and as there were only three or four full loads in the yards, the trade soon came to an end for the want of more cattle to sell. The country demand at the present time is of very little account, owing to the very unpleasant and unseasonable weather, but as there are so few cattle coming the market keeps right up and is as high as ever. 1. 710 3 75 1. 820 4 45 26 708 4 so HOGS—The market opened 2½c lower this morning and closed 5c lower. The demand was good and packers wanted the hors, but the market was lower on account of the reported decline at other selling points. The hogs sold very largely at \$3.7½.53.50 while yesterday the bulk went at \$3.62½@ 255. Considering that the market was lower the trade was not in such bad shape after all and everything was disposed of in reasonable season.

Today's decline wiped out the advance of yesterday leaving the market just about where it was on Wednesday and Monday. It will be noted from the table of average prices at head of column that the market so far this week has averaged higher than last week and as high as any time this month. Representative soles:

SHEEP—Today's receipts were rather light, while the demand was good, the result being that everything in sight was disposed of in a very short time and at prices that were entirely satisfactory.

The sheep market could be quoted as active and steady and the lamb market as a little stronger, some would say 5%10c ligher, and at the same time active. Some western lambs sold at \$5.75, the highest price paid so far for westerns.

As compared with Chicago the lamb market here is very high and the lambs sold here today would have brought little if any, more in Chicago. This is a point for sheepmen to consider.

Prominent Omaha People

A Wonderful Cure of Editor of the

WEEKLY WORLD - HERALD. He writes: "For several years I was troubled with indigestion so severe as to make it impossible to take more than two meals a day without suffering. I grew worse gradually until July, 1896, I was suddenly attacked with increased pain and soreness over the pit of my stomach and sharp pains in my right side, which rapidly increased until I could scarcely get my breath. A physician was called for immediate relief and hypodermic injections of morphine were resorted to for relief. I was able to be out in about a week, but had a second attack the following August, more intense than before.

I was reduced from 156 to 134 pounds in nine days and left wholly unable to take any nourishment. I lived on lime water and a very little milk for several days after. For one year I carried morphine pellets in my pockets, ready for an emergency. All this time my stomach was sore and very sensitive. I discovered that what would agree with my stomach this week would probably not next week, and that I was getting nearer and nearer to a final collapse. I consulted three of the best physicians in the state and two agreed fully as to my ailment, but falled to give me relief. Having utterly failed to obtain relief, I finally made arrangements to go to Chicago to be treated, when my little boy chanced to get a sample package of Dr. Kay's Renovator, which he brought to me.

I was induced to try it, not having the least faith in its virtues, I thought the sample relieved me and I purchased a 25cent box. Before it was all used I had so improved that I was taking three meals a day, which I had not done for years. I then used one package of the large Dr. Kay's Renovator and one more of the small size. It is eight months since I commenced using Dr. Kay's Renovator, and I now have no symptoms whatever of my old trouble. I have recommended it to many of my ands for stomach trouble, and I think GEO. "To Whom This Comes, Greeting:

We take pleasure in commending the virtues of the remedies prepared by the Dr. B. J. Kay Medical Co. Having known of some remarkable cures of Omaha people effected by the use of Dr. Kay's Renovator and Dr. Kay's Lung Balm, we believe that these great remedies are worthy of the confidence of the public." Signed by the following:

Hon. W. A. Paxton, Omaha, Neb., President Union Stock Yards Co., and extensively engaged in various large enterprises. He is, no doubt, more widely known than any other citizen of the state.

Hon. A. U. Wyman, Omaha, Neb., Ex-Treasurer of the United States. Now President of the Omaha Loan and Trust Co., the largest and most prominent negotiators of western farm and city loans.

Hon, Geo. P. Bemis, Omaha, Neb., Ex-Mayor of the city of Omaha. He has long been interested in real estate and has been prominently identified in the progress and growth of the city. He is now doing a large loan and real estate business.

Erastus A. Benson, Omaha, Neb., Pres. of the Omaha Real Estate Exchange; one of the largest owners of real estate in the city.

Hon. A. S. Churchill, Omaha, Neb., Ex-Attorney General of Nebraska, One of Nebraska's prominent lawyers.

Hon. W. J. Connell, Omaha, Neb., Ex-Congressman, and at present City Attorney of Omaha. John McDonald, Omaha, Neb., Sheriff.

George Heimrod, Omaha, Neb., Treasurer of Douglas county.

John Westberg, Omaha, Neb., City Comptroller. Beecher Higby, Omaha, Neb., City Clerk. A. G. Edwards, Omaha, Neb., City Treasurer. Hon. C. J. Smythe, Omaha, Neb., Attorney General of Nebraska.

