Steel Works of Country Perfecting a Gigantic Corporation.

CAPITAL STOCK EIGHT HUNDRED MILLION

Present Trusts All to Be Combined in One and Buy Up All of the Big Plants-Largest Corporation in the World.

NEW YORK, May 2 .-- The Times says: The rumors of an immense combination of steel interests are practically confirmed by John W. Gates, president of the American Steel and Wire company, who returned from a European trip on Saturday. The combination, unless the present plans of the practically all the big concerns of the country and will have a capitalization of between \$790,000,000 and \$800,000,000. The proposed combination is yet far from complete in point of detail, but the presence in this city of the representatives of the greatest steel interests of the United States led Mr. Gates to say that in all probability the next few days will see it whipped into tangible shape.

'As I have just returned from abroad,' Mr. Gates explained, "I cannot go into details in this matter, but it is pretty safe to say that the combination will go through and that its capital will be nearly \$800,000,000. About all the big companies may come in, the principal ones of which will be the Carnegie company, the National Steel comcompany."

Mr. Gates was asked if the Federal Steel company would be included. "I am not prepared to say as to that," was the reply "I am going to have a talk with Mr. Gary tomorrow and with Mr. Frick and others who are in the city. I see that Colonel French of the Sylvan Steel company of Illinois is here and also Myron Wick of Youngstown and P. L. Kimball of Sharon, Pa. As a matter of fact, the town is full of iron and steel men and it is very likely that you will hear of something important

being done within the next few days." As an evidence of the rise in prices consequent upon the rush of business, Gates told of an order placed here by the Russian government last October for 90,000 tons of steel rails. It was agreed that the price should be \$16 or \$16.50, but the steel should not contain more than one-tenth of 1 per cent of arsenic. The company rejected the proposals, and after vainly trying in the markets of Europe at an advanced price, the order was again offered to the American concern with the objectionable clause eliminated, but was refused at an advance of \$11.

"Now the Russian government," said Mr. \$5,000,000 or over. Gates, "is between the devil and the iron works. It wants the rails for the trans Siberian road and cannot get them, in Europe or America, without waiting

PITTSBURG, Pa., May 2.-Nothing can be obtained in this city, confirmatory or otherwise, of the gigantic steel combine which was announced from New York today. The Carnegies make it a rule to refrain from commenting on such reports and will make no explanation in this instance.

Other Combines. NEW YORK, May 2 .- At a meeting of representatives of the large cement companies of the United States, held today in this city, negotiations were undertaken whereby a combination is likely to be effected within a few days.

NEW YORK, May 2 .- There will be a meeting of the various interests identified with the newly incorporated Republic Iron and Steel company in this city tomorrow

LED INTO IT By Following the Habit of Friends.

As I took my coffee in very moderate quantities I really did not believe what my friends frequently told me, that coffee wa the cause of the gas on my stomach, which has troubled me for, oh, perhaps forty years.

taste, but without any appreciable benefit.

All of my friends have known of my trouble, as it has been of such long dura-Some time ago I was called to nurse a sick friend, who had Postum Food Coffee in the pantry and used it in place of coffee, praising it very highly. For about a week used it as they did, as my only beverage, and the second day I noticed a change to my condition, and from that time on I never had one attack of the belching of gas. The friends exclaimed, "Why, where has your trouble gone?" and every one in the house knew that I had been entirely cured by leaving off coffee and taking Postum Cereal instead. You can depend upon it that never since that time has coffee passed my lips, and never will while I can get the food drink, Postum. My stomach has grown so strong since that time that I can eat anything I like and now take great pleasure in my meals and in life alto know have been greatly helped by leaving off the use of ordinary coffee and using Postum Food Coffee in its place. Some of these made very poor Postum on the start, as they only boiled it a few minutes, but it is generally known now about here that the only way to get the flavor is to boil it long enough. L. M. Graham, 729 8th St., Oakland, Cal.

BIGGEST COMBINE OF ALL | when the organization of the company will probably be perfected and officers elected probably be perfected and officers elected. It is understood that negotiations are now pending for the acquirement of several large rolling mills in various parts of the country, as well as for several large iron

ore mills in the Lake Superior region. NEW YORK, May 2.-Formal announcement of the organization of the American Hide and Leather company was made today. The company will soon be incorporated with a capital of \$70,000,000, of which \$30,000,000 will be 7 per cent cumulative preferred stock and \$40,000,000 common stock.

TRUSTS MAY NOT MASQUERADE

Form of Corporation Must Not Be Used as Cloak to Evade the Missouri Law.

ST. LOUIS, Mo., May 2.-In the United States court of appeals today, with Judges Bland, Biggs and Bond on the bench, a unanimous decision was made in an appealed case to the effect that a trust cannot cloak its objects under the form of a corporation and evade the penalties provided for violations of the Missouri antitrust laws of 1891. Under this decision accounts with trusts operating as corporations in Missouri are not collectible.

Judge Bond, who wrote the decision, says "A combination which is filegal under the anti-trust law cannot be operated under the cloak of a corporation by its constituent members of governing bodies."

HITS LEAD TRUST A BODY BLOW

Cannot Force the Collection of a Rit in the State of Missouri-Anti-Trust Law Valid.

ST. LOUIS, May 2 .- In the circuit court of appeals a decision was today rendered am now a little over sixty years old, finding that the National Lead company is and I know that this gas trouble came on a trust and that a combination which is about the time I was twenty, and has been illegal under the Missouri anti-trust law from fraudwith me ever since. I have denied myself cannot be operated under the cleak of a coralmost every kind of food pleasant to my poration by its constituent members or governing bodies. The National Lead company had sued a debtor for \$1,700 and had secured a verdier. The defendant made the argument that the National Lead company is a trust and that under the provisions of the anti-trust law of 1891 defendant was not obliged to pay debts due a trust. C. C.
