

**REORGANIZING GULF ROAD**

President Stillwell Will Announce His Plans on March 15.

WILL NOT CONSOLIDATE NORTHERN LINES

These It is Announced, Will First Be Put Into First-Class Condition Before They Are Taken In.

KANSAS CITY, March 4.—The Star says: It is reported from New York that the plan of reorganization of the Kansas City, Pittsburg & Gulf railroad will be issued by President A. E. Stillwell, who is now in that city, on March 15. It was at first proposed to take in all of the northern lines of the Gulf system, making a through line from Omaha to Port Arthur. Now it has been decided not to consolidate the northern lines, at least not at present, though these lines have been physically improved and the earning capacity considerably expanded. They will not doubt be absorbed in the main system.

LOOKING OVER NEBRASKA LANDS.

Dr. Gracieux Comes Here Ahead of a French Colony.  
Agricultural, grazing and fruit lands along the line of the Union Pacific road, as well as the various sources of mineral waters in the same territory, are being investigated by an authorized agent of the French government, and from this investigation the officials of the road expect next year a large immigration of the French peasantry into this section of the country, for the officers are satisfied the agent can make nothing but a favorable report upon the lines for which he is seeking information.

The agent of the French government is Dr. Th. Gracieux, a middle-aged man, who, from his general knowledge of affairs and of the world, has, it is widely known, traveled a great deal. He has already spent two or three months in this country, most of which was occupied in the south on a similar mission to that which brings him to the territory along the Union Pacific. He brought to this city credentialed from the general agent of the road and from the French vice consul at Kansas City. At headquarters in this city he was furnished such data as would aid him in his researches, and given such courtesies as would assist him in his travels.

Dr. Gracieux is deputized by his government to study the agricultural progress, industry and resources of Nebraska and the western states, and learn what changes are in progress for French immigrants with small means to engage in agriculture.

**Musical Beauties**

The new 1899 Krantch & Bach pianos are now showing are the most beautiful instruments ever seen in Omaha—the cases are the very latest 1899 patterns and are a marvel of beautiful elegance—we would be pleased to have you call and examine them—come if you have a piano or never expect to have one—you will enjoy looking at these—we can save you from \$50 to \$100 on a piano purchase and give you the best piano ever made.

**We're Buried Under Shoes**

All kinds of shoes at all kinds of prices—but probably the most popular woman's shoe—both in price and style—is the new this year's \$2.50 vici kid shoe—with the medium sole and rounded toe—the very same of proper shape for woman's wear—made from good pump vici kid stock—not too plump to make a good dressy shoe—yet plump enough for street wear—this shoe has the looks and wear of the regular \$4 and \$5 kind and we find it a very popular shoe with the women.

agricultural pursuits, fruit culture and stock raising. It is also to investigate the numerous mineral springs in the far west and the medicinal qualities of their waters. The results of his investigations are to be published in France in the Official Annals of the national office for foreign commerce and industry, which will be distributed among the French people, who are expected to derive benefit from the report.

Dr. Gracieux expects to spend a couple of months in the pursuit of his investigations along the Union Pacific road.

**ANOTHER TRAIN TO RUN TO OMAHA.**

Missouri Pacific Makes a Change in Its Time Card.

The proposed extension to Omaha of the Missouri Pacific's local train, which now operates between Lincoln and Nebraska City, will be put into effect with the spring change in time card, which will be issued about April 1. This train will enable passengers to leave Omaha at 8:30 a. m. and return at 7 p. m. They can reach any point between Omaha and Nebraska City, and the latter place and Lincoln, and return the same day. People along the line between Omaha and Nebraska City can come to this city in the evening, arriving here at 7 o'clock, and return at 8:30 p. m., giving them almost three hours in town.

branch of the service will be specially appreciated by those who live at or near Port Creek. The inauguration of this service will also add several families to the population of Omaha. The entire crew of the train will be in Omaha every night, instead of stopping over in Nebraska City. It is reported that the trainmen are rejoicing over the change for this reason. This will be a daily service when established.

**Enormous Traffic Anticipated.**

If the number of inquiries being made about the "homesteaders' ticket" to North Pacific points means anything there will be an enormous traffic on the trains west from Omaha next Tuesday. The chance to go to Portland, Seattle or Tacoma for \$24, first-class, or a round trip for \$52, is a glaring temptation for many people to take the trip. Every city ticket office reports numerous inquiries as to the scope of these tickets, and the privileges accorded the holders, and upon this condition railroad men predict a big exodus of Omaha people for the northwest next Tuesday. When the roads first announced the rates they did not anticipate much of an increase in travel for the excursion week because the decision came too late to permit of much advertising, but it seems the public had been anticipating the rates on the strength of rumors which had been afloat after the northern roads had taken the initiative.

