reached the minimum of 5 below. The snowfall in Omaha was only 4-100 of an inch, but it was whirled about by the north wind until it seemed as though a couple of inches had fallen.

Educators in Session. COLUMBUS, O., Feb. 23 .- Attendance and interest continues unabated in the meetings of the various educational associations in session here. All the hotels are crowded to their capacity and the attendance from out of the state is estimated at over 10,000, while Ohio furnishes about 2,000 more. Besides the regular meetings the executive commit-

tee of the normal branch is in session, pre-

paring the report that is to be submitted at the convention in Los Angeles next June. It

ontains important recommendations. The last day's session of the Department of Superintendence of the National Educational association was opened by an address on the "Implications and Applications of the principle of Self-Activity in Education," by Prof. Arnold Tompkins of Champaign, Ill. The paper was replete with helpful suggestions, although largely of a technical nature. The next paper was "To What Extent Should High School Pupil be Allowed to Select His

JUST HAVING A GOOD TIME Farmer Reeves Gets Out and Sets a

Hot Pace for His As-

sociates. According to the report of the officer who made the arrest Newton C. Reeves, a farmer from Taylor county, Iowa, was lodged in jail Wednesday night for begging on the streets. When searched at the station the police found him to be the wealthiest "beggar" they have had anything to do

with lately. He had a deposit check for \$200 on the Page County bank of Clarinda, Ia., a \$100 note of C. A. Gilmore of Essex In., and a \$190 certificate of deposit the United States National bank of this city. The police thought the man might not be the real Reeves, so an investigation was instituted. They discovered that he had been in the city two or three days having a good time, but not too hilarious. He visited one of the variety theaters several times and on Tuesday applied to the local bank for He gave a certificate of deposit on the Clarinda bank for \$200, retaining one telegraphed to Iowa and learned that the certificate was good. Reeves left \$190 on deposit and drew \$10 Tuesday afternoon. He seems to have had a pretty good time that night, as he returned to the bank Wednesday and tried to get more money, but it was a legal holiday so he could not get in. Being in need of cash he pawned his watch for \$2.75. He must have spent this during the afternoon and evening, as he had only 15 cents on his person. Late at night he found himself without money and no place to sleep. He went into t

himself. As a result Reeves slept at the station all night. Thursday morning Sergeant Bebout took Reeves' signature and went to the local bank to have it identified, called the settlement a case of blackmail. The signature was correct, and the bank's description of the man corresponded with his appearance, so the officers released him.
In talking of the occurrence Reeves said he appreciated that he might have been ing argument for the defense. acting suspicious, but he simply wanted to borrow the money from the man until morning, when he expected to pay him back. He said he stopped in Omaha on his way

to pay for a bed and breakfast. The cook

told him to relate his troubles to a police-

man and then proceeded to tell an officer

through, as he was going to look at some land which he might purchase. Minor Police Matters. Henry and Neal May, 3832 Parker street, who run away from their home Tuesday were found at Louisville, Neb., and taken

in custody Wednesday night. The boys slept in a haystack and were found by a farmer. They will be returned to their home B. B. Griffith of Montezuma, Ia., has written the police for information concerning John Mullen, whom he heard was killed in Omaha within the last two or three weeks He says Mullen deserted a wife and two children in Monteguma four years ago. This is believed to be the John Mullen who was run down by a citizen and arrested for daylight robbery. He appears to be about 55 years of age, while Mr. Griffith says the Iowa John ought to be 45 years old.

Our Policy of Territorial Expansion. Extreme annexationists are advocating the addition of Canada to this country, and think it can be accomplished in a peaceful manner without exciting a quarrel with England. Such grave questions call for the wisest statesmanship, just as dyspepsia, constipa-tion, liver and kidney diseases and malaria, call for a thoroughly reliable remedy like Hostetter's Stomach Bitters. No experiment-ing should be done with untried medicines when an old established preparation is to be had.
