DAVENPORT, la., April 19.—Tommy Byan and Billy Stift met at Leonard's club tonight for a twenty-round go, Ryan getting the decision.

The only betting was on a 4 to 3 proposition that Stift would not last the twenty rounds. Ryan did most of the leading in the first two rounds, starting Stift's eye to bleeding in the second, Stift landed some good ones in the next few rounds but Ryan worried him by keeping after the injured eye. In the eighth Ryan sent Stift to the floor with a right.

Stift lost blood freely and showed signs of weakening in the ninth and tenth. The succeeding rounds, up to the sixteenth, were tame, Stift keeping away from Ryan's leads, while the crowd yelled for more interesting work. In the sixteenth round Ryan knocked Stift down again and Billy staved the limit. In the next round Stift form the force of sea of his same

INSULAR COMMISSION'S WORK

To Recommend Immediate Introduction of

Our Laws for Porto Ricans.

Sensitive Islanders Make it Clear that They Do Not Want at Once a Reign of Carpet-

Bagging Politicians.

RADICAL PLAN MAKES PEOPLE SULLEN

Correspondence of the Associated Press. SAN JUAN DE PORTO RICO, April 12 .- A few days after the arrival in San Juan of the Insular commission appointed by the president to assist him in colonial matters it opened an office for public hearings. Gov ernor General Henry extended to it every possible facility for its investigations. After two or three weeks at the capital it went to several cities on the north and west side of the island and two members subsequently

made a hurried trip to the east coast. It has been learned through reliable sources that these gentlemen are to report in favor of an immediate introduction of American laws and customs. The Porto Ricans welcomed the Americans, but the foisting upon them of this radical plan will make them a "sullen people" indeed. The policy of General Henry has been to introduce American methods and principles into the island as fast as circumstances would permit. His idea is to colonize gradually, not to Americanize at once, in the hope that before many years the Porto Ricans, who study of natural philosophy, chemistry, are extremely sensitive and jealous of their prerogatives, will be in possession of a territorial form of government.

WINE OF CARDUIX

Something Unusual.

HERCULES, Mo., Jan 28. I have been afflicted for years with female trouble and a pain in my left side. Our home doctors could not help me, so I went to Springfield for treatment. The physician said I had enlargement and ulceration of the womb. Igot so weak and poorly the doctor told me I had better He advised me to get some Wine of Cardui to take at home. I bought two bottles, and am surprised at the result. It helped me more than anything I ever took and I am up doing LAURA CLIMER.

Wine f Cardui

You don't often find physicians recommending what are called "patent medicines". Thousands of them however are frank enough to admit that Wine of Cardui will cure "female diseases". If this great medicine does not cure, nothing will. The case of Laura Climer is simply one of thousands where Wine of Cardui has restored women to health after the best physicians had given them up as beyond the aid of human help. The wine is unequaled for all the peculiar troubles and sicknesses of women-for the girl just entering womanhood-for reducing the pains of childbirth and assisting in quick recovery