**Many Bidders Are Coming.**

Anticipation is that there will be a good attendance at the sale of the Union Pacific lands in this city Monday. Mr. McAllister, chief agent of the road, says he has received assurances from a number that they

**SOUTH OMAHA NEWS.**

Four republican city council members met last night to prepare plans for the spring campaign. It was decided to hold the primaries on March 17 and the convention on the day following. Four members of the city council and three members of the Board of Education are to be nominated at this convention. The councilmen will be elected by wards this year, while the members of the Board of Education will be chosen in the usual manner.

The republican city council members of the board this spring it will give the party control and leave the democrats in the minority. An effort will be made by the republicans to nominate men who are known to be competent to hold positions on the board with the expectation that the citizens and those who have children attending the schools will endorse them. Both republicans and democrats assert that candidates are very slow this year, much more so than usual. It is expected that during the coming week those looking for official positions will make their wants known and publish their announcements in the different papers. Three republicans and one democrat are to retire from the city council, but it is confidently expected that all of the three republicans whose terms expire will be re-elected without much opposition. As for the democrats, the republicans in the central office hope to elect a representative of their party in his place.

**Freight Agent for Lackawanna.**  
NEW YORK, March 4.—It is reported on good authority that Fred Eyer's resignation of the West Shore railroad, has been appointed freight agent of the Delaware, Lackawanna & Western.

**LOCAL BREVITIES.**

John Peterson of Plattsmouth has filed a bankruptcy petition in United States court.  
Dr. E. A. Stone of Chicago will preach at Immanuel Baptist church, Twenty-fourth and Hixney streets, this morning at 10:45 o'clock.  
The two children of Mrs. Cameron, who were burned Tuesday night are recovering rapidly and no fears are entertained of their recovery.  
Major John B. Furray, who has been confined to his room with a complication of grip and other troubles, is rapidly improving and will soon be able to leave his room.  
Sparks from a chimney set fire to the roof of William Jackson's dwelling, 314 North Thirtieth street, Saturday morning at 9:30. About \$1,000 damage was done to the property.  
The roof of a dwelling occupied by Mrs. H. A. Mossett, 212 North Twelfth street, caught fire from sparks which landed upon it. It will cost \$2 to repair the damage.  
Ian MacLaren, author of "Beside the Bonnie Briar Bush," "Auld Lang Syne," etc., has been looked for here the latter part of March to give readings from his work.  
Deputy United States Marshals, Pearsall and Allan have gone to Sioux Falls with John Brown and Fritz Gougar, who have been convicted of counterfeiting in United States court.  
The Mary Martin referred to in connection with the theft of \$20 from the home of G. Lane, 506 Sherman street, on February 25, is not the Mary Martin who resides at Eleventh and Nicholas streets.  
Mrs. J. J. Cobry, 214 North Seventeenth street, has been out for the last two weeks with an attack of grip. She is much improved, however, and her condition is regarded as being quite normal.  
The elevators in the postoffice building are still out of service on account of delay in the arrival of the gratings which protect the shafts. The gratings are expected and the lifts will be working some time this week.  
Burglars entered the house of Mrs. Hamilton, 312 Leet, this evening, and stole a window blind in the kitchen. They went through the lower part of the house, but were frightened away before they had gotten anything.  
The next regular meeting of the Omaha Mothers' club will be held Tuesday at 2727 Harney street. It will be a "Foolish" affair, the object being to help out a needy acquaintance with songs and stories of the Barton kindergarten.

**PLAN FOR AN AUDITORIUM**

Company Organized and Meeting Called to Complete the Details.

There is to be a new auditorium in town and if the schemes of the men who have organized for that purpose develop as they expect they will have no reason to be ashamed of the coming edition. A meeting was held in the Commercial club on Saturday for the purpose of forming a society with this object in view and under the name of the Auditorium Building society an association was formed and the following officers elected: President, C. F. Walker, vice-president, C. H. Pierson, treasurer, F. H. Davis, secretary, W. M. Rodgers.

The plan is to capitalize in the sum of \$250,000, in shares at \$1 each. The building is to occupy half a square and though the site is not yet definitely fixed the favored locality has for its boundaries Twelfth and Twentieth and Dodge and Howard streets. The building is to consist of a huge auditorium, with offices and lodge rooms above, while the ground floor will be made up of stores, etc.