Rev. Chas. W. Savidge

the famous preacher, also author of "Shots From the Pulpit," "Arrows" and "The Way Made Plain," and founder of the People's Church, Omaha, Neb., writes:

"I take great pleasure in commending Dr. B. J. Kendall and his work. Dr. B. J. K-is well known in this and many other states in the union. I believe him to be an honest and honorable man, one thoroughly worthy of the confidence of the people. Those sending money to the Dr. B. J. Kay Medical Co. may rest assured that they will receive the medicine ordered. He is a professed christian, and I believe a true one. He has been justly noted for his philanthropic and christian work. His gifts at different times through life have been almost princely. I have good reason to believe that the medicines which he makes and sells are valuable to those who need them, as I have seen them used with excellent results. Mr. Geo. W. Hervey, editor of the Omaha Weekly World-Herald, and quite a number of other Omaha people have been cured by these great remedies.

I write this testimonial because I actually believe it is deserved."

CHARLES W. SAVIDGE. Pastor People's Church, Omaha, Neb.

N. J. Smith,

founder of the Omaha Rescue Home, noted philanthropist and worker among the poor, had suffered for years with an advanced case of lung trouble. He writes: "I have been troubled for several years with a bad cough. I had lung chills and slight hemorrhage of the lungs and was threatened with consumption. My mother and two sisters having died with consumption, I expected the same fate, but I tried Dr. Kay's Lung Balm and two 25-cent boxes entirely cured me of my cough and soreness of lungs. That tired, sleepy and drowsy feeling is gone and my appetite is good. I feel well and full of life. I can work night and day and not feel tired. Praise the Lord for the help it has given me. I write this hoping if any read it who are similarly afflicted and have been unable to get relief from any other source, that they will try this excellent remedy, which I believe to be the best cough remedy of which I have any knowledge. I would add that it has completely cured me of catarrh of long standing."

Be Only Temporary. NEW YORK, March 31.—Expectations of a more favorable condition of the market cent this week, while much of the borrowing of money at the stock exchange has been at 5 to 6 per cent. These tendencies, however, have been no obstacle to the development of a strongly bullish speculation in stocks, with advances in different parts of the list carrying prices in some instances to the highest levels yet reached.

The leaders in this movement were the Vanderbill stocks, together with arrisin specialties and industrials though other por-

to the highest levels yet reached.

The leaders in this movement were the Vanderbilt stocks, together with crisin specialities and industrials, though other portions of the market were more or less favorably affected. Signs of active manipulation by large interests were abundant, but the fact that the market were more or less favorably affected. Signs of active manipulation by large interests were abundant, but the fact that the market but taken an upward cause and that l'aders of Wall street were quoted as saying that fears about tight money were needless had a good effect on the speculative public. Europeans were large oblyers and the daily volume of transactions, swell in as it was, by the increased public participation, was considerably over 1,000,000 share on Monday and the two succeeding days. This evidently involved the transfer of large holdings of stocks into the hands of marginal speculators and prepared the market for a reaction. Money naturally became harder as the end of the month drew near, and the fact that the stock exchanges are closed on Fridny created a disposition to wait. On Thursday money rose to 32 per cent, while the news of the troubles at Samon caused some temporary f ar of international complications. The result was a decline, which in some stocks almost took the form of breaks, though before the day ended the leading manipulative stocks were railied sharply and the close was generally steady, at a recovery.

London has shown a disposition to purchase the Vanderbilt stock and other specialities, but has not been a mominent factor in the sneedlattion here. Our market has disregarded the decided advance in foreign exchange rates, and preparations are making for the r mittaine of the \$20.00,000 which the United States is to pay Spain for the surrender of the Philippines. As for the money market, the prevalent impression in Wall Street has been that firmer interest rates are temporary and next week will be marked by the return to New York of the funds which an the completion of the April

there. Among the incidents which contrib-uted to increase the bullish feeling was the fact that the February revenue statements of a number of important rallways, while exhibiting decreases in net earnings, fall to show such heavy losses as have been ex-pected, and on which more or less bearish-ness, principally in connection with the granger stocks, had been based during the preceding fortnight.

the Market.

BOSTON, March 31.—The Commercial Bulletin will say tomorrow of the wool market; The steadily improving tone of the market is evidenced by the increasing sales. The big increase of stock on hand still hangs over the market and is only dispelled by the increase in sales and decreas in receipts to date from 18%, More Australian has been exported this week, and the trust mills have been buying fleces and territory. The fact that warehousemen are soliciting dence the big stock of 1857 wool stored by mills has at last been consumed. The sales of the week are 3.033.000 pounds domestic and 880.000 pounds foreign, a Total of 3.213.000 pounds against 2.309.000 pounds last week and 833.000 pounds for the same week last year. Sales to date show an increase of 6.188.100 pounds domestic and a decrease of 8.202.700 pounds foreign from the sales to the date in 1898. The receipts to date show an increase of 17.168 bales of domestic and a decrease of 16.667 bales foreign.
