REMOVE POPULIST REGENTS

Governor Stanley of Kansas Punctures a Little Conspiracy. PAYS LIMBECKER OUT OF COLLEGE FUNDS.

Money Had Been Appropriated for Other Purposes of Agricultural University—Students Taught Populist Doctrine.

KANSAS CITY, March 29.—A special to the Journal from Manhattan, Kan., says: Governor Stanley today removed from office C. B. Hoffman of Enterprise and J. N. Limbecker of Manhattan, members of the Board of Regents of the Kansas State Agricultural university here, on the charge that the conspiracy to pay Limbecker an unusually large salary out of college funds appropriated for other purposes.

Hoffman and Limbecker are populists. This will make it possible for the republicans to control the board and entirely reorganize the college staff.

It has been frequently charged by republicans that the populists in charge of the college inculcated their political doctrines into the minds of the students. Two populist educators, one imported from Chicago and the other from Boston, will, it is said, be replaced by republicans at an early date.

ELIMINATES THE NEGRO VOTE

Alabama Democrats Adopt a New Constitution to Be Submitted for Ratification at the Polls.

MONTGOMERY, Ala., March 29.—The democrats of Alabama met here today to name delegates from the state at large to the constitutional convention to be held next August. The action late last night in refusing to the populists the number of delegates proportionate to the number of state senators—even gave the democrats a clear field. Their plan is to submit the constitution which they have prepared to the people for ratification.

The republican opposition is not very strong, and although they have decided to formulate an address at the meeting here Saturday, the democrats claim it can have no effect. The illiterate white farmers are to be provided for by an amendment providing that where one cannot read nor write he shall be allowed to vote if he pays taxes on as much as \$500 worth of property.

This would give practically every white man the right to vote and eliminate only the illiterate negro of the farming belt.

The following resolutions were adopted: First: That we favor the holding of a constitutional convention for the purpose of so regulating the right to vote as to perpetuate the rule of the white man in Alabama.

Second: That the constitutional convention shall regulate all questions of suffrage so as not to conflict with the constitution of the United States and for the best interests of the people and the taxpayers of Alabama.

Third: That there shall be inserted in such constitution a provision limiting the rate of taxation by the state, counties and municipalities, and that such rates of taxation shall not exceed the rate now fixed by the present constitution, but a lower rate if practicable.

Fourth: That the proposed new constitution shall be submitted to a vote of the people at its adoption or rejection.

Fifth: That we pledge our faith to the people of Alabama to do our utmost while in the exercise of the right to vote, except for conviction of infamous crime.

Sixth: That section 38, of article IV, of the present constitution, in reference to the removal and location of the state capital, shall remain unchanged.

Seventh: That the provisions and restrictions in the present constitution relating to corporations shall remain unchanged.

Eighth: That we hereby instruct all democratic members of the constitutional convention faithfully to carry out the above pledges.

Thirty-three delegates from the state at large, one for each senatorial district, were nominated. Ex-Congressman Joseph J. Clark presided temporarily and State Senator Jelks was permanent chairman.

PLAIN TALK TO LEGISLATORS

Three Delaware Members Are Asked to Resign for Alleged Acceptance of Bribes.

DOVER, Del., March 29.—The democratic state central committee met here today and unanimously adopted a set of resolutions denouncing Senator E. King and James B. Clark for voting for J. Edward Addicks for United States senator at the recent session of the Delaware legislature and calling upon them to resign their office as state senator and representatives respectively.

The resolutions stated that members of the legislature betrayed the trust confided in them and that they are no longer worthy to be considered members of the democratic party, or of the respect of their fellow citizens.

The resolutions further state that "it is the general opinion that Farlow, King and Clark were corrupted by the bribe offered by J. Edward Addicks," and that the support of the organization individually and financially is tendered to the state authorities to assist in ferreting out all frauds or bribery in connection with the last session of the legislature.

MCARRALL JOB IS STILL AIRING

More Allegations of Offers of Big Bribes for Votes. HARRISBURG, Pa., March 29.—The bribery investigation committee today resumed its inquiry into the charges of alleged bribery in connection with the United States senatorship and the consideration of the McCarrall jury bill in the house.

Representative O'Brien of Schuylkill testified that immediately after the house adjourned to prevent a reconsideration of the McCarrall bill he was called by Representative Christie of Northumberland that there was lots of money in the house that day and that there was \$1,000 for some one. This is the day Mr. Christie is alleged to have received an offer of \$1,000 to vote to reconsider the bill. Twenty-five additional members were called and answered the list of formal questions in the negative.

Representative Norton, anti-Quay republican of Wayne county, testified that on the morning of February 8 he was called by Robert Evans of Philadelphia if he could see him at his room. The witness said he went and Evans said there was \$5,000 in it if he would vote for the McCarrall bill.

Representative Engler, democrat, told him that Michael J. Costello of Philadelphia called at his home and offered him \$500 to support the McCarrall bill.

Representative Hargrave, anti-Quay republican, stated that he understood he might have been appointed on the appropriations committee if he would have voted for Quay. He said a certain official suggested this to him before he came to Harrisburg to take his seat, but no direct offer was made.

CALL FOR BRIBERY INVESTIGATION

Sensational Turn of Events in New York State Assembly. ALBANY, N. Y., March 29.—One of the most dramatic scenes enacted in the assembly this year was brought about today, when the citizens committee unexpectedly refused to register calling for the appointment by the speaker of an investigating committee of seven to inquire into reports that a fund had been raised by assessment among the members of the New York City police force to defeat by bribery the passage of the pending police bills, the chief among which providing for a single headed commission to be appointed by the mayor and subject to removal by the governor.

The democratic members denounced the attempt to force the resolution as a violation of the rights of the minority.

The speaker ruled against the democratic leader and a scene of disorder and confusion ensued.

SAILORS GET BROKEN HEADS

Another All Round Fight Takes Place Between Crews on Shore Leave in Jamaica.

KINGSTON, Jamaica, March 29.—Another riot among sailors of the United States fleet ashore on leave occurred here last night at the end of the shore leave. A number of water police and civilians, resulting in the combatants receiving plenty of contusions. The most seriously injured were William Lynch of the Brooklyn and Edward Barry of the Texas, who were removed to hospital, the former suffering from a fractured skull and the latter from a slashed face.

Lynch and the two sailors of the Texas, Green and Armstrong, who were injured during the rioting Monday night, are being treated in hospital.

PEACE CRUSADERS AT WORK

Practical Proposals for Disarmament May Be Heartily Seconded.

LONDON, March 29.—A deputation representing the peace crusaders, including the bishops of London and Rochester, William T. Stead and a number of members of Parliament, waited on A. J. Balfour, the acting minister of foreign affairs, today and urged that her majesty's government should be prepared to support practical proposals in the direction of disarmament and arbitration.

In reply Mr. Balfour promised the most hearty sympathy with the wishes of the deputation. Personally, he added, he took a sanguine view of the possibility of the diminution of war, and he thought there were few things he regretted more than the fact that the scheme for general arbitration between Great Britain and the United States had fallen through, although he was well convinced that with two such communities having so much in common the scheme, though deferred, was not defeated and that general arbitration would be eventually adopted between them even if it was not generally adopted throughout the world.