A meeting will be held on Monday night at the Commercial club for the purpose of arranging by-laws and general settlement of details.

**TRIES TO END HIS OWN LIFE**

Emil Cholman Attempts Suicide in the City Hall, but is Saved by the Turnkey.

The attempt of a dependent prisoner in the city jail to commit suicide last night was frustrated by the watchfulness of Turnkey Riegleman.  
Emil L. Cholman is the man who tried to end his life. From the time he was confined in the cell shortly after 10 o'clock until after midnight Cholman threatened continually to kill himself. Because he became quiet suddenly the suspicions of the turnkey were aroused and the latter walked down the corridor to the cell, found Cholman lying on the floor with a handkerchief knotted tightly around his neck and chained to a steel bar of the cell. The man was rapidly choking to death when the turnkey released him.

Cholman, in company with a woman giving the name of Mary Anderson, was arrested near Fifteenth and Dodge streets on the charge of disorderly conduct. He is a brother of George M. Cholman, who stabbed and killed J. H. Jones, the bartender of a saloon at Thirtieth and Webster streets, last September.

For frost bites, burns, indolent sores, eczema, skin disease, and especially Piles, Dr. Witt's Witch Hazel Salve stands first and best. Look out for dishonest people who try to imitate and counterfeits. It's their endorsement of a good article.

**BOSTON CAPITAL INTERESTED**

Prospects of Another Beet Sugar Factory Being Located in Nebraska.

There is a prospect of another beet sugar factory being located in Nebraska and in operation in time to handle the crop of beets. Charles G. Steele, representing a number of Boston capitalists, is in the city, and will spend some time in this vicinity for the purpose of seeing what can be done in this direction.  
Although Mr. Steele has not canvassed the situation very thoroughly, he reports that farmers and others are taking a great deal of interest in the project, and that the prospects are very favorable for the location and erection of a factory.

What your kidneys need is a gentle, healing tonic influence that will soothe their irritability and gently regulate them.  
The only thing that will do this is Dr. Kilmer's Swamp Root, the Ideal Kidney Restorative.  
It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in the disorder of these useful organs.

What more natural? The kidneys filter and purify the blood.

When they don't your whole body must suffer.  
If you are sick, doctor your kidneys, because as soon as they are well they will help all the other organs to health.

The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold by druggists in fifty-cent and one-dollar bottles. Make a note of the name, SWAMP-ROOT, Dr. Kilmer's Swamp-Root.

You may have a sample bottle of this famous, potent, by which you may test its virtues for such disorders as kidney, bladder and uric acid miasm kidney trouble sent free by diseases, and urinary troubles, obliged to pass water frequently night and day, smarting or irritation in passing, brick-dust or sediment in the urine, constant headache, backache, lame back, dizziness, sleeplessness, indigestion, nervousness, skin trouble, anemia, Bright's disease, neuralgia, rheumatism, blotching, irritability, worn-out feeling, lack of ambition, loss of flesh, sallow complexion.  
If your water, when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.  
Swamp-Root has been tested in so many ways in hospital work, in private practice, among the helpless too poor to purchase relief, and has proved so successful in every case, that a special arrangement has been made by which all readers of The Bee who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling more about Swamp-Root and containing some of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact, their very lives, to the wonderful curative properties of Swamp-Root. Be sure and mention The Omaha Sunday Bee when sending your address to Dr. Kilmer & Co., Birmingham, N. Y.

**HIS SCHEME WORKS WELL**

Campbell Has a Good Thing, but it Finally Lands Him in Jail.

Stanley V. Campbell, who claims Milford as his home, was arrested yesterday by Detective Savage and charged with obtaining money under false pretenses. Campbell's scheme is unique and has the earmarks of originality that cause one to wonder at the credulity of mankind when he went out circularly asking for men whom he could employ in his business, as he claimed to represent the Globe Mercantile Tailoring company of Chicago. He exhibited a contract signed by G. W. Stanton, president and J. J. Barker, vice president, which stated that he was under contract at \$100 per month to represent them. He had an office in the Karbach block, occupying room 505. E. J. E. Martin worked for him as clerk. When he secured the police, Campbell informed him that he would require a \$1,500 bond, for which he must advance \$150. If the application was accepted by the surety company, he would give Martin the position. He sent out a lot of circulars asking for men to represent him and when they applied he insisted upon a \$10 deposit for the bond, if he could get it, and if not, he was satisfied with \$5. Pending his arrest he had secured \$100,000 worth of bonds.
